School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 aims to increase student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven actions under this goal. **A careful review of each action reveals no substantive differences to report.** Below is a summary of these actions:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments, and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan for all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff used key platforms, including School Pathways and Naviance, to monitor student progress towards individual academic goals and plan for postsecondary pathways. Counselors actively participated in the school's MTSS to support students' unique needs and advised students and parents on viable graduation pathways. Teachers provided live academic instruction focused on enhancing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities primarily for unduplicated pupils, including instructional support staff and an ongoing partnership with a non-profit tutoring organization. Counselors, Equity and Inclusion staff, and Homeless and Foster Youth Liaison provided support and coordinated services to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services for qualifying students as outlined in their IEP.
- **Action 6:** Conducted systematic monitoring of student engagement and achievement using key Data Integration System platforms, including Naviance, NWEA, Illuminate, and Achieve3000. Published and updated local monitoring tools and instruments to allow timely monitoring of key performance indicators by staff.
- **Action 7:** Utilized Ellevation for English Learner monitoring and instructional planning throughout the year. Data and Assessment Department staff provided ongoing, timely Monthly Storybooks summarizing unduplicated pupils' progress and achievement on key indicators to inform staff decision-making regarding existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

Action 2

Budgeted Expenditure: 342,797

Estimated Actuals: \$291,419

Material Difference Decrease \$51,378

Explanation: Action 2 decreased in the amount of \$51,378 due to Certificated Teacher Resource positions were not filled as anticipated in the original budget due to shortage in the labor market.

Action 3

Budgeted Expenditure: 1,685,398

Estimated Actuals: \$1,422,484

Material Difference Decrease \$262,914

Explanation: Action 3 decreased in the amount of \$262,914 due to budgeted Learning Associates positions were not filled as anticipated in the original budget due to shortage in the labor market.

Action 4

Budgeted Expenditure: 415,743

Estimated Actuals: \$271,777

Material Difference Decrease \$143,966

Explanation: Action 4 decreased in the amount of \$143,966 due to budgeted Resource Center Associates positions were not filled as anticipated due to shortage in the labor market.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school is confident that **all actions** taken under Goal 1 are **effective** and contribute to successful student outcomes, which are appropriate for a school identified as DASS. The school successfully met, or is on track to meet, the desired outcomes for the end of the three-year LCAP cycle, as outlined below:

- Teachers appropriately assigned and credentialed
- One-Year DASS Graduation Rate
- Combined Four- and Five-Year Graduation Rate
- Chronic Absenteeism
- English Learner Progress Indicator
- English Learner Reclassification Rate
- NWEA Spring Growth: Reading, Language and Mathematics

- California Science Test
- Student Attendance/Participation
- Middle and High School Dropout Rate
- Student Confidence

Despite the challenges faced in ELA and Math SBA achievement for the 2022-23 school year, our instructional staff remains dedicated to continuous improvement. Our educational partners are confident that by maintaining a multi-faceted approach—emphasizing high-quality instruction, rigorous curriculum, professional development, and thorough data analysis—we can achieve significant progress in these areas.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to a Very Low Performance Status on the Combined Four- and Five-Year Graduation Rate, the school has adjusted Goal 1 Action 4 to prioritize enhancing this critical academic engagement indicator. Our commitment is to improve the Graduation Rate for all students, with a special focus on Student Groups currently performing at a Very Low level.

The school have also included a new metric for SY 2024-24: Teachers Appropriately Assigned and Credentialed. This is Metric 1.2, and it includes the Full-Time Equivalent (FTE) and Clear status as reported by DataQuest and available on the School Dashboard.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2024-25:

- Action 1d: Utilization of the California Educators Reporting System (CERS) to assess student academic progress.
- Action 2g: Implementation of Summit K12 for an enhanced Designated ELD Program.
- Action 2h: Greater emphasis on systematic and efficient usage of English Learner program data platforms.
- Action 2i: Prioritize multilingual’s native language literacy to provide equitable access to the education program.
- Action 5b: Improved collaboration between general and special education staff regarding student needs, accommodations, and modifications.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 focuses on providing a comprehensive, rigorous, and accessible course of study to **all students**, preparing them for college and career pathways. There are three actions included in Goal 2. After reviewing each action, the school concluded that there are **no substantive differences** to report. Below is a summary of these actions:

- **Action 1:** The school's curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC updated and aligned the school's online curriculum to the Smarter Balanced ELA and Mathematics Assessments Blueprint. Additionally, APAC adjusted both online and textbook curricula based on feedback from teachers and students. There was a commitment to refining curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advanced curriculum offerings and offered AP Exams at school sites.
- **Action 2:** The school successfully provided all students in need of home technology with a school-issued Chromebook and internet connectivity. In addition, the school's ELD program is fully implemented and sustained. Historically underserved student groups continue to have access to a rigorous course of study, including Honors and AP courses, and specialized instructional materials and coursework to rapidly build foundational skills, literacy, and recover failing credits needed for grade-level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.
- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college and career aspects, including meeting the College Career Indicator (CCI) Prepared Criteria, applying for financial aid, earning early college credit, CTE, the Early Assessment Program (EAP), AP exam registration, and work experience education. The school organized a College and Career Week, featuring guest speakers from various career fields and colleges, to increase awareness of requirements, timelines, and processes. There were eleven fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

Action 1

Budgeted Expenditure: \$651,879

Estimated Actuals: \$387,325

Material Difference Decrease \$262,554

Explanation: Action 1 decreased in the amount of \$262,554 due budgeted FTE for teachers and instructional support staff positions were not filled as anticipated due to shortage in the labor market.

Action 2

Budgeted Expenditure: \$309,426

Estimated Actuals: \$231,116

Material Difference Decrease \$78,310

Explanation: Action 2 decreased in the amount of \$78,310 due to reallocation of staff to Goal 1.2 to better align with the action.

Action 3

Budgeted Expenditure: \$2,500

Estimated Actuals: \$29,500

Material Difference Increase \$27,000

Explanation: Action 2 Increased in the amount of \$27,000 due to Altus Schools Audeo receiving a Career and College Access Pathways Grant (CCAP) in the amount of \$100,000, which the schools plans to use over the next four years. As a result, Goal 2 action 3 has increased by \$27,000. The funds will be used to enhance the existing dual enrollment partnerships with community colleges.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school's Goal 2 actions provided all students with a rigorous and well-rounded course of study that **effectively** prepares them for future college and career pathways. The school successfully met, or is on track to meet, the desired outcomes for the end of the three-year LCAP cycle, as outlined below:

- Availability of standards aligned instructional materials to all students.
- Provide all students with access to a broad course of study.
- Design and implement programs and services to pupils with exceptional needs that promote successful transitions.
- Students earning early college credits.
- Availability of CTE Career Pathways to all students.
- Core courses aligned to CCSS.
- Science courses aligned to NGSS.
- ELA and Social Science courses aligned to ELD Standards.
- Core courses are UC a-g approved.
- CTE courses aligned to CTE Model Curriculum Standards.
- Students completing UC a-g requirements for entrance to UC or CSU.

- Compliant and accessible Work Experience Education Program.

Educational partners continue to report that Goal 2 Actions are effective in preparing students for post-high school pathways. However, the school plans to enhance LCAP Goal 2 Actions in subsequent years to increase the percentage of graduates who meet the College/Career Indicator Prepared Criteria.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to a Low Performance Status on the College/Career Indicator (CCI), the school has revised Goal 2 Action 3 to prioritize improvement in this area. While our commitment is to enhance the CCI for all students, there is a particular emphasis on supporting the lowest-performing student groups.

All Goal 2 Metrics for SY 2024-25 will remain the same as the prior year. Each Metric's desired outcome focuses on continuous academic improvement and maintaining a culture of high expectations for a DASS program. Additionally, there is a schoolwide emphasis on creating a sense of urgency.

Based upon reflections and educational partner input, the following Actions have been adjusted for SY 2024-25:

- Action 1a: The school's Science Department will research and adjust the Science curriculum to be aligned to the California Science Test (CAST) Blueprint and Next Generation Science Standards. This effort is in preparation for the CAST being added to the School Dashboard and accountability system in coming years.
- Action 2a: Enhance the efficiency of the Chromebook check-out process for both staff and students by implementing a more streamlined and user-friendly system.
- Action 3c: Develop a more comprehensive College and Career Week designed to inspire and motivate students to embrace a college-going mindset or explore potential CTE pathways they may not have previously considered. This initiative will include engaging activities, guest speakers, and interactive sessions to broaden students' perspectives on their future opportunities.
- Action 3d, 3e, and 3f: All three actions are dedicated to increasing the percentage of graduates who can earn two college credits while still in high school. To achieve this, the school has established several partnerships with local community colleges, aiming to streamline the enrollment process and secure class seats for students. Additionally, these partnerships foster open lines of communication, ensuring students receive the support and guidance needed to succeed in their college courses.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 focuses on providing instructional staff with ongoing support and professional learning to meet the unique needs of students and their families. There are two actions included in Goal 3. A thorough review of each action revealed that all strategies, except one, were implemented. For Action 2f, the school was unable to provide staff training related to Writing Redesigned for Innovative Teaching Equity (WRITE), a specialized literacy training provided by the San Diego County Office of Education (SDCOE). This WRITE training has been rescheduled for the 2024-25 school year. Below is a summary of Goal 3 Actions:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners before the start of the school year. Throughout the year, the school provided training related to the effective implementation of State Standards, with a special emphasis on Mathematics and ELA, as both are critical areas of need. Additionally, school staff participated in various trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementing English Language Development (ELD). The Math Specialist offered support and training to instructional staff on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and training included Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There are no material differences to report for Goal 3.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Goal 3 Actions have significantly enhanced high-quality teaching and learning at the school for **all students**, including unduplicated pupils. Goal 3 Metrics were met for the 2023-24 school year, demonstrating the **effectiveness of these initiatives**. A summary of these achievements is provided below:

- Teachers participated in at least 60 hours of annual professional learning.
- Teachers participated in at least 10 hours of annual Math professional learning.
- English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- Teachers have completed Leading Edge Certification (LEC) within three years of their initial employment.
- Staff report high levels of training relevance at Altus University sessions.

- Students report high levels of satisfaction with their educational experience.
- Parents and family members report high levels of satisfaction with their child's overall educational experience.

The school's Professional Learning System clearly meets the unique needs and requirements of its educational partners. Although school administration is pleased with the Goal 3 Metric results, there is a consensus that instructional staff require ongoing and sustained training and coaching to further improve math and ELA achievement. This continued focus will ensure that all students benefit from high-quality instruction and are well-prepared for academic success. The commitment to professional development remains a top priority to maintain and enhance teaching excellence.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to a Very Low Performance Status on the Mathematics indicator, the school has introduced Goal 3 Action 3 to prioritize improvement in this critical area. While our dedication to enhancing Mathematics achievement extends to all students, there is a special emphasis on supporting the lowest-achieving student groups currently performing at a Very Low level.

The Goal 3 Metrics will remain unchanged for the 2024-25 school year, as educational partners believe that the current metrics comprehensively measure the effectiveness of the professional learning system.

Based upon reflections and educational partner input, the following Actions have been adjusted for SY 2024-25:

- Action 3a: In September, we will host a Math Literacy Summit centered on data analysis, evidence-based instructional strategies, and tailored support for special populations. This summit aims to enhance teaching practices and improve Mathematics achievement across all student groups.
- Action 3b: Collaborate with a mathematical expert or organization to deliver ongoing, sustained professional learning focused on culturally responsive instructional practices. This partnership aims to equip educators with the skills and knowledge needed to effectively support diverse student populations in Mathematics.
- Action 3c: Establish a Math Study Group that convenes regularly to explore and discuss effective academic interventions and instructional strategies within an independent study framework. This collaborative group will provide a platform for educators to share best practices, analyze student progress, and develop innovative approaches to Mathematics instruction. By fostering a community of continuous learning and support, the Math Study Group aims to enhance student outcomes and promote academic excellence.
- Action 3d: Offer instructional staff training, support, and dedicated time to use the California Educators Reporting System (CERS) for analyzing individual student math achievement data. This data analysis will guide instructional planning, specifically targeting underperforming student groups.

- Action 3e: A Math Specialist will deliver professional learning and support to staff on implementing Virtual Reality (VR) in Mathematics instruction. This initiative aims to establish schoolwide protocols for integrating VR into the core curriculum, enhancing student engagement and achievement.
- Action 3f: A Math specialist will train teachers, education specialists, and CTRs on effectively using the curriculum and instructional strategies to support English Learners. This will help English Learners access grade-level content and improve their academic vocabulary.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is dedicated to fostering a safe environment and a supportive school culture for all educational partners. Throughout the 2023-24 school year, **all three Actions under this goal were fully implemented and sustained, and there were no substantive differences to report.** These efforts have contributed to creating a more inclusive and positive atmosphere for students, staff, and the community. Below is a summary of the Actions taken under Goal 4, highlighting the key initiatives and their impact.

- **Action 1:** The Executive School Safety Committee met regularly to address potential safety concerns and ensure the effective implementation of the School Safety Plan. The school actively engaged educational partners, providing numerous opportunities for input on safety procedures and training needs. To support this, a Mental Health & Wellness Hub was established, offering quick access to information, resources, and partnerships related to bullying prevention/intervention, child human trafficking, mental health support, suicide prevention, teen dating violence, and more. School nurses played a crucial role in maintaining the physical health of the school community. Additionally, Operations and Facilities staff ensured that all school sites' systems and structures were well-prepared for emergency scenarios, significantly enhancing overall safety and readiness.
- **Action 2:** The school's Healthy Youth Therapist and Department provided comprehensive counseling services, referrals, and case management to address all students' needs. The school also actively recruited students for the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website with health and wellness information, and offered a Meal Program accessible to all students at resource centers.
- **Action 3:** These actions were specifically designed to address the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification and case management services, collaborated with community partners, and provided staff training. Specialized school staff offered live social-emotional learning opportunities (RISE) for students as part of the school's Multi-Tiered System of Supports (MTSS).

There are no material differences to report for Goal 4.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Educational partners expressed high satisfaction with the Goal 4 Actions, recognizing their significant contributions to creating a safe and supportive school culture conducive to teaching and learning. Due to the successful implementation of these actions, the school was able to meet all 2023-24 Metrics. This achievement reflects the **effectiveness** of the strategies in fostering a secure and nurturing environment for the entire school community. A summary of these achievements is provided below:

- Very Low student suspension and expulsion rate.
- High levels of student and parent safety satisfaction.
- Maintain a compliant and comprehensive School Safety Plan that meets the needs of educational partners.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

All Goal 4 Metrics will remain unchanged for the 2024-25 school year, as educational partners are satisfied with them. This continuity reflects confidence in the existing metrics to accurately assess and support the ongoing efforts to maintain a safe and supportive school environment.

However, based upon reflections and educational partner input, the following Actions have been adjusted for SY 2024-25:

- Action 1h: Continue to enhance the school’s Mental Health & Wellness Hub to better meet the needs of educational partners by refining both its content and user interface. These improvements aim to ensure that the hub remains a valuable, accessible resource for addressing mental health and wellness concerns within the school community.
- Action 1j: Provide staff with training focused on contemporary issues impacting youth, including comprehensive Fentanyl awareness and education. This training aims to equip educators with the knowledge and skills necessary to address these critical issues, ensuring a safer and more informed school community.
- Action 3d: Integrate comprehensive content and resources specifically tailored for low-income and foster youth into the school's Mental Health and Wellness Hub. This enhancement aims to ensure that these vulnerable student groups have easy access to the support and information they need, promoting their overall well-being and success.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 aims to establish community-based resource centers that are innovative in design and actively engage students, parents, and family members. Although the school operates with a non-classroom based instructional model, school leadership is committed to offering a physical school environment. This environment will allow students to interact with peers, participate in live instruction, access school equipment, and meet with school staff throughout the week. There are two Actions included in Goal 5, and upon reviewing each, **school staff have determined that there are no substantive differences to report.** Below is a summary of the key Actions.

- **Action 1:** The school offered numerous opportunities for students, parents, and family members to engage with staff and learn about essential programs and services. These events included Open House, Senior Night, and the Family Learning Series. During these gatherings, staff provided valuable instruction on utilizing various communication and academic tools, such as the School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, the school website, and Naviance. These interactions ensured that families were well-informed and equipped to support their students' educational journeys.
- **Action 2:** These targeted actions aim to support English Learners, Low-Income, and Foster Youth. Key initiatives include providing bus passes to Foster Youth to ensure reliable transportation, facilitating engaging English Learner Advisory Committee (ELAC) meetings to boost parent involvement, and employing bilingual staff to offer translation services. Additionally, the school has made translated materials and resources available to families, ensuring they have access to vital information in their preferred language.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

Action 2

Budgeted Expenditure: \$12,850

Estimated Actuals: \$2,776

Material Difference Decrease \$10,074

Explanation: In FY 2023-24, Action 2 decreased by \$10,074 because Altus Schools Audeo did not purchase bus passes. Instead, the school utilized the free bus pass program offered by the Metropolitan Transit Service for students.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school community is highly satisfied with the impact of Goal 5 Actions, which successfully increased engagement and innovation. As a result of these efforts, all Goal 5 Metrics were met for the 2023-24 school year, demonstrating the **effectiveness of these initiatives** in fostering a more dynamic and involved school environment. A summary of these achievements is provided below:

- School facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.
- The school maintained formal partnerships with community-based organizations to support the needs of the 'Whole Child'.
- Monthly Family Learning Series offered to parents and family members.
- Parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

All Goal 5 Metrics will remain unchanged for the 2024-25 school year, as educational partners are satisfied with their effectiveness. This continuity demonstrates a strong confidence in the current metrics' ability to accurately assess and support the ongoing efforts to establish innovative community-based resource centers that actively engage students, parents, and family members.

However, based on reflections and input from educational partners, the following Actions have been adjusted for the 2024-25 school year to better meet our goals and enhance our initiatives:

- Action 1i: The school is implementing Virtual Reality (VR) across the curriculum, with a particular focus on Career and Technical Education (CTE) and Mathematics, to innovate teaching and learning methods. This cutting-edge technology aims to provide immersive, hands-on experiences that enhance student engagement and understanding. By integrating VR into these key areas, we are preparing students for future careers and fostering a deeper comprehension of complex mathematical concepts. This initiative represents our commitment to innovative educational practices that meet the evolving needs of our students.
- Action 2d: We are placing greater emphasis on actively engaging families of English Learner (EL) students to collaborate on individual goals. This will be achieved by utilizing an ELD progress report card as a key communication tool. By involving families in this process, we aim to create personalized support plans tailored to each student's unique needs and aspirations. This collaborative approach ensures that English Learners receive the targeted support necessary for their academic success.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics

is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Altus Schools Audeo	Hayley Beaupre Administrator of Instructional Services	hbeaupre@altusschools.net (858) 678-2050

Plan Summary: 2024-25

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The journey to create Altus Schools Audeo, previously known as Audeo Charter School, officially began on January 1, 2001, when an Implementation Grant from the California Department of Education was approved. After several months of planning, charter revisions, and collaboration with San Diego Unified School District staff and members of the community, the SDUSD Board of Education unanimously approved Audeo’s petition and charter for five years.

Audeo Charter School (Audeo) opened for student enrollment on September 4, 2001. It was established as a visionary model for educational reform. Specifically aimed at students whose futures are at risk because conventional schooling has failed them, Audeo (Latin for “I Dare”) provides a unique educational environment for students whose academic and social needs are not met by traditional approaches.

Audeo is an educational option that serves students in grades K-12. **Audeo received a Six-Year Accreditation Status by WASC through June 30, 2029.** Audeo operates five resource centers in the following communities: Kearny Mesa, La Jolla, Mission Valley, Pacific Beach and Tierrasanta (K-5). Students and families visit resource centers by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. Audeo is a non-classroom based, independent study program.

Audeo is part of Altus Schools. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At Audeo, every student’s progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning ‘team’ and an integral part of the learning process.

Our school’s standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to

learning. Instruction is presented individually and in small groups. Courses at Audeo are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, Audeo works to alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

Audeo is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS). DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In March 2024, Audeo had a total enrollment of 566 students. Enrollment by Grade Level is displayed below:

Of these 566 students, 64% were Socioeconomically Disadvantaged, 22% were Students with Disabilities, 10% were GATE, 8% were English Learners, 8% were Homeless, and 0.4% were Foster Youth.

In addition, of these 566 students, 50% were Hispanic, 30% were White and 8% Black or African American. 12% of students were of other ethnicities. See the Enrollment by Ethnicity graphic pie chart below.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Audeo's educational partners are satisfied with the school's commitment to providing a personalized instructional program for all students that meets their individual needs. As a result, there were many **successes** reported in the 2023 School Dashboard:

- **Chronic Absenteeism** was a **Blue (Very Low) Performance Level**. There were no student groups performing in the Red (Very Low) Performance level.
- **Suspension Rate** was a **Blue (Very Low) Performance Level**. There were no student groups performing in the Red (Very High) Performance Level.
- Audeo did not receive a Performance Level for the **English Learner Progress Indicator** because there were fewer than 30 students in the current or prior year. However, this area remained a strength for the school, with 53.8% of English Learners making progress towards English language proficiency.

- **English Language Arts** was an **Orange (Low) Performance Level**. There were no student groups performing in the Red (Very Low) Performance Level. Page 57 of 1102

In addition, educational partners remain very satisfied with the school's **DASS One-Year Grad Rate**, summarized in the table provided below. The schoolwide graduation rate average was 93.3%.

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	90	84	93.3%
English Learners	4	*	*
Homeless	6	*	*
Socioeconomically Disadvantaged	48	43	89.6%
Students with Disabilities	21	19	90.5%
African American	2	*	*
Asian	1	*	*
Filipino	1	*	*
Hispanic	41	37	90.2%
White	42	40	95.2%
Two or More Races	3	*	*

Based upon a thorough analysis of the 2023 School Dashboard, the school will continue to focus resources and develop strategies to **strengthen** the student outcomes identified below:

- **Combined Four-and Five-Year Graduation Rate** was a Red (Very Low) Performance Level. There were 2 Student Groups that performed Very Low: Hispanic and Socioeconomically Disadvantaged. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grad Rate as a modified method for DASS schools. *However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California's waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied.* While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE: [Graduation Rate by Student Group](#).
- **College/Career** was a Low Performance Status. The California Department of Education did not provide Performance Colors to schools for the 2023 School Dashboard. However, Audeo had one Student Group that performed Very Low: Hispanic. To enhance performance in this indicator, counselors will dedicate their efforts to actively recruit and guide student participation in Early College Credit Programs, CTE Pathways, and Leadership/Military Science coursework. Additionally, the school will refine its monitoring systems to track individual student progress toward meeting the CCI Prepared criteria effectively.
- **Mathematics** was a Red (Very Low) Performance Level. There were two Student Groups that performed Very Low: Hispanic and Socioeconomically Disadvantaged. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. In September 2024, Altus Schools will host a **Math Literacy Summit**, a dedicated event aimed at equipping all instructional staff with valuable insights into mathematics instruction. Throughout the full-day summit, attendees will engage with research-backed mathematical strategies proven to enhance both student engagement and achievement. While the summit will cover strategies applicable to all students, there will be a particular emphasis on addressing the needs of high-needs student groups. Furthermore, our utilization of the **California Educators Reporting System (CERS)** will improve the school's data-analysis capabilities, empowering staff to identify and support students who may be at risk of falling below grade-level standards. This enhanced data-driven approach will ensure that all students receive the targeted instruction that meets their individual academic needs. Additionally, the school has invested in a cutting-edge mathematics **Virtual Reality (VR)** curriculum, customized to target essential grade-level topics and standards. To facilitate seamless integration of these immersive learning experiences into the math curriculum, teachers and staff will benefit from ongoing coaching provided by the Altus Schools Math Specialist. This personalized support will empower educators to harness the full potential of VR technology in their instructional activities, enriching the learning journey for all students.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	<p>The teacher's voice played a pivotal role in shaping the school's Local Control and Accountability Plan (LCAP). Through a diverse range of engagement activities and methods, including the Staff LCAP Engagement Survey, School Site Council (SSC), English Learner Advisory Committee (ELAC) Instructional Meetings, All Staff Meetings, and Altus University (AU) Professional Learning, teachers actively contributed their insights and perspectives. This inclusive approach ensured that the LCAP accurately reflects the needs and priorities of our educators, fostering a collaborative environment where all school partners are empowered to drive positive change and create student-centered actions and priorities.</p>
Principals or Learning Leads	<p>Principals or Learning Leads played a crucial role in shaping the 2024-25 LCAP through their active involvement in various forums. Their dedicated participation in weekly Learning Lead Huddles, the Staff LCAP Engagement Survey, SSC meetings, ELAC sessions, Instructional Meetings, All Staff Meetings, and AU Professional Learning sessions ensured that their valuable perspectives were incorporated into the planning process.</p> <p>Given their expertise in data analysis and instructional programming, their input was particularly instrumental in crafting a comprehensive and strategic LCAP that addresses the diverse needs of our student population while maximizing student learning. Their commitment to collaboration and their focus on data-driven decision-making have been invaluable assets in the development of a plan that aims to maximize student success and achievement.</p>
Administrators	<p>School administrators were instrumental in spearheading the development of the LCAP, leveraging their leadership to create meaningful engagement opportunities for all educational partners. Their proactive involvement ensured that diverse perspectives were heard and synthesized into actionable plans that align with the school's goals.</p> <p>Administrators played a pivotal role in facilitating engagement through various platforms, such as the weekly Superintendent Huddles, Learning Lead Huddles, School Site Council meetings, ELAC sessions, Instructional Meetings, All Staff Meetings, Strategic Planning sessions and AU Professional Learning events. By actively participating in these venues, administrators demonstrated their commitment to collaboration and their dedication to incorporating educational partner feedback into the development process.</p> <p>Their leadership and strategic guidance were essential in navigating the complexities of educational planning, ultimately resulting in an LCAP that reflects the collective aspirations and priorities of the school community. Through their efforts, administrators fostered a culture of inclusivity and transparency, laying the foundation for continued progress and success.</p>

Students

The voice of the student was central to the development of the school's LCAP, ensuring that their individual needs and perspectives were heard and valued. Students were provided with a variety of opportunities to contribute their insights on the effectiveness of current school actions and programming in meeting their academic, social-emotional, and behavioral needs.

Through the Student LCAP Engagement Survey, students had a direct platform to share their feedback and suggestions. Their participation in School Site Council (SSC) meetings and English Learner Advisory Committee (ELAC) meetings allowed them to engage in discussions on key school initiatives and policies.

Events such as Open House Events, Senior Night Events, College and Career Week, Senior Exhibition Panels, and Health & Wellness Week provided additional avenues for students to provide input and share their experiences. These events fostered open dialogue between students, educators, and administrators, facilitating a deeper understanding of student perspectives and needs.

Furthermore, student-teacher conferences provided personalized opportunities for students to discuss their academic progress, goals, and challenges with their teachers. By actively involving students in the development of the LCAP, the school demonstrated its commitment to creating a student-centered learning environment that promotes academic success, social-emotional well-being, and positive behavior.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2024-25 school year. These five goals address the instructional approach, curriculum, professional development system, school climate, and family engagement. Each LCAP Goal, along with corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2024-25 LCAP are focused on Status and Change, aligned to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

An explanation of why the LEA has developed this goal.

Audeo provides academic intervention and support to students facing educational challenges for various reasons. Historically, students entering Audeo are credit deficient and below grade level in Reading, Language, and Mathematics skills, as indicated by NWEA assessments. In response, Audeo is committed to the development and implementation of Pathways Personalized Education Plans (PPEP) for all students. The primary objective is to accelerate student learning, particularly for struggling students, while also assisting them in achieving their individual educational goals and preparing them for success in college, career, and beyond.

<p>Goal 1, Action 4</p>	<p>Identified Needs of English Learners (EL), Low Income (LI), and Foster Youth (FY):</p> <ul style="list-style-type: none"> a) Holistic support system that addresses not only academic needs but also emotional, social, and behavior. b) Increase academic progress and credit completion rates for required graduation coursework. c) Improve daily study habits and academic proficiency in core subjects. d) Build healthy learning habits, content knowledge, and prepare for college/career pathways. e) Counseling staff that can meet with students and address the interconnected areas of academics, emotional health, and behavior. f) Equity and Inclusion staff that provide support for underrepresented students, advocate for students who may face bias, help students access resources that may be necessary for their success, create safe spaces where students can discuss issues related to identity/experiences, and implement programs that promote diversity/inclusion. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To address the holistic needs of each student, the school has designed a comprehensive Multi-Tiered System of Support (MTSS) that teachers, staff, and administrators use to provide targeted support. MTSS is fundamentally proactive, aiming to identify and address student needs before they escalate into more significant issues. This approach benefits all students by maintaining continuous monitoring and support, but it is especially critical for underserved students who may not have access to similar support outside of school. Because MTSS is focused on early intervention, tailored support, and data-driven decision-making, it is especially advantageous for underserved and marginalized student groups, helping to bridge the gap in educational equity. b) To increase academic progress and credit completion rates for EL, LI, and FY, the school will employ additional instructional support staff that can provide individualized attention and tailored tutoring to students. While support staff can work with all students, this personalized support is particularly beneficial for students from underserved backgrounds who might face additional barriers to learning, such as language challenges, limited access to educational resources at home, or cultural differences. c) To improve students' daily study habits and academic proficiency in core subjects, the school will partner with a non-profit 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) Middle School Dropout Rate (M1.17); High School Dropout Rate (M1.18); Student Confidence Survey (M1.19) b) Chronic Absenteeism Rate (M1.5); English Learner Progress Indicator (M1.10); Student Attendance Rate (M1.16) c) DASS One-Year Graduation Rate (M1.3); Combined Four-and Five-Year Graduation Rate (M1.4) d) NWEA Reading (M1.12); NWEA Language (M1.13); NWEA Math (M1.14) e) Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16) f) Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16)

organization that can provide high dosage tutoring opportunities for students throughout the school week. While this high dosage tutoring will be offered LEA-wide, it will help address and close achievement gaps by providing extra tutoring, mentoring, and academic support. This is crucial for students who might not receive adequate educational support outside of school, helping these students keep up with their peers and grade level expectations.

- d) To build academic skills, knowledge, and preparation for future pathways, the school will provide an AVID Program. While AVID will be offered LEA-wide, educational partners report that the program provides them with more opportunities to build close relationships with students, which can be especially important for marginalized students who may feel disconnected from the traditional school activities and structures. These relationships can foster a sense of belonging, enhancing a students' academic engagement and motivation to succeed in school.
- e) To meet the social-emotional needs of students, counselors are trained to provide not only academic but also social-emotional support. This is particularly important for underserved students who may experience high levels of stress and anxiety related to their personal circumstances. Counselors can help students develop coping strategies and resilience in education.
- f) To help meet the needs of learners from diverse backgrounds, the school will provide Equity and Inclusion (E&I) staff that can act

as advocates for underserved students, ensuring their needs are met within the school system. E&I staff can play a key role in bridging the gap between schools and communities, particularly in marginalized areas. This can help with navigating the educational landscape, assist in accessing services, and providing equitable treatment and opportunities.

<p>Goal 2, Action 2</p>	<p>Identified Needs of English Learners (EL), Low Income (LI), and Foster Youth (FY):</p> <ul style="list-style-type: none">a) Families lack home computers and internet services to access the full educational program.b) Develop a school curriculum that is accessible, meaningful, and relevant to all learners.c) Specialized programs to increase the percentage of English Learner students making progress towards English language proficiency.d) Supplemental academic support for ELs to build literacy skills and access content area knowledge.e) Recruit additional EL students to participate in advance coursework and earn early college credit while in high school.f) Specialized programs to promote recovery of instructional time and pacing towards high school graduation.	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none">a) To close the digital divide, the school will provide a Chromebook and/or internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a 'homework gap' that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the Altus Connect Program to improve digital access and equity, expand learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication.b) To meet the diverse learning needs and styles of all students, the school's curriculum departments (APAC), integrates Universal Design for Learning (UDL) guidelines into the core curriculum. While UDL will benefit all students, educational research indicates that it is vital for underserved students because it creates an inclusive environment that proactively addresses diverse learning needs, including language barriers, disabilities, or different cultural backgrounds. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students.	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none">a) Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16); Standards Aligned Materials (M2.1)b) NWEA Reading (M1.12); NWEA Language (M1.13); NWEA Math (M1.14); Broad Course of Study (M2.2); Programs and Services to Pupils with Exceptional Needs (M2.3)c) NWEA Reading (M1.12); English Learner Progress Indicator (M1.10)d) Chronic Absenteeism Rate (M1.5); English Learner Progress Indicator (M1.10); Student Attendance Rate (M1.16)e) Participation in AP Courses (M2.5); AP Exams (M2.15)f) Middle School Dropout Rate (M1.17); High School Dropout Rate (M1.18); DASS One-Year Graduation Rate (M1.3); Combined Four- and Five-Year Graduation Rate (M1.4)

- c) To improve English language proficiency rates, the school will implement Achieve3000, an online literacy platform designed to enhance reading comprehension and vocabulary for all students, including English Learners. This platform adapts content to individual reading levels and includes a variety of tools and activities to aid in language development. Educational partners indicate that Achieve3000 will likely boost English learners' performance on the ELPAC by aligning texts with students' reading abilities, offering personalized learning paths, and progressively adjusting the difficulty level. Although primarily aimed at English learners, school staff believe this program will also assist other students identified as struggling readers.
- d) To build literacy skills and content knowledge of English Learner students, the school will utilize BrainPop and BrainPOP ELL as an educational tool that will be integrated into the school's English Language Development (ELD) Program. These resources support ELs through engaging animated videos, comprehensive activities, vocabulary building, grammar lessons, and opportunities for writing and speaking practice, along with promoting cultural awareness. We anticipate that these tools will not only help improve our school's English Language Proficiency Indicator (ELPI) and other engagement metrics, such as attendance rates, but also benefit other students by making learning more enjoyable and aiding in language skill development across various subjects.
- e) To increase college and career readiness for English Learners, the school will conduct

targeted recruitment of English Learner students to participate in Honors and Advanced Placement (AP) coursework. This initiative not only aims to bridge opportunity gaps but also promotes educational equity by ensuring that ELs have access to challenging academic programs. By encouraging EL participation in these advanced courses, we anticipate a rise in the number of EL students taking advanced coursework and meeting the CCI Prepared criteria as reported on the School Dashboard. Furthermore, as we create and distribute flyers and other informational materials about these opportunities, we expect to see a broader impact on the school community. This visibility will likely encourage greater overall student interest and participation in our Honors and AP programs, thereby enhancing academic engagement and achievement LEA-wide.

- f) To address the needs of new students who enroll credit deficient, our school is implementing Edgenuity Prescriptive Testing courses for qualifying students. These courses are designed to facilitate the recovery of instructional time and accelerate progress toward high school graduation. Research highlights that credit recovery classes not only ensure timely graduation but also facilitate a smoother transition to postsecondary education or the workforce. By enabling students to efficiently regain credits, these programs significantly broaden their future educational and career prospects. The implementation of these courses is expected to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds, reinforcing

our commitment to support all students in completing their high school education and accessing further opportunities.

<p>Goal 3, Action 3</p>	<p>Identified Needs of English Learners (EL), Low Income (LI), and Foster Youth (FY):</p> <ul style="list-style-type: none"> a) Professional learning for instructional staff centered on evaluating student mathematics achievement data and applying evidence-based teaching methods to address the distinct learning requirements of special populations. b) Offer professional learning for instructional staff centered on methods to link mathematical concepts with students' cultural contexts, thereby improving comprehension and fostering greater interest in the subject. c) Organize a Math Study Group that meets regularly to explore new pedagogical techniques, integrating technology into math instruction, analyze key standards and topics, discuss effective teaching and intervention methods. d) Offer professional learning opportunities for staff aimed at enhancing their skills in analyzing student achievement data. This is crucial for identifying and addressing any existing disparities, ensuring that every student, irrespective of their background, can meet grade-level standards and be successful. e) Provide professional learning for instructional staff focused on leveraging the immersive and interactive capabilities of Virtual Reality (VR) technology to increase student engagement in mathematics, making abstract concepts more tangible and understandable. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To meet the diverse and unique learning needs of special populations, the school will provide a full day of math professional learning (Math Literacy Summit) focused on evaluating individual student mathematics achievement data and implementing appropriate teaching strategies. By applying evidence-based methods, educators can specifically address and support the unique challenges faced by special populations such as low-income students, foster youth, and English learner students, promoting equity in educational outcomes. This targeted approach not only boosts overall student engagement and achievement but significantly aids those who may lack additional educational support outside of school, leveling the playing field. b) To meet the cultural needs of special populations, the school will partner with a mathematical expert or organization that can provide ongoing and sustained professional learning centered on culturally responsive teaching practices. Culturally responsive mathematical instruction ensures that teaching practices and curricular materials reflect the diverse backgrounds and experiences of all students, making learning more relevant and accessible. This approach is especially beneficial for English learners, low-income, and foster youth as it acknowledges and integrates their unique cultural contexts, thereby increasing their engagement and connection to the material. By fostering a more inclusive and understanding academic environment, 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) Math Professional Learning (M3.2); Training Relevance (M3.5); NWEA Math (M1.14); CAASPP Math (M1.7); Grade 11 CAASPP Math (M1.9) b) Math Professional Learning (M3.2); Training Relevance (M3.5); NWEA Math (M1.14); CAASPP Math (M1.7); Grade 11 CAASPP Math (M1.9) c) Math Professional Learning (M3.2); Training Relevance (M3.5); NWEA Math (M1.14); CAASPP Math (M1.7); Grade 11 CAASPP Math (M1.9) d) Math Professional Learning (M3.2); Training Relevance (M3.5); NWEA Math (M1.14); CAASPP Math (M1.7); Grade 11 CAASPP Math (M1.9) e) Math Professional Learning (M3.2); Training Relevance (M3.5); NWEA Math (M1.14); CAASPP Math (M1.7); Grade 11 CAASPP Math (M1.9); Innovative Learning Opportunities for Students

c) To provide staff with additional collaboration opportunities, the school will organize a Math Study Group that regularly explores new pedagogical techniques. This group's focus on analyzing key standards and discussing effective teaching and intervention methods ensures that instruction is aligned with best practices and tailored to meet diverse learning needs. English learners, low-income, and foster youth students particularly benefit from this action as it fosters an environment of targeted support and intervention, addressing educational gaps and promoting equity in learning opportunities. These improvements in teaching quality and relevance can significantly enhance engagement, understanding, and academic success for these vulnerable student groups, better preparing them for future educational and career challenges.

d) To enhance student achievement data analysis, the school will provide professional learning focused on how to utilize the California Educators Reporting System (CERS) to aid instructional planning practices. This targeted analysis helps educators identify specific areas where students, particularly those from underperforming groups, are struggling and adjust teaching strategies accordingly. For English learners, low-income, and foster youth, this personalized attention can

significantly close achievement gaps by addressing the unique challenges they face. Consequently, this approach not only enhances learning outcomes for all students but is particularly transformative for those who traditionally lack support, thereby boosting their academic achievement and future educational prospects.

- e) To provide students with innovative teaching and learning methods, the school will provide professional learning centered on effective implementation of Virtual Reality (VR) mathematics. Implementing VR into the math curriculum through established protocols can significantly boost engagement among historically underserved students, as immersive learning environments often increase motivation and understanding by providing interactive and contextual experiences. This strategy aligns with findings that suggest technology-enhanced instruction can lead to improved academic outcomes, particularly in complex subjects like mathematics.
- f) To ensure that each instructional staff can tailor teaching strategies to meet the diverse needs of all students, the school will employ a Math Specialist to provide personalized professional learning. The Math Specialist will provide targeted approaches to benefit special populations like low income, English learner students, and foster youth, who may face unique educational challenges that require specialized support to achieve academic success. By equipping teachers with the skills to differentiate instruction and engage these students effectively, the specialist helps create a more inclusive and

<p>Goal 1, Action 2</p>	<p>Identified Needs of English Learners:</p> <ul style="list-style-type: none"> a) Accurately identify students who are new to the state or country and whose primary language is not English to appropriately provide language support and educational resources. b) Monitor English proficiency progress among English learner students to guide instructional planning, provide targeted supports, and help make informed decision on reclassification. c) Ensure that the specific language learning needs of English Learner students are addressed alongside their disability accommodations. d) Schoolwide evidence-based strategies to support the unique learning needs of English learner students. e) Schoolwide formative and summative assessment tools to monitor language acquisition. f) A comprehensive English Learner Plan, uniquely designed for an Independent Study, with evidence-based strategies to reinforce language acquisition of mastery of core content knowledge. g) Provide Designated ELD to English Learner students that offers personalization, blended learning opportunities, tailored to grade level, and language proficiency. h) Use a combination of English Learner Program data platforms to support instructional planning. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To provide language support and educational resources for EL students, the school will utilize a Home Language Survey to quickly assess the English proficiency levels of new students. This initial evaluation is crucial for designing customized English Learner (EL) plans that cater specifically to each student's language needs. By providing tailored support from the outset, these plans help EL students acclimate faster and more effectively, enhancing their overall academic success and integration into the school environment. b) To accurately monitor the language development of English Learner students over time, the school will administer the ELPAC. Staff will use ELPAC data to make informed decisions about teaching strategies and resource allocation, ensure that instruction is effectively tailored to meet the needs of EL students. By identifying areas where students require additional support or intervention, the school can provide targeted assistance to help ELs overcome specific challenges in language acquisition. Additionally, the results from the ELPAC play a critical role in determining when a student has met the criteria for reclassification from English Learner status, which can significantly impact their educational trajectory and access to a broader range of opportunities. c) To meet the unique needs of English Learners with disabilities, the school will incorporate academic language development goals into their IEPs. This comprehensive approach facilitates a more inclusive learning 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) b) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) c) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) d) Chronic Absenteeism Rate (M1.5); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student Attendance (M1.16) e) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) f) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language

identify individual strengths and areas needing improvement, facilitating targeted instruction that effectively addresses specific learning needs. Additionally, this strategy enhances the reliability of the data collected, enabling schools to make informed decisions about language support programs and instructional interventions.

- f) To support EL students, acquire language proficiency and understanding of core content, the school will implement dynamic Integrated ELD strategies. By embedding language development within the teaching of subjects like math, science, and social studies, instructional staff will provide ELs with constant, context-rich opportunities to practice and enhance their English skills. This integrated approach ensures that ELs are not isolated in language classes but are actively applying and expanding their language skills in meaningful, academic contexts. As a result, it supports dual objectives—boosting English fluency and achieving grade-level content mastery—thus promoting overall academic success and equity in education.
- g) To offer a personalized and rigorous Designated ELD, the school will blend instructional tools such as Summit K12 with ELD Courses. This personalized approach ensures that instruction is precisely calibrated to each student's unique learning profile, promoting more effective language acquisition. By focusing on critical language skills that are essential for understanding and engaging with English-based academic content, this strategy supports ELs in becoming more proficient in English. Ultimately, such tailored instruction not only

enhances the students' ability to perform in English-speaking academic environments but also lays a strong foundation for their future educational success.

- h) To enhance instructional planning and teaching methods for EL students, the school will utilize programs such as Ellevation, Achieve3000, NWEA, and Summit K12. By utilizing a variety of instructional tools, school staff can gain a holistic view of each student's language acquisition progress, strengths, and areas needing improvement. This unified approach enables educators to tailor their instructional strategies more effectively, ensuring that interventions are specifically targeted to meet the individual needs of EL students. Ultimately, this facilitates a more personalized learning experience, accelerating language development and academic achievement for English Learners.
- i) To support the unique needs of emerging EL students, the school will research valid and reliable assessments to measure their native literacy skills. By accurately assessing these skills, school staff can ensure ELs have equitable access to rigorous, standards-aligned courses that are appropriate for their linguistic and academic levels. Additionally, providing primary language assistance and supporting biliteracy not only aids in the retention and development of the students' first language but also enhances their English acquisition. This comprehensive approach fosters academic success in both languages, supporting overall educational equity and proficiency.

<p>Goal 1, Action 7</p>	<p>Identified Needs of English Learners:</p> <ul style="list-style-type: none"> a) Monitor the progress for all English Learner students, including Long-term ELs, newcomer, and Reclassified Fluent English Proficient (RFEP). b) Monitor the unique academic and language development challenges that LTELs face, which can differ significantly from those of other student groups. c) Prepare individual English Learner progress reports that provide a holistic view of each student’s educational progress. d) Communicate EL progress with parents and families, to build a strong school-home partnership that enhances parental engagement and involvement. e) Monthly data report summarizing English Learners’ performance on specific engagement and achievement indicators that guide decision-making related to instruction, curriculum, professional learning, and E&I initiatives. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To monitor and the analyze the academic progress of EL students, school staff will utilize Ellevation. This centralized tracking system enables educators to tailor instructional and supplemental support specifically to the needs of these students, promoting better educational outcomes by addressing individual and group challenges directly and timely. By consistently monitoring student progress and adjusting supports as needed, the school can ensure that all English Learner students are advancing towards fluency and academic success, crucial for their college and career readiness. b) To actively monitor LTELs academic progress, school instructional leaders will collaborate with teachers at strategic points throughout the school year: July, October, and January. These regular, scheduled reviews help educators make data-driven decisions, adjust educational strategies, and provide targeted support to address any emerging needs or challenges these students face. These PPEP Meetings serve as a structured opportunity for collaboration among educators, fostering a unified approach to enhance the educational trajectory of LTELs students towards achieving proficiency and academic success. c) To report and evaluate each EL students’ educational progress, the school will create an EL Progress Report aligned to the CA EL Roadmap. Teachers and staff will prepare these Progress Reports semesterly and identify areas where ELs may be struggling and how they can support development in 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) b) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) c) Chronic Absenteeism Rate (M1.5); CAASPP ELA (M1.6); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student Attendance (M1.16) d) Chronic Absenteeism Rate (M1.5); CAASPP ELA (M1.6); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student Attendance (M1.16) e) Chronic Absenteeism Rate (M1.5); CAASPP ELA (M1.6); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student

Progress reports help maintain accountability by documenting and communicating the learner's advancements and remaining hurdles towards reclassification as Fluent English Proficient, ensuring that all educational partners, including teachers, parents, and administrators, are informed and can collaboratively support the student's educational path.

- d) To improve accountability and involvement of families of EL students, the school will provide ELD Progress Reports which highlight their child's language acquisition progress and academic achievements. Offering opportunities for families to meet and discuss these report cards with teachers facilitates open communication, enabling parents to better understand the educational system and their child's specific needs and goals.
- e) To enhance data analysis actions, the school's Data and Assessment Department staff will prepare a Monthly Storybook that summarizes student achievements for All Students, but for significant student groups as well, including English Learners. This regular, data-driven snapshot offers valuable insights into trends, areas needing attention, and opportunities gaps. Additionally, by focusing on equity and inclusion, the Monthly Storybook helps in identifying disparities in educational outcomes, prompting targeted professional development and/or adjustments to practices to support all English Learners comprehensively.

They can offer targeted workshops and one-on-one advising sessions to address the unique challenges faced by low-income, foster youth, and first-generation students. Additionally, counselors can create partnerships with community organizations and colleges to provide resources and support systems that facilitate college readiness and enrollment.

- g) To engage and support Homeless and Foster Youth, the school will equip staff with trauma-informed practices that create a safe and nurturing academic environment, sensitive to their unique experiences and needs. Training will also focus on how teachers can connect these students with school resources and community services to address barriers to learning, such as access to basic needs and mental health support. The school expects this action to improve engagement in school activities.

This proactive approach fosters a supportive and stable school environment, promoting better educational and personal outcomes for these vulnerable students. b) To provide specialized services to Foster Youth, the school’s Homeless and Foster Youth Liaison will provide case management support by coordinating with teachers, counselors, and community resources to develop individualized plans that address each student’s academic, physical, and emotional needs. The liaison will monitor student progress, offer ongoing mentorship, and facilitate access to essential services like tutoring, mental health counseling, and necessities. Additionally, they will serve as advocates, ensuring students’ rights are protected and their voices are heard within the school system. c) To meet the counseling needs of English Learner Students, Foster Youth, and Low Income, the school will employ a licensed therapist that can provide services. This support enhances students’ overall well-being, enabling them to focus better on their academics and participate more fully in school activities. Additionally, therapists provide a safe space for students to express themselves, fostering resilience and promoting a positive school environment. 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) Suspension Rate (M4.1); Expulsion Rate (M4.2); Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16) b) Suspension Rate (M4.1); Expulsion Rate (M4.2); Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16); Student Satisfaction (M3.6) c) Suspension Rate (M4.1); Expulsion Rate (M4.2); Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16); Student Satisfaction (M3.6) d) Absenteeism Rate (M1.5); Student Attendance Rate (M1.16); Student Satisfaction (M3.6); Parent Satisfaction (M3.7); Community Partners (M5.4)

d) To provide Foster Youth and Low-Income families with information and resources, the school will utilize a Health and Wellness online hub. This hub will offer valuable information on physical and mental health, academic assistance, and community resources, helping to bridge gaps in care and support. Additionally, it empowers families and students by providing them with tools and information to navigate challenges, promoting overall well-being and academic success.

- d) To report student language development and academic progress to parents of English Learners, the school will develop and share ELD Progress Reports thru conferences. This engagement helps parents better understand their child's strengths and areas for improvement, enabling them to contribute meaningfully to goal setting. Consequently, this collaborative approach ensures that educational strategies are more personalized and effective in supporting the success of English Learners.
- e) To ensure that all parents can access essential information, the school will provide translated materials and resources by hiring multilingual staff or professional translation services to accurately translate important documents and communication. Additionally, the school will use translation technology tools to make real-time translation available for meetings and events. The school will also establish a dedicated support system, such as a multilingual help desk or family advocate, to assist parents in accessing and understanding these translated materials.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

In our plan, all Actions undertaken to meet the increased or improved services requirement are directly associated with specific funding sources. The school had a total of eight Contributing Actions, five of which were Limited Actions. Each action has been carefully planned and budgeted to ensure adequate financial resources are allocated to support their implementation. By linking every action to its respective funding source, we maintain transparency and accountability in our efforts to enhance educational services. This comprehensive approach

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Audeo is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions.

As outlined in Goal 1, Action 4, these additional support staff positions will provide targeted tutoring to increase student progress and course completion rates, particularly for unduplicated pupils. These roles are essential for facilitating one-on-one and small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high-quality instructional support staff. To achieve this, HR has expanded their recruitment channels to tap into broader talent pools and connect with highly skilled individuals. They utilize platforms such as EDJOIN, LinkedIn, and Handshake for recruitment. Additionally, HR participates in both virtual and in-person job fairs, posts flyers throughout the community, and partners with surrounding colleges and universities. These efforts reflect the school's dedication to securing the best possible staff to support student success.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
 - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves. Page 162 of 1102

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or Page 163 of 1102
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and

- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP. Page 168 of 1102

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. Page 171 of 1102
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:

- The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
- The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable. Page 173 of 1102

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.

- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the

identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section. [Page 178 of 1102](#)

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5

CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year. Page 184 of 1102

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and

determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**

- This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

Parental Involvement and Family Engagement (LCFF Priority 3)

Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:¹

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
 - 1 – Exploration and Research
 - 2 – Beginning Development
 - 3 – Initial Implementation
 - 4 – Full Implementation
 - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

Building Relationships Dashboard Narrative Boxes

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

The school has made significant progress in building strong relationships between school staff and families: key strengths and progress in this area include:

- **High-quality Teachers:** Each student is assigned a high-quality Teacher who is responsible for supervising all subjects and providing personalized attention. This close relationship ensures teachers can adjust assignments to meet student needs and goals and facilitates timely communication with parents.
- **Parental Involvement:** The school emphasizes the importance of parental involvement in student success. Parents are encouraged to set high expectations, talk about school daily, monitor schoolwork, establish daily homework routines, stay aware of test schedules, and maintain regular contact with teachers. This partnership approach helps in creating a supportive environment for students.
- **Family Resources:** The school provides extensive resources for families, including financial aid information, standardized testing support, and help with college admissions. These resources are designed to assist families in navigating the academic landscape and supporting their children's educational journey.
- **Personalized Learning Environment:** The school operates with a low student-to-teacher ratio, allowing for personalized attention and the ability to build strong, individualized relationships. Teachers are deeply familiar with their students' academic levels and progress, which fosters a more tailored and supportive learning experience.
- **Regular Communication:** The school ensures regular communication through weekly conferences where parents receive updates on their child's progress, attendance, behavior, and upcoming events. This continuous engagement keeps parents informed and involved in their child's education.

These efforts collectively enhance the relationship between school staff and families, ensuring that students receive the support they need to succeed both academically and socially. Parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 97.3% of parents report being able to provide input and feedback to the school through multiple ways. The school values the partnership between school staff and families as the foundation of parent and family engagement. Over 100% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 97.2% of parents report that the school provides innovative and engaging learning environments.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs. The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

The LEA's focus areas for improvement in building relationships between school staff and families include increasing parental participation in the Family Learning Series to foster a deeper engagement with their children's education. They aim to encourage parents to support their students in excelling in mathematics by providing resources and strategies to reinforce learning at home. Another focus is to gather more input from parents on specific needs such as language development and mental health, ensuring that the school's programs are tailored to address these critical areas. These efforts are designed to create a more collaborative and supportive environment for students and their families.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated, and interpreters have been made available for calls and meetings. The school will continue to provide Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for parents and families will be available. Parent Square further provides communication and engagement opportunities between the educational partners and the school.

The LEA's current strengths and progress in building partnerships for student success include providing a highly personalized academic experience through one-on-one instruction and small group sessions. The school emphasizes rigorous academic standards and regular assessments to ensure students meet or exceed expectations. The school offers various opportunities such as college courses, career technical education, internships, and leadership roles through programs like the California Cadet Corps. Additionally, the school engages students, parents and community partners in creating Pathways Personalized Education Plans to support individual student goals and needs.

The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

- 2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

The LEA's focus areas for improvement in building partnerships for student outcomes include enhancing math resources and instructional support to boost student proficiency in mathematics. They also aim to strengthen college and career planning and guidance to ensure students are well-prepared for post-secondary education and career paths. Additionally, a focus is placed on improving strategies to help students graduate on time by providing targeted interventions and personalized support. These efforts are designed to create a more robust support system for student success.

Based upon information collected from students, the school will maintain or expand Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

Audeo is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed. Demographically, the LEA is majority-minority, majority SED, and a higher percentage of students with disabilities than the surrounding community. All students have full access to the courses and opportunities offered at the school. The school continues to solicit input from educational partners to identify and address student and family needs and to break down barriers to success.

Seeking Input for Decision-Making Dashboard Narrative Boxes**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The LEA's current strengths and progress in seeking input for decision-making include actively involving teachers, principals, administrators, school personnel, parents, and students through diverse engagement methods. Teachers contribute via the Staff LCAP Engagement Survey, ELAC Instructional Meetings, and professional learning sessions. Principals and administrators provide input through team huddles, SSC meetings, and strategic planning sessions. Parents participate in surveys, Open House, and Senior Night events, while students share their perspectives through surveys, School Site Council meetings, and various school events that focus on family engagement and provide opportunities for input into the school's programs. This inclusive approach ensures the LCAP reflects the needs and priorities of all stakeholders, fostering a collaborative environment for student-centered actions and priorities.

The school engages educational partners in its processes for continuous improvement and prioritizes building the capacity of staff and families to engage in advisory groups and decision

making. The school provides training for SSC members annually and holds regular meetings to develop, refine, and update the LCAP. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides training, resources, support, and feedback opportunities throughout the school year. In 2023-2024 the school received input from 129 students and parents and used the results in the development of the 2023-2024 LCAP.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

The LEA's focus areas for improvement in seeking input for decision-making include increasing parent and student participation in surveys, increasing attendance for the Family Learning Series, College/Career week, and engaging more in Open House and other school events. By enhancing these engagement methods, the LEA aims to gather more comprehensive and diverse feedback from parents, ensuring that their perspectives are effectively incorporated into the decision-making process. This approach is intended to create a more inclusive and responsive environment that better supports the needs and priorities of students and their families.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage in two-way communication with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will continue to provide translated materials and resources for parents and family members of English Learners.

Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools

A local educational agency (LEA) uses the self-reflection tools included within the California School Dashboard (Dashboard) to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 6 are provided below.

School Climate (LCFF Priority 6)

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California *Education Code* 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts.

- 1) **DATA:** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

Altus Schools Audeo (Audeo) administers both an Annual LCAP Educational Partner Engagement Survey

and the California Healthy Youth Survey (CHYS). The LCAP Survey is administered to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. The CHSK Core and Behavioral Health Modules were administered to students grades 7, 9, and 11.

Over the last five years, LCAP survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of the school's LCAP. To monitor the success of Audeo's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2023-2024, **Audeo** exceeded this metric.

Student participation in the CHYS is voluntary. An important factor affecting the quality of survey results on the CHYS is participation rate. The validity and representativeness of the results is diminished if the student response rate is lower than 70 percent. Audeo's response rate on the CHYS at each grade level was Grade 7 (38%), Grade 9 (25%), and Grade 11 (27%) for CHYS Core and Grade 7 (24%), Grade 9 (18%), and Grade 11 (20%) for CHYS Behavioral Health.

- 2) MEANING:** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

In 2023-2024, 100% of students reported that they felt safe at Audeo and 97% of parents reported that they feel their child is safe at the school. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. In 2023-2024 **Audeo's** suspension rate was 0.1% and expulsion rate was 0%.

Results are not provided by CHYS if there are fewer than 10 responses for a grade level and/or student group. Audeo didn't receive disaggregated results for SPED, EL's, LTEL's, Foster/Homeless or any Ethnic Subgroup except Hispanic. Key learnings included that in the past 12 months 42% of 9th graders reported having considered attempting suicide in the past 12 months. 8% of students in 9th and 36% in 11th reported having ever used alcohol or drugs in their lifetime. The majority of these reported having used these 3 or fewer times. 0% of 7th and 9th graders and 7% of 11th graders reported they currently use tobacco. Of the 11th graders reporting tobacco use Vaping was the method identified. On the CHYS, among Hispanic responses for 11th grade, 40% reported 3 or more monthly absences, 55% reported bedtime of 12am or later, and 73% reported eating breakfast today. In the past 12 months 54% of 11th grade students reported wanting to receive mental health services, 38% reported receiving mental health services and 46% reported barriers to receiving services.

- 3) USE:** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

Audeo has implemented the administration of the California Healthy Kids Survey (CHKS) in addition to an Annual LCAP Stakeholder Engagement Survey to aide in to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Based on the results of

the CHYS, the school's educational partners have provided feedback the continue to have additional academic, physical, emotional, and mental health needs and there continue to be elevated needs for mental health services. To address these needs Audeo has a school meal program, provide an annual Family Resource Night to educate parents and family members on available programs and services. The school provides a Healthy Youth Therapist to provide additional and targeted counseling services and referrals and a Homeless and Foster Youth Liaison to proactively address and support students' academic, physical, mental health, and social-emotional needs. Both contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. While students continue to have socioemotional and health related needs, over 90% of students surveyed report high levels of satisfaction with school safety and their overall experience at Audeo.

Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2023-2024 **Altus Schools Audeo** served 402 students in grades k-12. The student demographics include:

- Percentage of Students with Disabilities: 22.4%
- Percentage of English Learners: 9.0%
- Percentage of Socioeconomically Disadvantaged: 66.2%
- Percentage of Homeless and Foster Youth (FY): 8.5%

Altus Schools Audeo qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

Altus Schools Audeo uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study.**

Altus Schools Audeo's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At **Altus Schools Audeo**, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment, and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.

There are no barriers preventing **Altus Schools Audeo** from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. This includes UC-ag approved, NCAA approved, Advanced Placement (AP) courses, honors courses, dual-enrollment, articulated and CTE courses. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?

Due to the success **Altus Schools Audeo** has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 aims to increase student engagement and academic achievement by developing, implementing, and adjusting a Pathways Personalized Education Plan (PPEP) for each student. There are seven actions under this goal. **A careful review of each action reveals no substantive differences to report.** Below is a summary of these actions:

- **Action 1:** Implemented the use of MAPs by NWEA, Smarter Balanced Interim Assessments, and Illuminate Assessments to inform teaching and learning systems.
- **Action 2:** Implemented the school's English Language Development (ELD) Plan for all English Learner students.
- **Action 3:** Provided a PPEP to each student. School staff used key platforms, including School Pathways and Naviance, to monitor student progress towards individual academic goals and plan for postsecondary pathways. Counselors actively participated in the school's MTSS to support students' unique needs and advised students and parents on viable graduation pathways. Teachers provided live academic instruction focused on enhancing student skills in Math and ELA.
- **Action 4:** Provided additional academic tutoring opportunities primarily for unduplicated pupils, including instructional support staff and an ongoing partnership with a non-profit tutoring organization. Counselors, Equity and Inclusion staff, and Homeless and Foster Youth Liaison provided support and coordinated services to meet the needs of special populations.
- **Action 5:** Implemented all Special Education services for qualifying students as outlined in their IEP.
- **Action 6:** Conducted systematic monitoring of student engagement and achievement using key Data Integration System platforms, including Naviance, NWEA, Illuminate, and Achieve3000. Published and updated local monitoring tools and instruments to allow timely monitoring of key performance indicators by staff.
- **Action 7:** Utilized Ellevation for English Learner monitoring and instructional planning throughout the year. Data and Assessment Department staff provided ongoing, timely Monthly Storybooks summarizing unduplicated pupils' progress and achievement on key indicators to inform staff decision-making regarding existing programs and services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

Goal 1.4

Budgeted Expenditures: \$2,346,301

Estimated Actual Expenditures: \$ 2,059,294

Material Difference: decrease of \$287,007.

Explanation: Action 4 decreased because the budgeted Certificated Teacher Resource (CTRs) positions were not filled due to the shortage in the labor market.

Goal 1.5

Budgeted Expenditures: \$3,351,785

Estimated Actual Expenditures: \$2,889,884

Material Difference: decrease of \$461,901.

Explanation: Action 5 decreased because the budgeted Special Education Teacher positions were not filled due to the shortage in the labor market.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school is confident that **all actions** taken under Goal 1 are **effective** and contribute to successful student outcomes, which are appropriate for a school identified as DASS. The school successfully met, or is on track to meet, the desired outcomes for the end of the three-year LCAP cycle, as outlined below:

- Teachers appropriately assigned and credentialed
- One-Year DASS Graduation Rate
- Combined Four- and Five-Year Graduation Rate
- Chronic Absenteeism
- Smarter Balanced ELA and Math Summative Assessments
- Grade 11 SBA Results
- English Learner Progress Indicator
- English Learner Reclassification Rate
- NWEA Spring Growth: Reading, Language and Mathematics
- Student Attendance/Participation
- Middle and High School Dropout Rate
- Student Confidence

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to a Very Low Performance Status on the Combined Four- and Five-Year Graduation Rate, the school has adjusted Goal 1 Action 4 to prioritize enhancing this critical academic engagement indicator. Our commitment is to improve the Graduation Rate for all

students, with a special focus on Student Groups currently performing at a Very Low level.

The school have also included a new metric for SY 2024-24: Teachers Appropriately Assigned and Credentialed. This is Metric 1.2, and it includes the Full-Time Equivalent (FTE) and Clear status as reported by DataQuest and available on the School Dashboard.

Based upon reflections and educational partner input, the following actions have been changed or added for SY 2024-25:

- Action 1d: Utilization of the California Educators Reporting System (CERS) to assess student academic progress.
- Action 2g: Implementation of Summit K12 for an enhanced Designated ELD Program.
- Action 2h: Greater emphasis on systematic and efficient usage of English Learner program data platforms.
- Action 2i: Prioritize multilingual’s native language literacy to provide equitable access to the education program.
- Action 5b: Improved collaboration between general and special education staff regarding student needs, accommodations, and modifications.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 focuses on providing a comprehensive, rigorous, and accessible course of study to **all students**, preparing them for college and career pathways. There are three actions included in Goal 2. After reviewing each action, the school concluded that there are **no substantive differences** to report. Below is a summary of these actions:

- **Action 1:** The school's curriculum department, known as APAC, successfully aligned courses to State Standards, UC a-g, and NCAA requirements. APAC updated and aligned the school's online curriculum to the Smarter Balanced ELA and Mathematics Assessments Blueprint. Additionally, APAC adjusted both online and textbook curricula based on feedback from teachers and students. There was a commitment to refining curriculum and materials to be multicultural and diverse. The school continued to recruit and challenge students to take advanced curriculum offerings and offered AP Exams at school sites.
- **Action 2:** The school successfully provided all students in need of home technology with a school-issued Chromebook and internet connectivity. In addition, the school's ELD program is fully implemented and sustained. Historically underserved student groups continue to have access to a rigorous course of study, including Honors and AP courses, and specialized instructional materials and coursework to rapidly build foundational skills, literacy, and recover failing credits needed for grade-level advancement and graduation. School counselors and E&I staff provided ongoing academic advising, support services, and training to the school community.
- **Action 3:** School staff received ongoing and sustained professional learning opportunities focused on planning and preparing students for post-secondary pathways. Counselors provided multiple opportunities for the school community to receive information and training related to key college and career aspects, including meeting the College Career Indicator (CCI) Prepared Criteria, applying for financial aid, earning early college credit, CTE, the Early Assessment Program (EAP), AP exam registration, and work experience education. The school organized a College and Career Week, featuring guest speakers from various career fields and colleges, to increase awareness of requirements, timelines, and processes. There were eleven fully developed Career CTE Pathways available to all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Differences in estimated actual and budgeted expenditures were primarily due to:

Goal 2.1

Budgeted Expenditures: \$1,016,411

Estimated Actual Expenditures: \$909,020

Material Difference: Increase of \$107,391

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school's Goal 2 actions provided all students with a rigorous and well-rounded course of study that **effectively** prepares them for future college and career pathways. The school successfully met, or is on track to meet, the desired outcomes for the end of the three-year LCAP cycle, as outlined below:

- Availability of standards aligned instructional materials to all students.
- Provide all students with access to a broad course of study.
- Design and implement programs and services to pupils with exceptional needs that promote successful transitions.
- Students earning early college credits.
- Availability of CTE Career Pathways to all students.
- Core courses aligned to CCSS.
- Science courses aligned to NGSS.
- ELA and Social Science courses aligned to ELD Standards.
- Core courses are UC a-g approved.
- CTE courses aligned to CTE Model Curriculum Standards.
- Students completing UC a-g requirements for entrance to UC or CSU.
- Compliant and accessible Work Experience Education Program.

Educational partners continue to report that Goal 2 Actions are effective in preparing students for post-high school pathways. However, the school plans to enhance LCAP Goal 2 Actions in subsequent years to increase the percentage of graduates who meet the College/Career Indicator Prepared Criteria.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to a Low Performance Status on the College/Career Indicator (CCI), the school has revised Goal 2 Action 3 to prioritize improvement in this area. While our commitment is to enhance the CCI for all students, there is a particular emphasis on supporting the lowest-performing student groups.

All Goal 2 Metrics for SY 2024-25 will remain the same as the prior year. Each Metric's desired outcome focuses on continuous academic improvement and maintaining a culture of high expectations for a DASS program. Additionally, there is a schoolwide emphasis on creating a sense of urgency.

Based upon reflections and educational partner input, the following Actions have been adjusted for SY 2024-25:

- Action 1a: The school’s Science Department will research and adjust the Science curriculum to be aligned to the California Science Test (CAST) Blueprint and Next Generation Science Standards. This effort is in preparation for the CAST being added to the School Dashboard and accountability system in coming years.
- Action 2a: Enhance the efficiency of the Chromebook check-out process for both staff and students by implementing a more streamlined and user-friendly system.
- Action 3c: Develop a more comprehensive College and Career Week designed to inspire and motivate students to embrace a college-going mindset or explore potential CTE pathways they may not have previously considered. This initiative will include engaging activities, guest speakers, and interactive sessions to broaden students' perspectives on their future opportunities.
- Action 3d, 3e, and 3f: All three actions are dedicated to increasing the percentage of graduates who can earn two college credits while still in high school. To achieve this, the school has established several partnerships with local community colleges, aiming to streamline the enrollment process and secure class seats for students. Additionally, these partnerships foster open lines of communication, ensuring students receive the support and guidance needed to succeed in their college courses.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 focuses on providing instructional staff with ongoing support and professional learning to meet the unique needs of students and their families. There are two actions included in Goal 3. A thorough review of each action revealed that all strategies, except one, were implemented. For Action 2f, the school was unable to provide staff training related to Writing Redesigned for Innovative Teaching Equity (WRITE), a specialized literacy training provided by the San Diego County Office of Education (SDCOE). This WRITE training has been rescheduled for the 2024-25 school year. Below is a summary of Goal 3 Actions:

- **Action 1:** The school created a Professional Learning catalog and made it available to educational partners before the start of the school year. Throughout the year, the school provided training related to the effective implementation of State Standards, with a special emphasis on Mathematics and ELA, as both are critical areas of need. Additionally, school staff participated in various trainings, including CTE, LEC, Special Education, GATE, Executive Studies, Fellows Projects, MTSS, New Teacher Training, Professional Growth Training, YMHFA, and ALICE.
- **Action 2:** The school's English Learner Achievement Department (ELAD) provided specialized training to instructional staff focused on implementing English Language Development (ELD). The Math Specialist offered support and training to instructional staff on meeting the unique needs of EL students, including effective use of curriculum, instructional materials, and strategies. Other specialized professional development and training included Achieve3000 implementation for EL students, equity and inclusion in a school setting, facilitating social-emotional learning, AVID, and supporting children and youth in transition (CYT).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There are not material differences to report for Goal 3.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Goal 3 Actions have significantly enhanced high-quality teaching and learning at the school for **all students**, including unduplicated pupils. Goal 3 Metrics were met for the 2023-24 school year, demonstrating the **effectiveness of these initiatives**. A summary of these achievements is provided below:

- Teachers participated in at least 60 hours of annual professional learning.
- Teachers participated in at least 10 hours of annual Math professional learning.
- English Learner Achievement Department trainings focused on Assessment, Curriculum, E&I, and Instruction.
- Teachers have completed Leading Edge Certification (LEC) within three years of their initial employment.
- Staff report high levels of training relevance at Altus University sessions.

- Students report high levels of satisfaction with their educational experience.
- Parents and family members report high levels of satisfaction with their child's overall educational experience.

The school's Professional Learning System clearly meets the unique needs and requirements of its educational partners. Although school administration is pleased with the Goal 3 Metric results, there is a consensus that instructional staff require ongoing and sustained training and coaching to further improve math and ELA achievement. This continued focus will ensure that all students benefit from high-quality instruction and are well-prepared for academic success. The commitment to professional development remains a top priority to maintain and enhance teaching excellence.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to a Very Low Performance Status on the Mathematics indicator, the school has introduced Goal 3 Action 3 to prioritize improvement in this critical area. While our dedication to enhancing Mathematics achievement extends to all students, there is a special emphasis on supporting the lowest-achieving student groups currently performing at a Very Low level.

The Goal 3 Metrics will remain unchanged for the 2024-25 school year, as educational partners believe that the current metrics comprehensively measure the effectiveness of the professional learning system.

Based upon reflections and educational partner input, the following Actions have been adjusted for SY 2024-25:

- Action 3a: In September, we will host a Math Literacy Summit centered on data analysis, evidence-based instructional strategies, and tailored support for special populations. This summit aims to enhance teaching practices and improve Mathematics achievement across all student groups.
- Action 3b: Collaborate with a mathematical expert or organization to deliver ongoing, sustained professional learning focused on culturally responsive instructional practices. This partnership aims to equip educators with the skills and knowledge needed to effectively support diverse student populations in Mathematics.
- Action 3c: Establish a Math Study Group that convenes regularly to explore and discuss effective academic interventions and instructional strategies within an independent study framework. This collaborative group will provide a platform for educators to share best practices, analyze student progress, and develop innovative approaches to Mathematics instruction. By fostering a community of continuous learning and support, the Math Study Group aims to enhance student outcomes and promote academic excellence.
- Action 3d: Offer instructional staff training, support, and dedicated time to use the California Educators Reporting System (CERS) for analyzing individual student math achievement data. This data analysis will guide instructional planning, specifically targeting underperforming student groups.

- Action 3e: A Math Specialist will deliver professional learning and support to staff on implementing Virtual Reality (VR) in Mathematics instruction. This initiative aims to establish schoolwide protocols for integrating VR into the core curriculum, enhancing student engagement and achievement.
- Action 3f: A Math specialist will train teachers, education specialists, and CTRs on effectively using the curriculum and instructional strategies to support English Learners. This will help English Learners access grade-level content and improve their academic vocabulary.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 is dedicated to fostering a safe environment and a supportive school culture for all educational partners. Throughout the 2023-24 school year, **all three Actions under this goal were fully implemented and sustained, and there were no substantive differences to report.** These efforts have contributed to creating a more inclusive and positive atmosphere for students, staff, and the community. Below is a summary of the Actions taken under Goal 4, highlighting the key initiatives and their impact.

- **Action 1:** The Executive School Safety Committee met regularly to address potential safety concerns and ensure the effective implementation of the School Safety Plan. The school actively engaged educational partners, providing numerous opportunities for input on safety procedures and training needs. To support this, a Mental Health & Wellness Hub was established, offering quick access to information, resources, and partnerships related to bullying prevention/intervention, child human trafficking, mental health support, suicide prevention, teen dating violence, and more. School nurses played a crucial role in maintaining the physical health of the school community. Additionally, Operations and Facilities staff ensured that all school sites' systems and structures were well-prepared for emergency scenarios, significantly enhancing overall safety and readiness.
- **Action 2:** The school's Healthy Youth Therapist and Department provided comprehensive counseling services, referrals, and case management to address all students' needs. The school also actively recruited students for the Character and Leadership Development Program with Cadet Corps. Additionally, staff hosted a Wellness Week for all students, updated the school website with health and wellness information, and offered a Meal Program accessible to all students at resource centers.
- **Action 3:** These actions were specifically designed to address the unique needs of Low-Income and Foster Youth. The school's Homeless and Foster Youth Liaison facilitated identification and case management services, collaborated with community partners, and provided staff training. Specialized school staff offered live social-emotional learning opportunities (RISE) for students as part of the school's Multi-Tiered System of Supports (MTSS).

Differences in estimated actual and budgeted expenditures were primarily due to:

Goal 4.1

Budgeted Expenditures: \$494,381

Estimated Actual Expenditures: \$555,013

Material Difference: Increase of \$60,632

Explanation: Action 1 increased because the installation of Brivo card access controls for resource centers and offices costs being higher than anticipated.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Educational partners expressed high satisfaction with the Goal 4 Actions, recognizing their significant contributions to creating a safe and supportive school culture conducive to teaching and learning. Due to the successful implementation of these actions, the school was able to meet all 2023-24 Metrics. This achievement reflects the **effectiveness** of the strategies in fostering a secure and nurturing environment for the entire school community. A summary of these achievements is provided below:

- Very Low student suspension and expulsion rate.
- High levels of student and parent safety satisfaction.
- Maintain a compliant and comprehensive School Safety Plan that meets the needs of educational partners.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

All Goal 4 Metrics will remain unchanged for the 2024-25 school year, as educational partners are satisfied with them. This continuity reflects confidence in the existing metrics to accurately assess and support the ongoing efforts to maintain a safe and supportive school environment.

However, based upon reflections and educational partner input, the following Actions have been adjusted for SY 2024-25:

- Action 1h: Continue to enhance the school's Mental Health & Wellness Hub to better meet the needs of educational partners by refining both its content and user interface. These improvements aim to ensure that the hub remains a valuable, accessible resource for addressing mental health and wellness concerns within the school community.
- Action 1j: Provide staff with training focused on contemporary issues impacting youth, including comprehensive Fentanyl awareness and education. This training aims to equip educators with the knowledge and skills necessary to address these critical issues, ensuring a safer and more informed school community.
- Action 3d: Integrate comprehensive content and resources specifically tailored for low-income and foster youth into the school's Mental Health and Wellness Hub. This enhancement aims to ensure that these vulnerable student groups have easy access to the support and information they need, promoting their overall well-being and success.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 5 aims to establish community-based resource centers that are innovative in design and actively engage students, parents, and family members. Although the school operates with a non-classroom based instructional model, school leadership is committed to offering a physical school environment. This environment will allow students to interact with peers, participate in live instruction, access school equipment, and meet with school staff throughout the week. There are two Actions included in Goal 5, and upon reviewing each, **school staff have determined that there are no substantive differences to report**. Below is a summary of the key Actions.

- **Action 1:** The school offered numerous opportunities for students, parents, and family members to engage with staff and learn about essential programs and services. These events included Open House, Senior Night, and the Family Learning Series. During these gatherings, staff provided valuable instruction on utilizing various communication and academic tools, such as the School Pathways Student-Parent Portal, Edgenuity, Achieve3000, ParentSquare, the school website, and Naviance. These interactions ensured that families were well-informed and equipped to support their students' educational journeys.
- **Action 2:** These targeted actions aim to support English Learners, Low-Income, and Foster Youth. Key initiatives include providing bus passes to Foster Youth to ensure reliable transportation, facilitating engaging English Learner Advisory Committee (ELAC) meetings to boost parent involvement, and employing bilingual staff to offer translation services. Additionally, the school has made translated materials and resources available to families, ensuring they have access to vital information in their preferred language.

There are no material differences to report for Goal 5.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The school community is highly satisfied with the impact of Goal 5 Actions, which successfully increased engagement and innovation. As a result of these efforts, all Goal 5 Metrics were met for the 2023-24 school year, demonstrating the **effectiveness of these initiatives** in fostering a more dynamic and involved school environment. A summary of these achievements is provided below:

- School facilities are determined to be in Good Repair status, clean, safe, and functional for teaching and learning.
- The school expanded opportunities for parental and family member participation for low-income, English learners, and foster youth students in trainings, advisory meetings, and school events.
- Staff increased opportunities for parental and family member participation for students with exceptional needs.
- The school maintained formal partnerships with community-based organizations to support the needs of the 'Whole Child'.

- Monthly Family Learning Series offered to parents and family members.
- Parents and family members who completed a LCAP Survey reported that the Resource Center provided their child with innovative learning opportunities.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

All Goal 5 Metrics will remain unchanged for the 2024-25 school year, as educational partners are satisfied with their effectiveness. This continuity demonstrates a strong confidence in the current metrics' ability to accurately assess and support the ongoing efforts to establish innovative community-based resource centers that actively engage students, parents, and family members.

However, based on reflections and input from educational partners, the following Actions have been adjusted for the 2024-25 school year to better meet our goals and enhance our initiatives:

- Action 1i: The school is implementing Virtual Reality (VR) across the curriculum, with a particular focus on Career and Technical Education (CTE) and Mathematics, to innovate teaching and learning methods. This cutting-edge technology aims to provide immersive, hands-on experiences that enhance student engagement and understanding. By integrating VR into these key areas, we are preparing students for future careers and fostering a deeper comprehension of complex mathematical concepts. This initiative represents our commitment to innovative educational practices that meet the evolving needs of our students.
- Action 2d: We are placing greater emphasis on actively engaging families of English Learner (EL) students to collaborate on individual goals. This will be achieved by utilizing an ELD progress report card as a key communication tool. By involving families in this process, we aim to create personalized support plans tailored to each student's unique needs and aspirations. This collaborative approach ensures that English Learners receive the targeted support necessary for their academic success.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics

is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated. Page 258 of 1102

- Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The journey to create Altus Schools Charter School of San Diego (CSSD) began in 1993, when charter law was implemented in California. After a year of planning, charter revisions, and collaboration with San Diego Unified School District staff and members of the community, the SDUSD Board of Education unanimously approved CSSD’s petition and charter as the **first approved charter school in San Diego**.

CSSD opened for student enrollment in 1994. It was established as a visionary model for educational reform. Specifically aimed at students whose futures are at risk because conventional schooling has failed them, CSSD provides a unique educational environment for students whose academic and social needs are not met by traditional approaches.

In 2015 and 2021, CSSD was the recipient of the **Malcom Baldrige National Quality Award** for performance excellence through innovation, improvement, and visionary leadership. This award establishes CSSD as a role model for education. This honor is a tribute to excellence across many sectors. It is awarded to organizations that demonstrate quality and performance excellence. Organizations are judged on their Leadership/ Governance, Strategic Planning, Customer Focus, Knowledge Management, Workforce Focus, Operations, and Results.

CSSD is an educational option that serves students in grades 6-12 and received a Six-Year Accreditation Status by WASC through June 30, 2029. CSSD operates 13 neighborhood resource centers within San Diego Unified School District boundaries. Students and families visit these neighborhood resource centers by appointment, or as needed, to participate in the instructional program and meet with school staff in a quiet, distraction-free, and safe environment. CSSD is a non-classroom based, independent study program.

CSSD is an Altus School. Altus Schools focus on academic improvement, high-caliber teaching, safe and supportive learning environments, and the development of role models for educational reform. At CSSD, every student’s progress and academic achievement is important to us.

Our teachers are committed to providing a personalized and rigorous academic experience for each student. Teachers are trained to work on

specific student needs. We ask that students and parents commit to working closely with our teachers. Teachers are actively involved with students and families, engaging with parents on a weekly basis through formal meetings, home visits, phone calls, and emails. Families are considered part of the learning 'team' and an integral part of the learning process.

Our school's standards and expectations are high, and we are proud to offer safe and supportive environments that are conducive to learning. Instruction is presented individually and in small groups. Courses at CSSD are based on Common Core State Standards and are infused with appropriate technology-based activities and assignments. We provide the best available materials and a school culture that is positive, supportive, and committed to putting kids first. In addition to providing a rigorous, personalized academic experience, CSSD works to alleviate social and personal pressures that can impact academic performance. We also have many partnerships and alliances to provide community resources to students and families.

CSSD is identified by the California Department of Education (CDE) as Dashboard Alternative School Status (DASS). DASS schools must have an unduplicated count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups, to be eligible for DASS. The high-risk groups include the following:

- a) Expelled
- b) Suspended more than 10 days in a school year
- c) Wards of the Court
- d) Pregnant and/or parenting
- e) Recovered Dropouts
- f) Habitually Truant
- g) Retained more than once in kindergarten through grade eight
- h) Students who are credit deficient
- i) Students with a gap in enrollment
- j) Students with a high-level transiency
- k) Foster youth
- l) Homeless youth

In February 2024, CSSD had a total enrollment of 1,633 students. The demographic breakdown of this student population is as follows:

Socioeconomic Status:

- Socioeconomically Disadvantaged: 1,176 students (72%)
- Non-Socioeconomically Disadvantaged: 457 students (28%)

Special Populations:

- Students with Disabilities: 408 students (25%)
- Gifted and Talented Education (GATE): 163 students (10%)
- English Learners: 227 students (14%)
- Homeless: 196 students (12%)
- Foster Youth: 0 students (0%)

Ethnicity:

- Hispanic: 1,029 students (63%)
- White: 294 students (18%)
- Black or African American: 131 students (8%)
- Other Ethnicities: 179 students (11%)

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

CSSD's educational partners are satisfied with the school's commitment to providing a personalized instructional program for all students that meets their individual needs. As a result, there were many **successes** reported in the 2023 School Dashboard:

- **Chronic Absenteeism** was a **Green (Low) Performance Level**. There were no student groups performing in the Red (Very Low) Performance level.
- **Suspension Rate** was a **Blue (Very Low) Performance Level**. There were no student groups performing in the Red (Very High) Performance Level.
- **English Learner Progress** was a **Green (High) Performance Level**. 53.8% of English Learner students are making progress towards English language proficiency.
- **English Language Arts** was a **Yellow (Medium) Performance Level**. There were no student groups performing in the Red (Very Low) Performance Level.

In addition, educational partners remain very satisfied with the school's **DASS One-Year Grad Rate**, summarized in the table provided below. The schoolwide graduation rate average was 89.4%.

Graduation Rate by Student Group

Student Group	Number of Students in the Graduation Rate	Number of Graduates	Graduation Rate
All Students	395	353	89.4%
English Learners	42	34	81.0%
Foster Youth	4	*	*
Homeless	28	23	82.1%
Socioeconomically Disadvantaged	262	225	85.9%
Students with Disabilities	87	75	86.2%
African American	33	30	90.9%
Asian	11	10	90.9%
Filipino	10	*	*
Hispanic	223	194	87.0%
Native Hawaiian or Pacific Islander	1	*	*
White	82	78	95.1%
Two or More Races	33	31	93.9%

Based upon a thorough analysis of the 2023 School Dashboard, the school will continue to focus resources and develop strategies to **strengthen** the student outcomes identified below:

- **Combined Four-and Five-Year Graduation Rate** was a Red (Very Low) Performance Level. There were 8 Student Groups that performed Very Low: African American, English Learners, Hispanic, Homeless, Two or More Races, Socioeconomically Disadvantaged,

Students with Disabilities, and White. It should be noted that prior to 2022, the California Department of Education utilized the One-Year Grad Rate as a modified method for DASS schools. *However, beginning with the 2022 School Dashboard, the DASS one-year graduation rate is being reported for information purposes only to provide data for local planning and analyses. With the denial of California’s waiver in 2022 by the U.S. Department of Education to continue the use of the DASS one-year graduation rate and modified methods, this rate is no longer being used to determine DASS high schools for Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI). Rather, the combined four- and five-year graduation rate is now applied.* While the school will continue to focus on improving the combined four- and five-year graduation rate, the school excelled in the DASS One-Year Grad Rate provided by the CDE: [Graduation Rate by Student Group](#).

- **College/Career** was a Low Performance Status. The California Department of Education did not provide Performance Colors to schools for the 2023 School Dashboard. However, CSSD had 7 Student Groups that performed Very Low: African American, English Learners, Hispanic, Homeless, Two or More Races, Socioeconomically Disadvantaged, and Students with Disabilities. To enhance performance in this indicator, counselors will dedicate their efforts to actively recruit and guide student participation in Early College Credit Programs, CTE Pathways, and Leadership/Military Science coursework. Additionally, the school will refine its monitoring systems to track individual student progress toward meeting the CCI Prepared criteria effectively.
- **Mathematics** was a Red (Very Low) Performance Level. There were 3 Student Groups that performed Very Low: English Learners, Hispanic, and Socioeconomically Disadvantaged. The school will continue to refine and implement a systematic approach of curriculum, instruction, and professional learning to improve mathematics achievement for All Students and significant student groups. In September 2024, Altus Schools will host a **Math Literacy Summit**, a dedicated event aimed at equipping all instructional staff with valuable insights into mathematics instruction. Throughout the full-day summit, attendees will engage with research-backed mathematical strategies proven to enhance both student engagement and achievement. While the summit will cover strategies applicable to all students, there will be a particular emphasis on addressing the needs of high-needs student groups. Furthermore, our utilization of the **California Educators Reporting System (CERS)** will improve the school’s data-analysis capabilities, empowering staff to identify and support students who may be at risk of falling below grade-level standards. This enhanced data-driven approach will ensure that all students receive the targeted instruction that meets their individual academic needs. Additionally, the school has invested in a cutting-edge mathematics **Virtual Reality (VR)** curriculum, customized to target essential grade-level topics and standards. To facilitate seamless integration of these immersive learning experiences into the math curriculum, teachers and staff will benefit from ongoing coaching provided by the Altus Schools Math Specialist. This personalized support will empower educators to harness the full potential of VR technology in their instructional activities, enriching the learning journey for all students.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

CSSD is eligible for technical assistance, frequently referred to as Differentiated Assistance, due to results from the 2022 and 2023 State Dashboards. This determination is based upon student group performance on LCFF State Priority Areas.

As part of the Differentiated Assistance (DA) work, CSSD's instructional leadership have analyzed historical Student Dashboard data, and identified the following student groups and prioritized improvement in specific State Priority Areas: Page 264 of 1102

- African American: Graduation Rate and College/Career Indicator
- English Learners: Mathematics, Graduation Rate, and College/Career Indicator
- Hispanic: Graduation Rate, Mathematics, and College/Career Indicator
- Homeless: Graduation Rate and College/Career Indicator
- Socioeconomically Disadvantaged: Graduation Rate, Mathematics, and College/Career Indicator
- Students with Disabilities: Graduation Rate and College/Career Indicator
- Two or More Races: Graduation Rate and College/Career Indicator

CSSD's instructional leadership have partnered with the San Diego County Office of Education (SDCOE) for guidance and support related to Differentiated Assistance. SDCOE has provided a series of professional learning opportunities in Spring 2024 that CSSD leaders have joined and gleaned valuable strategies and resources. As part of this professional learning, CSSD leaders have been focused on data analysis, particularly Satellite and Map data sources, to illuminate patterns of inequity, point us in a general direction for further investigation, and help us identify skills that are needed (students and educators). This data analysis has been essential to the development of the 2024-25 LCAP, particularly Goals, Metrics, and Actions that target All Students and targeted groups.

Based upon root cause analysis protocols, the school has incorporated the following three Actions into the 2024-25 LCAP to elevate student outcomes:

- In response to a **Very Low Combined Four- and Five-Year Graduation Rate**, Goal 1 Action 4 is focused on enhancing academic engagement and increasing the percentage of students graduating on time, particularly benefiting historically marginalized student groups. Key components of this action include the effective implementation of MTSS, the addition of school support staff to provide targeted tutoring, and partnerships with community-based programs to offer high-dosage tutoring. Additionally, counselors dedicated to college and career planning will address the comprehensive needs of each student, ensuring equitable support and resources for historically marginalized groups.
- To address low performance on the **College/Career Indicator**, Goal 2 Action 3 aims to increase the percentage of graduates who meet the Prepared Criteria. Key efforts include aligning curriculum and course offerings with the demands of post-secondary pathways, and providing CTE courses and certification programs that adhere to industry standards. Additionally, the school will host an annual Career Industry and College Week, expand Early College Credit opportunities, and administer AP exams to offer students diverse ways to earn college credits and explore various career paths. Counseling staff will ensure students and their families are well-informed about the benefits of early college credit, registration deadlines, dual enrollment, and work-based learning opportunities, promoting comprehensive preparation for life after high school.
- To elevate student **Mathematics** achievement for all students, particularly the lowest-performing groups, Goal 3 Action 3 is designed to improve performance in this critical area. Key initiatives include hosting a Math Literacy Summit focused on data analysis and evidence-based instruction and partnering with experts for ongoing professional learning in culturally responsive practices. Regular Math Study Group meetings and staff training on utilizing the California Educators Reporting System (CERS) will support targeted instructional

planning for underperforming students. Additionally, implementing VR mathematics and providing professional development to support English Learners will enhance student engagement, access to grade-level content, and academic vocabulary, ultimately boosting math achievement. Page 265 of 1102

Moving forward, CSSD leaders plan to continue gathering and analyzing qualitative data throughout Spring and Summer 2024. The goal of this continued data analysis is to uncover growth opportunities within the system, delve into root causes from the community's perspective, and collect insights that will foster innovative, human-centered solutions. This approach is intended to enhance systemic changes and improve educational outcomes across our school.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Altus Schools Charter School of San Diego (CSSD) is eligible for Comprehensive Support and Improvement (CSI).

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

CSSD is eligible for CSI due to the school's three-year average of the Combined Four-Year and Five-Year Graduation Rate, as indicated on the School Dashboard.

Beginning with the 2022 School Dashboard, DASS schools were provided with the Combined Four-Year and Five-Year Graduation Rate, to measure academic performance of high school students. Prior to 2022, the One-Year Graduation Rate was used for accountability for DASS schools because they serve highly mobile and credit-deficient students. However, this is no longer allowable due to concerns raised by the U.S. Department of Education (ED) regarding California's use of a DASS modified graduation rate and academic indicator on the Dashboard.

While the Combined Four-Year and Five-Year Graduation Rate calculation method may be unfavorable to a DASS school, the **school community is committed to continuous improvement and performance excellence.**

The school's Comprehensive Support and Improvement (CSI) Plans were **jointly developed** by educational partners, including teachers, staff, students, parents, and family members. Meaningful feedback from these partners was gathered through various channels, such as surveys, school events, meetings, conferences, and training. This feedback was then systematically collected, organized, and analyzed by the school to identify the educational needs of all students and to devise programs, services, and resource allocations accordingly.

1. **Identification and Refinement of Needs:** Partners participated in data analysis processes to identify areas requiring improvement and refine the understanding of student needs.
2. **Creation of Goals:** Collaboratively, partners established clear goals that align with the identified needs and aspirations of the school community.
3. **Establishment of Metrics:** Together, partners determined appropriate metrics and indicators to measure progress towards the established goals effectively.
4. **Designation of Activities:** Partners contributed to the selection and design of specific activities and interventions aimed at addressing the identified needs and achieving the established goals.
5. **Resource Allocation:** The input from educational partners informed decisions regarding the allocation of resources, ensuring that they were directed towards initiatives with the greatest potential for impact.

Educational partners engaged in a comprehensive **Needs Assessment** process that specifically targeted students who were either failing to meet or at risk of failing to meet state academic standards. To facilitate this assessment, partners followed an Improvement Science Protocol, which provided a structured framework for identifying achievement gaps and formulating strategies for improvement.

During this process, educational partners focused on the current state of graduation rates and established the school's ideal rates of growth as benchmarks for progress. They analyzed a wide range of data and information pertaining to student engagement and achievement, including:

- **School Dashboard Indicators:** These indicators encompass various aspects of school performance and student outcomes, providing a holistic view of the school's effectiveness.
- **Measures of Academic Progress by NWEA:** This assessment tool provides valuable insights into individual student growth and proficiency in key subject areas, helping to identify areas of strength and areas needing improvement.
- **Monthly Storybook Reports:** These reports contain qualitative and quantitative data on student progress, behavior, attendance, and other relevant factors, offering a narrative perspective on student performance.

During the Needs Assessment process, all stakeholder groups analyzed historical and trend data for both All Students and unduplicated student groups. This comprehensive approach ensured that the assessment considered the unique needs and challenges faced by various student populations within the school.

As part of this analysis, educational partners carefully reviewed **resource allocation** across different categories. After a thorough analysis, partners reached a consensus that school resources were appropriately allocated to support the needs of all students. Importantly, **no resource inequities were identified**, indicating a fair distribution of resources across different student groups and academic programs.

Moreover, there was agreement among educational partners regarding the effectiveness of the school's instructional model in addressing the needs of the lowest achieving students and those at potentially higher risk. The Pathways Personalized Education Program (PPEP) was specifically highlighted as a systematic approach that provides instructional staff with the tools and strategies necessary to support the academic and social-emotional needs of all students.

The school has embraced a **Continuous Improvement Framework**, which fosters a problem-solving approach and examination of the system responsible for producing outcomes. This framework is pivotal for sustaining program improvement efforts and consists of five fundamental steps: Inform, Select, Plan, Implement, and Analyze. At the heart of each step in this continuous improvement process, educational partners engage in evidence-based decision-making and reflection.

Educational partners adhered to this continuous improvement framework while devising a systematic plan to enhance the graduation rate. The initial step involved analysis, during which educational partners investigated various aspects such as school needs, historical trends, potential challenges and barriers, and current strategies and interventions. Through this process, several key themes emerged that impact the school's graduation rate:

- a) **Credit Deficiency:** Upon initial enrollment at CSSD, many high school students enroll with credit deficiencies, jeopardizing their ability to graduate on time with their peers. Some may require an additional year or two to fulfill graduation requirements due to this shortfall.
- b) **Academic Preparedness:** High school students generally enroll below grade level in English Language Arts and Mathematics skills, as measured by NWEA assessments. Addressing this requires high-quality instruction and rigorous materials to close potential achievement gaps.
- c) **Individualized Support:** Students require additional small group and one-on-one tutoring in core classes to meet credit completion pacing requirements effectively.
- d) **Access to Technology:** Students and families, particularly those from socioeconomically disadvantaged backgrounds, need access to computers and/or home internet to ensure equitable access to the educational program.
- e) **Programs and Services:** Providing access to programs and services such as Naviance, AVID, Pathways Portfolio, Cadet Corps, CTE Pathways, Advanced Placement (AP), and Early College Credit is essential. These initiatives are designed to engage and prepare students for post-secondary pathways.

- f) **Role of Counselors:** Counselors play a crucial role in assisting students with college and career planning. This includes academic guidance, college research, application assistance, career exploration, financial aid, scholarships, personal/social support, and college transition support.
- g) **Social-Emotional Learning (SEL):** Students need access to social-emotional learning opportunities and support/resources to foster engagement and achievement in school.

Based upon the Needs Assessment results, the school engaged in a comprehensive selection process to identify allowable CSI activities that build capacity, are evidence-based, and address the school's need to increase Graduation Rate. As a result, the school has integrated specific actions and services into the 2024-25 LCAP which are designed to improve Graduation Rate:

- **Goal 1, Action 3:** Recruit and hire additional instructional support staff that are designed to support the educational program. Additional instructional support staff can help provide personalized attention to students, helping to address individual learning needs and improve academic performance.
- **Goal 1, Action 4:** Provide a high dosage tutoring program to students focused on intensive and targeted instruction over an extended period. This will involve one-on-one or small group instruction, allowing high-quality tutors to tailor their approach to individual needs.
- **Goal 1, Action 4:** Promote, recruit, and expand AVID Program to more students. AVID fosters a supportive learning community and cultivates a college-going culture, encouraging students to set ambitious goals and persist through challenges, ultimately leading to higher graduation rates.
- **Goal 2, Action 2:** Provide Chromebooks and internet services to students in need to enhance educational opportunities, create equal access to information, improve collaboration and communication, build digital literacy and technological skills, access personalized learning, and access career readiness tools and platforms.
- **Goal 2, Action 3:** Provide an Early College Credit Program that allows high school students to take college courses and earn college credits while attending high school. The Early College Credit Program is free to eligible students to increase the number of low socioeconomic status students who can attend and complete college.
- **Goal 2, Action 3:** Counselors will provide guidance, advising, and training to students and family members focused on preparing for college/career pathways.
- **Goal 3, Action 1:** Professional development for staff focused on implementing the school's MTSS with fidelity to ensure that the 'Whole Child' is being supported.

- **Goal 3, Action 2:** Specialized professional development for staff focused on utilization of evidence-based instructional strategies and rigorous materials to quickly close potential achievement gaps that may exist in Math and ELA, specifically for historically underserved student groups.

Educational partners ultimately believe that by offering personalized support, academic resources, and college readiness programs tailored to individual student needs, students will be motivated and purposeful in completing the required graduation coursework on time.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

To monitor and evaluate effectiveness of CSI strategies, the school’s Combined Four-Year and Five-Year Graduation Rate Metric is included in Goal 1. The desired outcome is to improve annually on this Metric or exceed the County DASS schools’ average or State DASS schools’ average. The school’s Data Department staff analyzed results of the 2023 Dashboard and determined that the State DASS school average was 54.2% and San Diego County DASS school average was 49.3%.

For the 2024-25 school year, school leadership will continue to implement, analyze, and enhance the strategies, and supports embedded in the CSI Plan as part of the Continuous Improvement Framework. To monitor and evaluate the effectiveness of the CSI Plan services and support, the school will use multiple assessment tools, data analysis protocols, and will include key educational partners. To ensure continuous improvement, educational partners will review data published in the School Dashboard, Monthly Storybook Reports, and Survey Results to determine if the CSI Plan has been effective in addressing the areas of need for all students, but especially for the lowest-achieving students. Educational partners will utilize evaluative methods, particularly guiding questions for quantitative and qualitative data analysis, provided by the San Diego County of Office Education (SDCOE) to determine program effectiveness.

The following school departments and personnel will support the monitoring of designated strategies and interventions for high school students:

School Data Department

- Publish a Monthly Storybook that includes the number of students assigned to the Early College Credit Program, intervention frequency/methods, participation/attendance, and credit completion rates.
- Provide teachers, counselors, and instructional leaders with a quarterly SharePoint Technology Tool to monitor and respond to grade 12 students marked as ‘not on-track’ to graduate.

School Curriculum & Professional Learning Department

- Develop an annual Professional Development Catalog and adjust training topics and formats throughout the year based upon instructional staff feedback and teaching and learning data. Page 270 of 1102
- Publish a monthly professional development (PD) report that summarizes the number of PD hours completed per teacher and in each content domain.

School Leadership

- Monitor and evaluate effectiveness of actions and interventions at weekly team meetings by analyzing comprehensive school data.

Instructional Leaders

- Meet with all teachers in July, October, and January to review individual students' progress towards graduation.
- Conduct ongoing teaching observations, September 2024 to April 2025, to ensure teachers and tutors are providing high-level, targeted instruction that supports the needs of the lowest achieving students. Observations will also be focused on the use of grade-level curriculum, technology tools, and the integration of TIPS and AVID instructional strategies.

School Counselors

- Meet weekly with instructional leaders to discuss and collaborate on students entering Tier II and Tier III interventions, as prescribed in the school's MTSS.
- Ongoing utilization of the School Pathways Student Information System to monitor high school student progress towards graduation.
- Meet weekly with instructional leaders to discuss grade 12 student participation and credit completion rates.

Teachers

- Ongoing utilization of monitoring tools, including Grad Countdowns and Student Participation/Credit Trackers as instruments to identify students at-risk of not graduating on-time.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Students

The voice of the student was central to the development of the school's LCAP, ensuring that their individual needs and perspectives were heard and valued. Students were provided with a variety of opportunities to contribute their insights on the effectiveness of current school actions and programming in meeting their academic, social-emotional, and behavioral needs.

Through the Student LCAP Engagement Survey, students had a direct platform to share their feedback and suggestions. Their participation in School Site Council (SSC) meetings and English Learner Advisory Committee (ELAC) meetings allowed them to engage in discussions on key school initiatives and policies.

Events such as Open House Events, Senior Night Events, College and Career Week, Senior Exhibition Panels, and Health & Wellness Week provided additional avenues for students to provide input and share their experiences. These events fostered open dialogue between students, educators, and administrators, facilitating a deeper understanding of student perspectives and needs.

Furthermore, student-teacher conferences provided personalized opportunities for students to discuss their academic progress, goals, and challenges with their teachers. By actively involving students in the development of the LCAP, the school demonstrated its commitment to creating a student-centered learning environment that promotes academic success, social-emotional well-being, and positive behavior.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community needs to ensure opportunities and outcomes are improved for all students. Information collected is used in the school's comprehensive strategic planning, accountability and improvement in areas specified as California State Priorities.

It is evident that educational partners are satisfied with many of the existing actions designed to support student engagement and achievement for all students. For that reason, the school will maintain five LCAP goals for the 2024-25 school year. These five goals address the instructional approach, curriculum, professional development system, school climate, and family engagement. Each LCAP Goal, along with corresponding Metrics are aligned to State and Local priorities. Metrics included in the 2024-25 LCAP are focused on Status and Change, aligned to the California School Dashboard's Five-by-Five Placement approach. There are some Metrics that use a locally set target based upon historical outcomes or may be appropriate for a school that serves a high-risk student population (DASS).

- **Goal 1, Action 3:** Targeted recruitment of instructional support staff that can provide high-quality one-on-one and small group instruction to students at risk of or failing to meet content standards.
- **Goal 2, Action 3:** Counseling and advising services focused on helping students plan for post-high school pathways.
- **Goal 3, Action 2:** Additional training focused on meeting the unique needs of newcomer, immigrant, and refugee students who may be new to the community or school system.
- **Goal 3, Action 3:** Continue to facilitate monthly Math Study Groups sessions focused on research-based strategies to elevate student math achievement.
- **Goal 3, Action 3:** Ongoing math professional learning available to all staff, focused on building skills and knowledge, and effective methods to facilitate peer-to-peer math talk.

Parents, Family Members, and Advisory Committees:

- **Goal 5, Action 2:** Fully utilize Teams and Zoom translation features to better engage families who speak languages other than English.
- **Metric 5.4:** Offer access to community partners and affiliates that concentrate on health and wellness, including physical fitness and mental wellbeing.
- **Metric 5.6:** Integrating innovative technology into the curriculum, teaching students how to use digital tools effectively and responsibly, which is crucial for both college and career success.

Students

These educational partners provided first-hand insights into school communication, instructional methods, curriculum design, health, and safety. Based on their input, the following Actions have been prioritized for the 2024-25 LCAP:

- **Goal 1, Action 3:** Organize and provide field trips throughout the academic year that align with student interests and future plans.
- **Goal 2, Action 3:** Continue to offer a range of Career and Technical Education (CTE) pathways and courses that are relevant and prepare students for various post-high school opportunities.
- **Goal 2, Action 3:** Provide access to counselor and advising services that help them navigate the complexities of college applications, financial aid, and scholarship opportunities.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Maximize student academic engagement and achievement through the implementation of a personalized and innovative instructional program with metrics appropriate for a school participating in the Dashboard Alternative School Status Program (DASS).	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic Services (Conditions of Learning)
- Priority 4: Student Achievement (Pupil Outcomes)
- Priority 5: Student Engagement (Engagement)
- Priority 8: Student Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

CSSD provides academic intervention and support to students facing educational challenges for various reasons. Historically, students entering CSSD are credit deficient and below grade level in Reading, Language, and Mathematics skills, as indicated by NWEA assessments. In response, CSSD is committed to the development and implementation of Pathways Personalized Education Plans (PPEP) for all students. The primary objective is to accelerate student learning, particularly for struggling students, while also assisting them in achieving their individual educational goals and preparing them for success in college, career, and beyond.

State Priorities addressed by this goal.

Priority 1: Basic Services (Conditions of Learning)
Priority 3: Parent Involvement (Engagement)

An explanation of why the LEA has developed this goal.

Innovative and engaging school sites are crucial as they adapt to the evolving educational demands and cater to diverse learning styles, ensuring that all students can thrive in an environment that stimulates engagement, curiosity, and creativity. These community-based resource centers foster a sense of community and belonging, crucial for building strong relationships among students, teachers, and families, which in turn enhances educational outcomes. Additionally, by incorporating state-of-the-art facilities and resources, these schools can offer a wide range of programs and services that meet the comprehensive needs of all educational partners, preparing students more effectively for future challenges.

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
----------------------	--------------------	---	------------------------------------

<p>Goal 1, Action 4</p>	<p>Identified Needs of English Learners (EL), Low Income (LI), and Foster Youth (FY):</p> <ul style="list-style-type: none"> a) Holistic support system that addresses not only academic needs but also emotional, social, and behavior. b) Increase academic progress and credit completion rates for required graduation coursework. c) Improve daily study habits and academic proficiency in core subjects. d) Build healthy learning habits, content knowledge, and prepare for college/career pathways. e) Counseling staff that can meet with students and address the interconnected areas of academics, emotional health, and behavior. f) Equity and Inclusion staff that provide support for underrepresented students, advocate for students who may face bias, help students access resources that may be necessary for their success, create safe spaces where students can discuss issues related to identity/experiences, and implement programs that promote diversity/inclusion. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To address the holistic needs of each student, the school has designed a comprehensive Multi-Tiered System of Support (MTSS) that teachers, staff, and administrators use to provide targeted support. MTSS is fundamentally proactive, aiming to identify and address student needs before they escalate into more significant issues. This approach benefits all students by maintaining continuous monitoring and support, but it is especially critical for underserved students who may not have access to similar support outside of school. Because MTSS is focused on early intervention, tailored support, and data-driven decision-making, it is especially advantageous for underserved and marginalized student groups, helping to bridge the gap in educational equity. b) To increase academic progress and credit completion rates for EL, LI, and FY, the school will employ additional instructional support staff that can provide individualized attention and tailored tutoring to students. While support staff can work with all students, this personalized support is particularly beneficial for students from underserved backgrounds who might face additional barriers to learning, such as language challenges, limited access to educational resources at home, or cultural differences. c) To improve students' daily study habits and academic proficiency in core subjects, the school will partner with a non-profit 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) Middle School Dropout Rate (M1.17); High School Dropout Rate (M1.18); Student Confidence Survey (M1.19) b) Chronic Absenteeism Rate (M1.5); English Learner Progress Indicator (M1.10); Student Attendance Rate (M1.16) c) DASS One-Year Graduation Rate (M1.3); Combined Four-and Five-Year Graduation Rate (M1.4) d) NWEA Reading (M1.12); NWEA Language (M1.13); NWEA Math (M1.14) e) Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16) f) Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16)

organization that can provide high dosage tutoring opportunities for students throughout the school week. While this high dosage tutoring will be offered LEA-wide, it will help address and close achievement gaps by providing extra tutoring, mentoring, and academic support. This is crucial for students who might not receive adequate educational support outside of school, helping these students keep up with their peers and grade level expectations.

- d) To build academic skills, knowledge, and preparation for future pathways, the school will provide an AVID Program. While AVID will be offered LEA-wide, educational partners report that the program provides them with more opportunities to build close relationships with students, which can be especially important for marginalized students who may feel disconnected from the traditional school activities and structures. These relationships can foster a sense of belonging, enhancing a students' academic engagement and motivation to succeed in school.
- e) To meet the social-emotional needs of students, counselors are trained to provide not only academic but also social-emotional support. This is particularly important for underserved students who may experience high levels of stress and anxiety related to their personal circumstances. Counselors can help students develop coping strategies and resilience in education.
- f) To help meet the needs of learners from diverse backgrounds, the school will provide Equity and Inclusion (E&I) staff that can act

as advocates for underserved students, ensuring their needs are met within the school system. E&I staff can play a key role in bridging the gap between schools and communities, particularly in marginalized areas. This can help with navigating the educational landscape, assist in accessing services, and providing equitable treatment and opportunities.

<p>Goal 2, Action 2</p>	<p>Identified Needs of English Learners (EL), Low Income (LI), and Foster Youth (FY):</p> <ul style="list-style-type: none"> a) Families lack home computers and internet services to access the full educational program. b) Develop a school curriculum that is accessible, meaningful, and relevant to all learners. c) Specialized programs to increase the percentage of English Learner students making progress towards English language proficiency. d) Supplemental academic support for ELs to build literacy skills and access content area knowledge. e) Recruit additional EL students to participate in advance coursework and earn early college credit while in high school. f) Specialized programs to promote recovery of instructional time and pacing towards high school graduation. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To close the digital divide, the school will provide a Chromebook and/or internet service to all families in need to help bridge the digital divide and promote equity in education. Research shows that students from socio-economically disadvantaged backgrounds are more likely to lack access to technology and internet at home, creating a 'homework gap' that can hinder their ability to fully participate in the educational program. Providing all students with technology and internet access helps ensure equal opportunities for learning and reduces disparities in educational outcomes. The school expects the Altus Connect Program to improve digital access and equity, expand learning opportunities, engender personalized and differentiated instruction, promote digital literacy, and enhance parental engagement and communication. b) To meet the diverse learning needs and styles of all students, the school's curriculum departments (APAC), integrates Universal Design for Learning (UDL) guidelines into the core curriculum. While UDL will benefit all students, educational research indicates that it is vital for underserved students because it creates an inclusive environment that proactively addresses diverse learning needs, including language barriers, disabilities, or different cultural backgrounds. The school expects these services to narrow achievement gaps, increase educational access, and create a more inclusive learning environment for all students. 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) Chronic Absenteeism Rate (M1.5); Student Attendance Rate (M1.16); Standards Aligned Materials (M2.1) b) NWEA Reading (M1.12); NWEA Language (M1.13); NWEA Math (M1.14); Broad Course of Study (M2.2); Programs and Services to Pupils with Exceptional Needs (M2.3) c) NWEA Reading (M1.12); English Learner Progress Indicator (M1.10) d) Chronic Absenteeism Rate (M1.5); English Learner Progress Indicator (M1.10); Student Attendance Rate (M1.16) e) Participation in AP Courses (M2.5); AP Exams (M2.15) f) Middle School Dropout Rate (M1.17); High School Dropout Rate (M1.18); DASS One-Year Graduation Rate (M1.3); Combined Four- and Five-Year Graduation Rate (M1.4)
-----------------------------	---	--	--

- c) To improve English language proficiency rates, the school will implement Achieve3000, an online literacy platform designed to enhance reading comprehension and vocabulary for all students, including English Learners. This platform adapts content to individual reading levels and includes a variety of tools and activities to aid in language development. Educational partners indicate that Achieve3000 will likely boost English learners' performance on the ELPAC by aligning texts with students' reading abilities, offering personalized learning paths, and progressively adjusting the difficulty level. Although primarily aimed at English learners, school staff believe this program will also assist other students identified as struggling readers.

- d) To build literacy skills and content knowledge of English Learner students, the school will utilize BrainPop and BrainPOP ELL as an educational tool that will be integrated into the school's English Language Development (ELD) Program. These resources support ELs through engaging animated videos, comprehensive activities, vocabulary building, grammar lessons, and opportunities for writing and speaking practice, along with promoting cultural awareness. We anticipate that these tools will not only help improve our school's English Language Proficiency Indicator (ELPI) and other engagement metrics, such as attendance rates, but also benefit other students by making learning more enjoyable and aiding in language skill development across various subjects.

- e) To increase college and career readiness for English Learners, the school will conduct

targeted recruitment of English Learner students to participate in Honors and Advanced Placement (AP) coursework. This initiative not only aims to bridge opportunity gaps but also promotes educational equity by ensuring that ELs have access to challenging academic programs. By encouraging EL participation in these advanced courses, we anticipate a rise in the number of EL students taking advanced coursework and meeting the CCI Prepared criteria as reported on the School Dashboard. Furthermore, as we create and distribute flyers and other informational materials about these opportunities, we expect to see a broader impact on the school community. This visibility will likely encourage greater overall student interest and participation in our Honors and AP programs, thereby enhancing academic engagement and achievement LEA-wide.

- f) To address the needs of new students who enroll credit deficient, our school is implementing Edgenuity Prescriptive Testing courses for qualifying students. These courses are designed to facilitate the recovery of instructional time and accelerate progress toward high school graduation. Research highlights that credit recovery classes not only ensure timely graduation but also facilitate a smoother transition to postsecondary education or the workforce. By enabling students to efficiently regain credits, these programs significantly broaden their future educational and career prospects. The implementation of these courses is expected to increase graduation rates and reduce dropout rates, particularly for students from low-income backgrounds, reinforcing

our commitment to support all students in completing their high school education and accessing further opportunities.

<p>Goal 3, Action 3</p>	<p>Identified Needs of English Learners (EL), Low Income (LI), and Foster Youth (FY):</p> <ul style="list-style-type: none"> a) Professional learning for instructional staff centered on evaluating student mathematics achievement data and applying evidence-based teaching methods to address the distinct learning requirements of special populations. b) Offer professional learning for instructional staff centered on methods to link mathematical concepts with students' cultural contexts, thereby improving comprehension and fostering greater interest in the subject. c) Organize a Math Study Group that meets regularly to explore new pedagogical techniques, integrating technology into math instruction, analyze key standards and topics, discuss effective teaching and intervention methods. d) Offer professional learning opportunities for staff aimed at enhancing their skills in analyzing student achievement data. This is crucial for identifying and addressing any existing disparities, ensuring that every student, irrespective of their background, can meet grade-level standards and be successful. e) Provide professional learning for instructional staff focused on leveraging the immersive and interactive capabilities of Virtual Reality (VR) technology to increase student engagement in mathematics, making abstract concepts more tangible and understandable. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To meet the diverse and unique learning needs of special populations, the school will provide a full day of math professional learning (Math Literacy Summit) focused on evaluating individual student mathematics achievement data and implementing appropriate teaching strategies. By applying evidence-based methods, educators can specifically address and support the unique challenges faced by special populations such as low-income students, foster youth, and English learner students, promoting equity in educational outcomes. This targeted approach not only boosts overall student engagement and achievement but significantly aids those who may lack additional educational support outside of school, leveling the playing field. b) To meet the cultural needs of special populations, the school will partner with a mathematical expert or organization that can provide ongoing and sustained professional learning centered on culturally responsive teaching practices. Culturally responsive mathematical instruction ensures that teaching practices and curricular materials reflect the diverse backgrounds and experiences of all students, making learning more relevant and accessible. This approach is especially beneficial for English learners, low-income, and foster youth as it acknowledges and integrates their unique cultural contexts, thereby increasing their engagement and connection to the material. c) To provide staff with additional collaboration opportunities, the school will organize a Math Study Group that regularly explores new pedagogical techniques. This group's focus on analyzing key standards and discussing effective teaching and intervention methods ensures that instruction is aligned with best practices and tailored to meet diverse learning needs. English learners, low-income, and foster youth students particularly benefit from this action as it fosters an environment of targeted support and intervention, addressing educational gaps and promoting equity in learning opportunities. These improvements in teaching quality and relevance can significantly enhance engagement, understanding, and academic success for these vulnerable student groups, better preparing them for future educational and career challenges.

d) To enhance student achievement data analysis, the school will provide professional learning focused on how to utilize the California Educators Reporting System (CERS) to aid instructional planning practices. This targeted analysis helps educators identify specific areas where students, particularly those from underperforming groups, are struggling and adjust teaching strategies accordingly. For English learners, low-income, and foster youth, this personalized attention can

significantly close achievement gaps by addressing the unique challenges they face. Consequently, this approach not only enhances learning outcomes for all students but is particularly transformative for those who traditionally lack support, thereby boosting their academic achievement and future educational prospects.

- e) To provide students with innovative teaching and learning methods, the school will provide professional learning centered on effective implementation of Virtual Reality (VR) mathematics. Implementing VR into the math curriculum through established protocols can significantly boost engagement among historically underserved students, as immersive learning environments often increase motivation and understanding by providing interactive and contextual experiences. This strategy aligns with findings that suggest technology-enhanced instruction can lead to improved academic outcomes, particularly in complex subjects like mathematics.
- f) To ensure that each instructional staff can tailor teaching strategies to meet the diverse needs of all students, the school will employ a Math Specialist to provide personalized professional learning. The Math Specialist will provide targeted approaches to benefit special populations like low income, English learner students, and foster youth, who may face unique educational challenges that require specialized support to achieve academic success. By equipping teachers with the skills to differentiate instruction and engage these students effectively, the specialist helps create a more inclusive and

<p>Goal 1, Action 2</p>	<p>Identified Needs of English Learners:</p> <ul style="list-style-type: none"> a) Accurately identify students who are new to the state or country and whose primary language is not English to appropriately provide language support and educational resources. b) Monitor English proficiency progress among English learner students to guide instructional planning, provide targeted supports, and help make informed decision on reclassification. c) Ensure that the specific language learning needs of English Learner students are addressed alongside their disability accommodations. d) Schoolwide evidence-based strategies to support the unique learning needs of English learner students. e) Schoolwide formative and summative assessment tools to monitor language acquisition. f) A comprehensive English Learner Plan, uniquely designed for an Independent Study, with evidence-based strategies to reinforce language acquisition of mastery of core content knowledge. g) Provide Designated ELD to English Learner students that offers personalization, blended learning opportunities, tailored to grade level, and language proficiency. h) Use a combination of English Learner Program data platforms to support instructional planning. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To provide language support and educational resources for EL students, the school will utilize a Home Language Survey to quickly assess the English proficiency levels of new students. This initial evaluation is crucial for designing customized English Learner (EL) plans that cater specifically to each student's language needs. By providing tailored support from the outset, these plans help EL students acclimate faster and more effectively, enhancing their overall academic success and integration into the school environment. b) To accurately monitor the language development of English Learner students over time, the school will administer the ELPAC. Staff will use ELPAC data to make informed decisions about teaching strategies and resource allocation, ensure that instruction is effectively tailored to meet the needs of EL students. By identifying areas where students require additional support or intervention, the school can provide targeted assistance to help ELs overcome specific challenges in language acquisition. Additionally, the results from the ELPAC play a critical role in determining when a student has met the criteria for reclassification from English Learner status, which can significantly impact their educational trajectory and access to a broader range of opportunities. c) To meet the unique needs of English Learners with disabilities, the school will incorporate academic language development goals into their IEPs. identify individual strengths and areas needing improvement, facilitating targeted instruction that effectively addresses specific learning needs. Additionally, this strategy enhances the reliability of the data collected, enabling schools to make informed decisions about language support programs and instructional interventions.

- f) To support EL students, acquire language proficiency and understanding of core content, the school will implement dynamic Integrated ELD strategies. By embedding language development within the teaching of subjects like math, science, and social studies, instructional staff will provide ELs with constant, context-rich opportunities to practice and enhance their English skills. This integrated approach ensures that ELs are not isolated in language classes but are actively applying and expanding their language skills in meaningful, academic contexts. As a result, it supports dual objectives—boosting English fluency and achieving grade-level content mastery—thus promoting overall academic success and equity in education.
- g) To offer a personalized and rigorous Designated ELD, the school will blend instructional tools such as Summit K12 with ELD Courses. This personalized approach ensures that instruction is precisely calibrated to each student's unique learning profile, promoting more effective language acquisition. By focusing on critical language skills that are essential for understanding and engaging with English-based academic content, this strategy supports ELs in becoming more proficient in English. Ultimately, such tailored instruction not only

enhances the students' ability to perform in English-speaking academic environments but also lays a strong foundation for their future educational success.

- h) To enhance instructional planning and teaching methods for EL students, the school will utilize programs such as Ellevation, Achieve3000, NWEA, and Summit K12. By utilizing a variety of instructional tools, school staff can gain a holistic view of each student's language acquisition progress, strengths, and areas needing improvement. This unified approach enables educators to tailor their instructional strategies more effectively, ensuring that interventions are specifically targeted to meet the individual needs of EL students. Ultimately, this facilitates a more personalized learning experience, accelerating language development and academic achievement for English Learners.
- i) To support the unique needs of emerging EL students, the school will research valid and reliable assessments to measure their native literacy skills. By accurately assessing these skills, school staff can ensure ELs have equitable access to rigorous, standards-aligned courses that are appropriate for their linguistic and academic levels. Additionally, providing primary language assistance and supporting biliteracy not only aids in the retention and development of the students' first language but also enhances their English acquisition. This comprehensive approach fosters academic success in both languages, supporting overall educational equity and proficiency.

<p>Goal 1, Action 7</p>	<p>Identified Needs of English Learners:</p> <ul style="list-style-type: none"> a) Monitor the progress for all English Learner students, including Long-term ELs, newcomer, and Reclassified Fluent English Proficient (RFEP). b) Monitor the unique academic and language development challenges that LTELs face, which can differ significantly from those of other student groups. c) Prepare individual English Learner progress reports that provide a holistic view of each student’s educational progress. d) Communicate EL progress with parents and families, to build a strong school-home partnership that enhances parental engagement and involvement. e) Monthly data report summarizing English Learners’ performance on specific engagement and achievement indicators that guide decision-making related to instruction, curriculum, professional learning, and E&I initiatives. 	<p>The Actions below correspond with the identified Needs:</p> <ul style="list-style-type: none"> a) To monitor and the analyze the academic progress of EL students, school staff will utilize Ellevation. This centralized tracking system enables educators to tailor instructional and supplemental support specifically to the needs of these students, promoting better educational outcomes by addressing individual and group challenges directly and timely. By consistently monitoring student progress and adjusting supports as needed, the school can ensure that all English Learner students are advancing towards fluency and academic success, crucial for their college and career readiness. b) To actively monitor LTELs academic progress, school instructional leaders will collaborate with teachers at strategic points throughout the school year: July, October, and January. These regular, scheduled reviews help educators make data-driven decisions, adjust educational strategies, and provide targeted support to address any emerging needs or challenges these students face. These PPEP Meetings serve as a structured opportunity for collaboration among educators, fostering a unified approach to enhance the educational trajectory of LTELs students towards achieving proficiency and academic success. c) To report and evaluate each EL students’ educational progress, the school will create an EL Progress Report aligned to the CA EL Roadmap. Teachers and staff will prepare these Progress Reports semesterly and identify areas where ELs may be struggling and how they can support development in 	<p>The Metrics below correspond with the Needs and Actions:</p> <ul style="list-style-type: none"> a) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) b) ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13) c) Chronic Absenteeism Rate (M1.5); CAASPP ELA (M1.6); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student Attendance (M1.16) d) Chronic Absenteeism Rate (M1.5); CAASPP ELA (M1.6); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student Attendance (M1.16) e) Chronic Absenteeism Rate (M1.5); CAASPP ELA (M1.6); ELPI (M1.10); EL Reclassification Rate (M1.11); NWEA Reading (M1.12); NWEA Language (M1.13); Student

- d) To report student language development and academic progress to parents of English Learners, the school will develop and share ELD Progress Reports thru conferences. This engagement helps parents better understand their child's strengths and areas for improvement, enabling them to contribute meaningfully to goal setting. Consequently, this collaborative approach ensures that educational strategies are more personalized and effective in supporting the success of English Learners.
- e) To ensure that all parents can access essential information, the school will provide translated materials and resources by hiring multilingual staff or professional translation services to accurately translate important documents and communication. Additionally, the school will use translation technology tools to make real-time translation available for meetings and events. The school will also establish a dedicated support system, such as a multilingual help desk or family advocate, to assist parents in accessing and understanding these translated materials.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

In our plan, all Actions undertaken to meet the increased or improved services requirement are directly associated with specific funding sources. The school had a total of eight Contributing Actions, five of which were Limited Actions. Each action has been carefully planned and budgeted to ensure adequate financial resources are allocated to support their implementation. By linking every action to its respective funding source, we maintain transparency and accountability in our efforts to enhance educational services. This comprehensive approach

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

CSSD is a charter school and does not have such comparison schools by which to calculate staff increases. The school, like many other LEAs, using the additional Concentration Grant funding to increase staffing has been a challenge this year. Schools overwhelmingly report difficulty in hiring staff to fill open positions. However, the school has made every effort to recruit and hire qualified instructional staff to provide direct educational services to students, particularly the Certificated Teacher Resource (CTR), Resource Center Associate (RCA), and Learning Associate (LA) positions.

As outlined in Goal 1, Action 4, these additional support staff positions will provide targeted tutoring to increase student progress and course completion rates, particularly for unduplicated pupils. These roles are essential for facilitating one-on-one and small group instruction focused on improving student proficiency in Mathematics and English Language Arts. Educational partners believe that these additional support staff will help the school improve performance in metrics related to student engagement, achievement, and college/career readiness.

The school's Human Resources (HR) Department is committed to enhancing recruitment strategies to find and retain high-quality instructional support staff. To achieve this, HR has expanded their recruitment channels to tap into broader talent pools and connect with highly skilled individuals. They utilize platforms such as EDJOIN, LinkedIn, and Handshake for recruitment. Additionally, HR participates in both virtual and in-person job fairs, posts flyers throughout the community, and partners with surrounding colleges and universities. These efforts reflect the school's dedication to securing the best possible staff to support student success.

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
 - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves. Page 371 of 1102

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or Page 372 of 1102
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and

- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP. Page 377 of 1102

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. Page 380 of 1102
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:

- The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
- The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable. Page 382 of 1102

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.

- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the

identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section. [Page 387 of 1102](#)

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5

CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year. Page 393 of 1102

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and

determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**

- This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access

to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Local Control Funding Formula (LCFF) Priority 1 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 1 are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students at **Altus Schools Charter School of San Diego** without access to their own copies of standards-aligned instructional materials for use at school and at home: **0**
- Number of identified instances where facilities at **Altus Schools Charter School of San Diego** do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**
- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- *The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and*
- *The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)*

Local Control Funding Formula (LCFF) Priority 2 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. Local Control Funding Formula (LCFF) Priority 3 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 3 are provided below.

Parental Involvement and Family Engagement (LCFF Priority 3)

Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:¹

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
 - 1 – Exploration and Research
 - 2 – Beginning Development
 - 3 – Initial Implementation
 - 4 – Full Implementation
 - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.

5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

Building Relationships Dashboard Narrative Boxes

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

The school has made significant progress in building strong relationships between school staff and families: key strengths and progress in this area include:

- **High-quality Teachers:** Each student is assigned a high-quality Teacher who is responsible for supervising all subjects and providing personalized attention. This close relationship ensures teachers can adjust assignments to meet student needs and goals and facilitates timely communication with parents.
- **Parental Involvement:** The school emphasizes the importance of parental involvement in student success. Parents are encouraged to set high expectations, talk about school daily, monitor schoolwork, establish daily homework routines, stay aware of test schedules, and maintain regular contact with teachers. This partnership approach helps in creating a supportive environment for students.
- **Family Resources:** The school provides extensive resources for families, including financial aid information, standardized testing support, and help with college admissions. These resources are designed to assist families in navigating the academic landscape and supporting their children's educational journey.
- **Personalized Learning Environment:** The school operates with a low student-to-teacher ratio, allowing for personalized attention and the ability to build strong, individualized relationships. Teachers are deeply familiar with their students' academic levels and progress, which fosters a more tailored and supportive learning experience.
- **Regular Communication:** The school ensures regular communication through weekly conferences where parents receive updates on their child's progress, attendance, behavior, and upcoming events. This continuous engagement keeps parents informed and involved in their child's education.

These efforts collectively enhance the relationship between school staff and families, ensuring that students receive the support they need to succeed both academically and socially.

Parents are provided with opportunities to provide input into their student's education plan and into the school's overarching goals, actions, and services. Results from the school's annual survey indicate that 88.7% of parents report being able to provide input and feedback to the school through multiple ways. The school values the partnership between school staff and families as the foundation of parent and family engagement. Over 99.1% of parents report that they have a high satisfaction rate with their student's teacher. To further engage parents and families in the instructional program, the school has prioritized providing learning environments that are innovative and engaging. 98.6% of parents report that the school provides innovative and engaging learning environments.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Engaging educational partners is an ongoing and sustained process focused on designing an educational program to meet student and community. The school regularly consults with educational partners throughout the school year to understand the academic, social-emotional and physical needs

of students and families. The school utilizes multiple methods to conduct meaningful engagement, including school events, trainings, meetings, committees and surveys. Additionally, the school's educational model is centered on a strong school-to-home partnership. This partnership allows school staff to consult with students, parents and family members on a regular basis to discuss individual needs. All information received from educational partners is organized and analyzed to determine if existing programs and services are effective in meeting the needs of the school community and if new approaches are needed.

The LEA's focus areas for improvement in building relationships between school staff and families include increasing parental participation in the Family Learning Series to foster a deeper engagement with their children's education. They aim to encourage parents to support their students in excelling in mathematics by providing resources and strategies to reinforce learning at home. Another focus is to gather more input from parents on specific needs such as language development and mental health, ensuring that the school's programs are tailored to address these critical areas. These efforts are designed to create a more collaborative and supportive environment for students and their families.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

To improve the engagement of underrepresented families the schools will address needs on several fronts. School materials will be translated, and interpreters have been made available for calls and meetings. The school will issue continue to Chromebooks and internet data plans to households in need of home technology. Increased Family Learning Series offerings to families focused on how to best support their child in academics, college/career interests, instructional support and health and safety for parents and families will be available. Parent Square further provides communication and engagement opportunities between the educational partners and the school.

Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research

The LEA's current strengths and progress in building partnerships for student success include providing a highly personalized academic experience through one-on-one instruction and small group sessions. The school emphasizes rigorous academic standards and regular assessments to ensure students meet or exceed expectations. The school offers various opportunities such as college courses, career technical education, internships, and leadership roles through programs like the California Cadet Corps. Additionally, the school engages students, parents and community partners in creating Pathways Personalized Education Plans to support individual student goals and needs.

The school establishes formal partnerships with community-based organizations and non-profit organizations to provide services and support for students and families in the areas of family, food, housing, health, mental health, and college and career. The school has several formal partnerships providing services and support to families throughout the school year.

- 2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

The LEA's focus areas for improvement in building partnerships for student outcomes include enhancing math resources and instructional support to boost student proficiency in mathematics. They also aim to strengthen college and career planning and guidance to ensure students are well-prepared for post-secondary education and career paths. Additionally, a focus is placed on improving strategies to help students graduate on time by providing targeted interventions and personalized support. These efforts are designed to create a more robust support system for student success.

Based upon information collected from students, the school will maintain or expand Early College Credit partnerships to provide a broad and rigorous course of study while preparing students for post-high school pathways. In addition, the school is focused on providing students with additional counseling services to support and plan for post-high school pathways. The school will issue Chromebooks and internet data plans to households in need of home technology through the school's connect program, managed by the school's Equity and Inclusion Department which is focused on increasing opportunities for all students to succeed. In addition, a partnership with a local non-profit tutoring organization will provide additional academic tutoring opportunities for their students – particularly focused in Mathematics and ELA.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

CSSD is fully committed to continuously improving the engagement of underrepresented families with our partnerships supporting student outcomes. This includes working to increase community-based partnerships that support the needs of our educational partners. These include resources for academic, physical, and social emotional needs of students to eliminate barriers to each student successfully achieving their Personalized Pathway Educational Plan goals. To better facilitate school to home two-way communication and input with English Learner households, school materials will be translated as translators provided when needed. Demographically, the LEA is majority-minority, majority SED, and a higher percentage of students with disabilities than the surrounding community. All students have full access to the courses and opportunities offered at the school. The school continues to solicit input from educational partners to identify and address student and family needs and to break down barriers to success.

Seeking Input for Decision-Making Dashboard Narrative Boxes**1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**

The LEA's current strengths and progress in seeking input for decision-making include actively involving teachers, principals, administrators, school personnel, parents, and students through diverse engagement methods. Teachers contribute via the Staff LCAP Engagement Survey, ELAC Instructional Meetings, and professional learning sessions. Principals and administrators provide input through team huddles, SSC meetings, and strategic planning sessions. Parents participate in surveys, Open House, and Senior Night events, while students share their perspectives through surveys, School Site Council meetings, and various school events that focus on family engagement and provide opportunities for input into the school's programs. This inclusive approach ensures the LCAP reflects the needs and priorities of all stakeholders, fostering a collaborative environment for student-centered actions and priorities.

The school engages educational partners in its processes for continuous improvement and prioritizes building the capacity of staff and families to engage in advisory groups and decision making. The

school provides training for SSC members annually and holds regular meetings to develop, refine, and update the LCAP. The school provides training for English Learner Advisory Committee members annually and holds regular meetings to develop refine and update the English Learner Plan. The families of students in Special Education are engaged through the Community Advisory Committee that provides training, resources, support, and feedback opportunities throughout the school year. In 2023-2024 the school received input from over 530 students and parents and used the results in the development of the 2023-2024 LCAP.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

The LEA's focus areas for improvement in seeking input for decision-making include increasing parent and student participation in surveys, increasing attendance for the Family Learning Series, College/Career week, and engaging more in Open House and other school events. By enhancing these engagement methods, the LEA aims to gather more comprehensive and diverse feedback from parents, ensuring that their perspectives are effectively incorporated into the decision-making process. This approach is intended to create a more inclusive and responsive environment that better supports the needs and priorities of students and their families.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

School staff will provide opportunities for students, parents, and family members to receive school information and resources at Open House and Senior Night Events. The school has also enhanced the Family Learning Series, which is ongoing and sustained training for parents and family members focused on their individual needs. The Family Learning Series is also committed to empowering parents and family members to be part of the school planning process – which includes reviewing schoolwide student engagement, achievement, and college/career readiness data. Instructional staff utilize ParentSquare to engage in two-way communication with students, parents and family members regarding the educational program and opportunities for input and engagement. Interactive English Learners Advisory Committee (ELAC) meetings will seek to increase parent participation and input into the English Learner Plan, including an annual Needs Assessment. The school will continue to provide translated materials and resources for parents and family members of English Learners.

Local Control Funding Formula (LCFF) Priority 6 Self-Reflection Tools

A local educational agency (LEA) uses the self-reflection tools included within the California School Dashboard (Dashboard) to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for Priority 6 are provided below.

School Climate (LCFF Priority 6)

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California *Education Code 52052*, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts.

1. **DATA:** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

Altus Schools Charter School of San Diego (CSSD) administers both an Annual LCAP Educational Partner Engagement Survey and the California Healthy Youth Survey (CHYS). The LCAP Survey is administered to students and parents to measure perceptions on conditions of learning, student outcomes, and engagement. The CHSK Core and Behavioral Health Modules were administered to students grades 7, 9, and 11.

Over the last five years, LCAP survey results indicate that the number one key requirement of students and parents is a safe and supportive learning environment. This requirement has directly impacted on the development of the school's LCAP. To monitor the success of CSSD's LCAP Goal 4: *Provide a Safe Environment and Supportive School Culture*, the school has established a metric of maintain or achieve a 90% or higher safety satisfaction rating. In 2023-2024, CSSD exceeded this metric.

Student participation in the CHYS is voluntary. An important factor affecting the quality of survey results on the CHYS survey is participation rate. The validity and representativeness of the results is diminished if the student response rate is lower than 70 percent. CSSD's response rate on the CHYS at each grade level was Grade 7 (15%), Grade 9 (6%), and Grade 11 (20%) for CHYS Core and Grade 7 (12%), Grade 9 (5%), and Grade 11 (17%) for CHYS Behavioral Health.

2. **MEANING:** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

In 2023-2024, 97.7% of students reported that they felt safe at CSSD and 98.6% of parents reported that they feel their child is safe at the school. Additionally, the school establishes metrics for suspension and expulsion rates to reflect the effectiveness of the school's Multi-Tiered Systems of Supports (MTSS) that incorporates academic, social/emotional, and behavioral supports and interventions. As of June 11th, CSSD's 2023-2024 suspension rate was 0.04% and expulsion rate was 0%.

Results are not provided by CHYS if there are fewer than 10 responses for a grade level and/or student group. CSSD didn't receive disaggregated results for SPED, EL's, LTEL's, Foster/Homeless or any Ethnic Subgroup except Hispanic. Key learnings included that 33% of 7th graders, 29% of 9th and 22% of 11th reported experiencing chronic sadness/hopelessness in the past 12 months and 8% of 7th, 15% of 9th and 6% of 11th graders reported having considered attempting suicide in the past 12 months. For Hispanic students it was 35% of 9th and 19% of 11th experiencing chronic sadness/hopelessness and 25% of 9th and 7% of 11th having considered suicide in the past 12 months. 0% of students in 7th, 17% in 9th and 16% in 11th reported having every used alcohol or drugs in their lifetime. 0% of students in 7th, 7% in 9th and 6% in 11th reported having used alcohol or drugs in the past 30 days. For Hispanic students 5% of 9th and 4% of 11th reported drug or alcohol use in the past 30 days. 0% of 7th graders, 7% of 9th and 6% of 11th graders reported they currently use tobacco. 7% of 9th and 6% of 11th reported vaping in the past 30 days. 6% of 9th and 4% of 11th grade Hispanic students reported vaping tobacco products in the past 30 days. Overall, 23% of students in 7th, 59% in 9th and 49% in 11th reported bedtime of 12am or later, and 85% of students in 7th, 38% in 9th and 57% in 11th reported eating breakfast today. For Hispanic students 58% in 9th and 52% in 11th reported bedtime of 12am or later, and 37% in 9th and 55% in 11th reported eating breakfast today.

Most students (86% in 7th, 69% in 9th and 86% in 11th) reported having caring adult relationships at school. Among Hispanic students the results were 67% of 9th and 84% of 11th. 93% of students in 7th, 84% in 9th and 94% in 11th report that teachers at the school treat students fairly. 68% of 7th, 55% of 9th and 69% of 11th graders reported overall life satisfaction and for Hispanic, 55% of 9th and 69% of 11th reported life satisfaction. In the past 12 months 17% of 7th, 22% of 9th and 17% of 11th grade students reported wanting to receive mental health services, 25% of 7th, 19% of 9th and 17% of 11th reported receiving mental health services and 9% of 7th, 4% of 9th and 24% of 11th reported barriers to receiving services.

3. **USE:** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

CSSD has implemented the administration of the California Healthy Kids Survey (CHKS) in addition to an Annual LCAP Stakeholder Engagement Survey to aide in to evaluate students' perceptions of mental health, social-emotional health and overall school climate and connectedness. Based on the results of the CHYS, the school's educational partners have provided feedback the continue to have additional academic, physical, emotional, and mental health needs and there continue to be elevated needs for mental health services. To address these needs CSSD has a school meal program, provides an annual Family Resource Night to educate parents and family members on available programs and services. The school provides a Healthy Youth Therapist to provide additional and targeted counseling services and referrals and a Homeless and Foster Youth Liaison to proactively address and support students' academic, physical, mental health, and social-emotional needs. Both contribute to improving educational outcomes, promoting stability, and fostering a supportive and inclusive environment for these vulnerable populations. While students continue to have socioemotional and health related needs, over 90% of students surveyed report high levels of satisfaction with school safety and their overall experience at CSSD.

Local Control Funding Formula (LCFF) Priority 7 Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools for LCFF Priority 7 are provided below.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. **Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.**

As of CBEDS 2023-2024 **Altus Schools Charter School of San Diego** served 1,443 students in grades k-12. The student demographics include:

- Percentage of Students with Disabilities: 24.7%
- Percentage of English Learners: 14.2%
- Percentage of Socioeconomically Disadvantaged: 74.4%
- Percentage of Homeless and Foster Youth (FY): 10.4%

Altus Schools Charter School of San Diego qualifies as a Dashboard Alternative School Status (DASS) program. This status holds schools accountable for the same state indicators, some with modified methods. The school is approved as a DASS school through the eligibility criteria of serving “high risk” student groups; the school has an unduplicated count of over 70% of students in that qualify as “high risk”, including credit deficient students and high transient students.

Altus Schools Charter School of San Diego uses the Pathways Personalized Education Plan (PPEP) process to plan, deliver and ensure all students across all student groups have access to a broad and rigorous course of study.

2. **Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in**

the extent to which all students have access to, and are enrolled in, a broad course of study.

Altus Schools Charter School of San Diego's leadership team analyzes the results of the measures listed above annually. The results demonstrate that 100% of the students, including unduplicated groups and students with exceptional needs, have access to a broad and rigorous course of study. At our school, students take one to two courses at a time and students take the required grade level core courses within an academic school year. Course planning is individualized within the Pathways Personalized Education Planning (PPEP) Process. This process allows the instructional team to design a course plan based on the student's skill levels, interests, and post-high school goals. All courses leading to a high school diploma are UC-ag approved and NCAA approved. Students have access to Advanced Placement (AP) courses, honors courses, dual-enrollment and articulated courses, CTE courses and courses based on their PPEP. There are no differences in accessibility to courses across student groups at our school.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.

There are no barriers preventing **Altus Schools Charter School of San Diego** from providing access to a broad course of study for all students. Currently, 100% of the students have access to a broad and rigorous course of study. The school will continue to monitor its available course of study to ensure continued equitable access for all students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students?

Due to the success **Altus Schools Charter School of San Diego** has demonstrated in providing all students with access to a broad and rigorous course of study, no changes are currently planned. However, this data continues to be reviewed as part of our cycles of continuous improvement.

a. Responsible Parties

The Human Resources Administrator (“HR Administrator”) is responsible for implementing this plan.

b. Employee Involvement in Plan Creation and Updates

Before this Plan was initially approved by the Altus Schools San Diego Board of Directors, the HR Administrator circulated a draft of the Plan to employees and requested feedback and suggestions on improving the Plan. All feedback received was reviewed and any revisions deemed warranted were implemented into the initial approved version of the Plan.

Every year, the HR Administrator will circulate the Plan to employees to request suggestions on improving this Plan. Employees will be encouraged to provide input on ways they believe this Plan can be improved, streamlined, or better enforced. Employees will be encouraged to provide input on adequacy of training received, any perceived workplace violence hazards not adequately addressed by the Plan, and any perceived barriers to reporting and investigating instances of workplace violence incidents that they believe may stand in the way of optimal execution of this Plan.

These suggestions and input may be submitted confidentially to HR Administrator, Veronica Radtke at vradtke@altusschools.net. No retaliation to any such input or suggestion shall be permitted. Altus Schools San Diego commits to reviewing each employees' suggestion and making any changes to this Plan that are found to be necessary and appropriate.

c. Coordinated Implementation

If there are workers who regularly perform job duties at Altus Schools San Diego's campus or other workplace but are not employed by Altus Schools San Diego, the HR Administrator or designee will verify that each such worker's employer has a workplace violence prevention plan in place and that all such employees of that employer who regularly work at any Altus Schools San Diego location are receiving adequate training and that those other employers have procedures in place for the reporting, investigation, and recording of workplace violence incidents.

d. Reporting of Workplace Violence

Employees must report any incident of workplace violence that they witness. Altus Schools San Diego will not retaliate against any employee for reporting an incident of workplace violence in good faith.

Reports of workplace violence that has already occurred can be made by filling out the "Workplace Violence Report" form that is attached at the end of this Plan and sending it to Human Resources by email. The HR Administrator and/or designee will review every Workplace Violence Report at their earliest reasonable convenience and shall take the steps outlined in this Plan in response. Copies of the Workplace Violence Report form shall be made available to all employees online on the WAVE.

If an incident of workplace violence is occurring or imminent, any employee witness should ensure that HR Administrator or designee is informed as soon as possible by calling HR Department at 858.678.2056; 858-678-2039 or by using whatever alternative means of communication would be fastest. The HR Administrator or designee will respond to the ongoing or imminent workplace violence as set forth in section II.G., below.

e. Employee Compliance

All employees are responsible for using safe work practices and for following all directives, policies, and procedures for maintaining a safe, healthy, and secure work environment. This Plan seeks to ensure that employees, including administrators, comply with work practices designed to make the workplace more secure, and to ensure that employees do not engage in threats or physical actions which create a security hazard for others in the workplace.

All employees will be trained to understand this Plan when hired and periodically afterward. Employees will be evaluated to ensure compliance with this Plan. Employees who participate in the implementation of this Plan and carrying out its provisions in practice will be recognized for their efforts to help ensure a safe and violence-free workplace.

Repeated or willful failure to report incidents of workplace violence, failure to attend and participate in workplace violence training, and to otherwise comply with the requirements of this Plan will result in additional training and may result in disciplinary action.

f. Communication to Employees Regarding Workplace Violence

As part of the annual workplace violence training session required by this Plan, the HR Administrator shall ensure that each employee understands how to report a violence incident, a threat, or any other incidence of workplace violence and knows that they can do so without fear of reprisal by Altus Schools San Diego or retaliation from the individual against whom the report is made.

These points will be communicated to new employees when hired and periodically as set forth in this Plan. The HR Administrator shall also ensure that each employee understands how their concerns will be investigated by Altus Schools San Diego and how Altus Schools San Diego will communicate the results of a workplace violence hazard investigation and any corrective measures taken in response.

As part of the annual workplace violence training, every employee shall sign a certificate attesting that they understand these items, and each of these certificates shall be retained pursuant to Part V of this Plan (“Recordkeeping”).

Depending on the frequency and severity of workplace violence incidents in the workplace, the HR Administrator may implement increasingly more frequent communication sessions with employees as necessary, including quarterly, monthly, or weekly reviews of this Plan and employee compliance with it.

g. Response to Actual or Potential Workplace Violence Emergencies

A workplace violence emergency is any incidence of workplace violence that entails the potential loss of life or significant injury to any person at the workplace.

If a workplace violence emergency is so severe as to trigger a lockdown or evacuation of the workplace according to the School’s safety plan, such as when firearms are involved or a when an intruder has entered the campus with violent or criminal intent, Altus Schools San Diego will initiate and follow the emergency procedures set forth in its school safety plan.

If a workplace violence emergency does not rise to the level of a school-wide response but is ongoing and entails potential or threatened loss of life or significant injury to any person at the workplace, any other employees witnessing or experiencing the workplace violence incident must report the incident as soon as possible to Veronica Radtke or Tiffany Yandell by calling them on the phone or by whichever alternative means would reach them fastest.

If a workplace violence emergency requires law enforcement assistance, call 911 as soon as possible, then when safe report the incident to Veronica Radtke or Tiffany Yandell by calling them on the phone or by whichever alternative means would reach them fastest.

h. Training Procedures

Altus Schools San Diego will provide annual workplace violence prevention training in accordance with the requirements of California Labor Code section 6401.9, subdivision (e), including but not limited to the following:

1. The Plan, how to obtain a copy of the Plan at no cost, and how to participate in development and implementation of the Plan.
2. The Plan's definitions and the General Workplace Violence Plan Procedures.
3. How employees can search for and recognize workplace violence hazards and risk factors associated with the three types of workplace violence.
4. How to report workplace violence incidents, threats, or concerns to the school or two law enforcement without fear of reprisal from the school or the individual against whom the report is filed.
5. Ways to defuse hostile or threatening situations.
6. Routes and methods of escaping from workplace violence incidents.
7. How this Plan integrates with the school's safety plan.
8. How and when to notify law enforcement authorities when a criminal act may have occurred or is potentially about to occur.
9. Emergency medical care to be provided to a victim of any violent act.
10. Any workplace violence hazards specific to the school environment, the corrective measures the school has implemented, and how to seek assistance to prevent or respond to violence and to avoid physical harm.
11. The workplace violence incident log, and how to obtain records the school is required to keep pursuant to the Recordkeeping part of this Plan, below.
12. An opportunity for live questions and answers on the Plan with the HR Administrator.

In addition to an annual training session on these topics, the school will conduct training every time a new or previously unrecognized workplace violence hazard is identified and whenever changes are made to the Plan. This additional training may be limited only to the new workplace violence hazards identified or to the new changes to the Plan.

The HR Administrator or designee will ensure that this training is completed and that records of employee participation are kept and filed in accordance with Part V of this Plan ("Recordkeeping").

i. Identification and Evaluation of Workplace Violence Hazards

Workplace violence hazards are working conditions or environmental factors that increase employee exposure to workplace violence. Workplace violence hazards may arise from, for example, a school's failure to consistently require campus visitors to check in at the front desk, failure to monitor entry and exit points for unauthorized entry, failure to consistently enforce employee behavioral conduct rules, failure to consistently enforce student disciplinary rules that could expose employees to violence, and other similar policy or environmental factors that would tend to increase the incidence of workplace violence.

The Director of Operations and Technology or designee shall ensure that a review of potential workplace violence hazards is conducted at least annually. The Director of Operations and Technology or designee shall also conduct a review of any workplace violence hazards reported by any employee. In

addition, the Director of Operations and Technology or designee shall also conduct a workplace violence hazard review (1) when this Plan is first established, (2) after each workplace violence incident has occurred, and (3) whenever the employer otherwise is made aware of a new or previously unrecognized workplace violence hazard.

Each time a workplace violence hazard review is undertaken, the Director of Operations and Technology or designee shall prepare a report describing the review process, stating date the review was completed, stating the determination of whether a workplace hazard was found to exist, and describing whether any corrective actions are recommended. All workplace hazard evaluation reports shall be kept as records pursuant to Part V of this Plan.

j. Correction of Workplace Violence Hazards

Each time a workplace violence hazard review is conducted and results in a recommendation that corrective action should be implemented to mitigate an existing workplace violence hazard, the Director of Operations and Technology or designee shall prepare a recommendation for corrective action and present it to the Deputy Superintendent Schools Services who shall approve, deny, or approve with modification, the recommendation for corrective action and provide a justification for any denial or modification. The recommendation for corrective action and Deputy Superintendent Schools Services response shall be kept as a record pursuant to Part V of this Plan.

Following the Deputy Superintendent Schools Services taking action on a recommendation for corrective action, the Deputy Superintendent Schools Services or designee shall be responsible for ensuring that the corrective action is implemented as workplace policy and, if relevant, that all employees are alerted to and trained on any necessary changes in workplace policies necessary to implement the approved corrective action. If any corrective actions require revisions to an employee handbook, those changes shall be implemented within a reasonable time.

k. Post-Incident Response and Investigation

After every reported or otherwise known incident of workplace violence, the HR Administrator shall conduct a workplace violence evaluation of any and all workplace conditions, policies, or practices that may have contributed to the occurrence of the incidence of workplace violence and shall record a record of the evaluation, as required by Section II.i., above.

Post-incident reviews shall include, at minimum, an interview with the victim of workplace violence, any witnesses, and the impressions of the HR Administrator and/or designees assisting in the post-incident response. The interview and investigation shall seek to establish all facts required to be included in a Violent Incident Log, as set forth in Part III of this Plan.

Employees will be encouraged to provide feedback and information as part of the post-incident response. Employees who refuse to participate may be subject to discipline. Employees should be alerted that they are not subject to retaliation or reprisal from Altus Schools San Diego as a consequence of their participation in any post-incident response.

l. Review of Plan Effectiveness

The Director of Operations and Technology or designee shall review the general effectiveness of this Plan annually at the time the Plan is circulated to employees for suggestions, whenever a deficiency in the Plan is noted, and after any workplace violence incident occurs.

III. VIOLENT INCIDENT LOG

CHARTER SCHOOL will maintain a Violent Incident Log. The HR Administrator shall ensure that the details of every violent incident reported or otherwise known to have occurred at the school are recorded into the Violent Incident Log. The log shall contain information solicited from the person experiencing the workplace violence incident, any witnesses, and investigation findings. All personal identifying information shall be omitted from the log, with the exception of the details of the person making the entry. The log shall be reviewed during any periodic reviews of this Plan for effectiveness.

The Violent Incident Log, for every incident, shall include the following:

1. The **date, time, and location** of the incident.
2. The **type or types of workplace violence** involved.
3. A **detailed description** of the incident.
4. **Who committed the violence**, including whether the perpetrator was a School stakeholder, family or friend of a School stakeholder, stranger with criminal intent, coworker, supervisor or manager, partner or spouse, parent or relative, or another perpetrator.
5. 6. **Where the incident occurred**, such as in the workplace, parking lot, or other area outside the workplace, or other area.

1. Records of workplace violence hazard identification, evaluation, and correction shall be created and maintained for a minimum of five (5) years.
2. Training records shall be created and maintained for a minimum of one (1) year, and shall include dates training was conducted, the contents or a summary of the training sessions conducted, the names and qualifications of persons conducting the training, and the names and job titles of all persons attending the training sessions.

Goal 1 focuses on ensuring all students have arts instruction access and expanding arts programs within Altus Schools Audeo.

Goal 2 aims to develop a comprehensive arts curriculum aligned with state standards, integrate arts into the core curriculum, and provide professional development for arts educators.

Goal 3 seeks to increase student participation in arts classes and encourage exploration of various art forms.

The program currently offers a range of arts courses and collaborates with the Museum of Contemporary Arts San Diego for field trips and showcases. The budget for the 2023-2024 school year is \$49,360, with 80% allocated to personnel costs and 20% to professional development and resources.

5.2 California Fair Political Practices Commission Statement of Economic Interest – Form 700 Annual Filing

Every elected official and public employee who makes or influences governmental decisions is required to submit a Statement of Economic Interest, also known as the Form 700. The Form 700 provides transparency and ensures accountability in two ways:

1. It provides necessary information to the public about an official’s personal financial interests to ensure that officials are making decisions in the best interest of the public and not enhancing their personal finances.
2. It serves as a reminder to the public official of potential conflicts of interest so the official can abstain from making or participating in governmental decisions that are deemed conflicts of interest.

The Board Members are reminded that Form 700 must be filed by April 2, 2024.

5.4 Superintendent School Services and Founder's Report

5.4.1 School Outreach

Bixby shared that during the recent flooding that occurred in San Diego, we had 16 families that were dramatically impacted. That was very upsetting certainly to the families, students, teachers and our staff. They were so wonderful about doing whatever they could to help them through this difficult period. We wanted the Board to be aware that we have not only been working on an individual basis by keeping their education going, but also as a School. Amy Butler, our outreach liaison that works with the Community Groups has been trying to support them anyway we can.

5.4.2 Altus Schools Dashboard Outcomes 2023 Presentation by Aaron Smith

California's accountability system is based on a multiple measures system that assesses how local educational agencies (LEAs) and schools are meeting the needs of their students. The four projects that were presented were Virtual Reality, Mobile Enrollment, Artificial Intelligence, and Aeronautics. This program is just wonderful for growing, collaborating, and developing leadership. The connections made between current leadership members and new leadership members are tremendous. The process of professional development where teachers and staff are learning with and from one another was on display. It is a great program and Barton commends the leadership.

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

We expect you to voice your opinions and offer your suggestions to improve the quality of the organization.

Remember, you help create the healthful, pleasant, and safe working conditions that [SSP-ASSD](#) intends for you. Your dignity and that of fellow employees, as well as that of our students, is important.

Whether you are a new hire or a former employee returning, you may feel a little lost in your new surroundings. This is a normal feeling. Your fellow employees, especially the [SSP-ASSD](#) Leadership Team, want to help you get off to a great start. Feel free to ask them for help concerning anything you don't understand.

One of the first things you should do is carefully read this manual. It is designed to answer many of your questions about the practices and policies of [_ASSD](#)[SSP](#), what you can expect from [SSP](#)[ASSD](#), and what [SSP-ASSD](#) expects from you.

Statutory Provisions Relating to Charter School Employment

[SSP-ASSD](#) has been established and operates pursuant to the Charter Schools Act of 1992, Education Code § 46700 et seq., and by action of the Board of Education of the San Diego Unified School District (“SDUSD”) which has approved the charter petition for [Altus Schools Charter School of San Diego](#)~~The Charter School of San Diego~~ (“CSSD”), and [Altus Schools Audeo](#)~~Audeo Charter School~~ (“Audeo”).

- (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment;
- (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive two (2) hours of sexual harassment prevention training within six (6) months of their hire or their assumption of a supervisory position and ~~annually every two (2) years~~ thereafter. All other employees will receive one

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate [SSP ASSD](#) policy.

At-Will Employment Relationship

While [SSP—ASSD](#) expects the employment relationship to be mutually beneficial, employment is entered into voluntarily and the employment relationship is considered at-will. Given the at-will employment relationship, either [SSP—ASSD](#) or the employee may terminate the employment relationship at any time with or without cause, with or without notice, at the party's sole and unreviewable discretion.

Without impacting the at-will nature of the employment relationship, [SSP—ASSD](#) may attempt to remedy and address issues of unsatisfactory performance with the employee.

No employee has the authority to enter into any agreement for employment or employment for a specified period of time, or to make an agreement or contract contrary to the at-will employment relationship stated above. The only exception to this would be an employment relationship stated in a written contract signed by both the employee and the [the Deputy Superintendent School Services Executive Director](#) or Board of Director's Chairperson.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

[SSP-ASSD](#) will provide annual training on the mandated reporting requirements, using the online training module provided by the State Department of Social Services, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one thousand dollars (\$1,000), or by both that imprisonment and fine.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

By acknowledging receipt of this Manual, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Code of Ethics

Workforce members should always conduct themselves in a manner that reflects high standards of professionalism. The [SSP-ASSD](#) professional educator strives to create a learning environment that nurtures to fulfillment the potential of all students. He or she acts with conscientious effort to exemplify the highest ethical standards.

The Code of Ethics contains four basic principles relating to the rights of students and educators; ethical conduct toward students, ethical conduct toward practices and performances, ethical conduct toward professional colleagues, and ethical conduct toward parents and the community. A document containing the Code of Ethics and Integrity Statement is signed by all workforce members annually.

Integrity Statement

[SSP-ASSD](#) is committed to servicing students and families in a manner which demonstrates integrity and honesty. This can be accomplished by leading our students and each other to success through being truthful, taking responsibility for one's actions, and knowing and working within the laws and regulations relevant to our daily work both in letter and spirit.

Please understand the high level of trust placed on all employees at [SSPASSD](#). Commit yourself to the creation of a work and learning environment infused with integrity and respect.

FOCUS ON ACADEMICS AND LEARNING POLICY

[Altus Schools Audeo Audeo Charter School](#) ("Audeo") and [Altus Schools Charter School of San Diego The Charter School of San Diego](#) which are operated by [Altus Schools San Diego \("ASSD"\) Student Success Programs \("SSP"\)](#), are solely academic in nature. The schools consist of re-directive programs designed for all students seeking a learning approach better suited to their learning style. The development, growth, and expansion of the schools primarily involve the creation of instructional environments. These instructional environments support an individualized and personalized educational template that motivates and engages students. Extracurricular activities, such as sports, proms or other school sponsored dances, yearbooks, class rings, or anything unrelated to academics are not a part of the schools' operational design.

The schools' sole focus on academics and devotion to nurturing the intrinsic value and confidence gained by students successfully

meeting academic goals that they once thought were beyond their reach, has resulted in notable academic achievements. Such achievements include but are not limited to: exceeding the one-year DASS graduation rates of San Diego County Dashboard Alternative School Status (“DASS”)¹ schools and California DASS schools, outperforming comparable DASS schools in California assessments, maintaining a low one-year dropout rate (below 5%), and increasing student confidence within 90 days of enrollment. The confidence gained by working directly with the schools’ instructional staff, coupled with the support of family and community, leaves students better equipped to make good life decisions as they pursue self-sufficiency, productivity, and positive social relationships, and it is for these reasons that it is the prerogative of the Board to retain the sole focus on academics. Partners of the [Altus Schools San Diego corporation schools Audee corp. schools](#) support this vision and help collaborate to prepare students to better deal with and overcome the personal and social constraints that influence their lives. This model has been sufficiently proven effective and may be replicated.

Confidential Information

Our students and parents entrust [ASSD SSP](#) with important and sensitive personal information. The nature of this relationship requires a high level of confidentiality. In maintaining and safeguarding the information received, [SSP-ASSD](#) earns the respect and further trust of our students and families.

Your employment with [SSP-ASSD](#) assumes an obligation to maintain confidentiality, even after you leave our employ. Any violation of confidentiality seriously injures [SSP's-ASSD'S](#) reputation and effectiveness. Therefore, please do not discuss school business with anyone who does not work for [SSP-ASSD](#) and never discuss transactions with anyone who does not have a direct association with the transaction. Even casual remarks can be misinterpreted and repeated, so develop the personal discipline

necessary to maintain confidentiality. If you hear, see, or become aware of anyone else breaking this trust, consider what he or she might do with information they receive from you.

If someone outside [SSP-ASSD](#) questions you, and you are concerned about the appropriateness of giving them certain information, remember that you are not required to answer and that we do not wish you to do so. Instead, as politely as possible, refer the request to your supervisor or one of the leadership team members.

No one is permitted to remove or make copies of any [SSP-ASSD](#) or school records, reports, or documents without prior approval by the [Superintendent School Services and Foundere President/CEO](#) or designee.

Because of its seriousness, disclosure of confidential information as described above could lead to discipline, up to and including immediate termination.

Credentials

To meet the requirements of the State of California, teachers generally must possess a current teaching credential or credential appropriate to their position. [SSP-ASSD](#) supports teachers in their effort to obtain and renew teaching credentials. [SSP-ASSD](#) will facilitate evaluation of credentials by working closely with universities, county and state credentialing offices.

Instructional employees who begin work holding an emergency permit or intern certificate assume the responsibility to meet the requirements to maintain this credential and/or transition to a regular teaching credential.

It is the responsibility of instructional employees to maintain the required credential for their position as a condition of continued employment. Failure to maintain the required credential may result in suspension without pay or termination of employment.

¹ DASS schools have at least 70% of the school’s total enrollment comprised of unduplicated high-risk groups such as: those who have been expelled, credit deficient, highly transient, homeless, pregnant

and/or parenting, have gaps in enrollment, recovered dropouts, and/or those who are habitually truant.

Any changes of credential status related to their position must be reported to the Human Resources Department immediately.

Driver's License, Insurance Liability Minimums, & Driving Record

Employees whose work requires operation of a motor vehicle must maintain a valid driver's license, at least minimum private vehicle liability insurance, and an acceptable driving record. All Resource Center employees are required to have transportation available to carry out their duties. Employees must submit a copy of driver's license, and proof of insurance annually. Employees may also be asked to submit a copy of their driving record. Any changes must be reported to the Human Resources Department immediately. Failure to do so may result in disciplinary action, including possible dismissal.

Drug and Alcohol Free Workplace

[SSP-ASSD](#) is committed to providing a drug- and alcohol-free workplace and to promoting safety in the workplace, employee health and well-being, customer confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to workers and to other [SSP-ASSD](#) stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Equal Employment Opportunity

[SSP-ASSD](#) is an equal opportunity employer. It is the policy of [SSP-ASSD](#) to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits historically associated

with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);

- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including reproductive health decision making, pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;

To comply with applicable laws ensuring equal

employment opportunities to qualified individuals with a disability, [SSP-ASSD](#) will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a School representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job. [SSP-ASSD](#) then will conduct an investigation to identify the barriers that interfere with the equal opportunity of the applicant or employee to perform his or her job. [SSP-ASSD](#) will identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, [SSP-ASSD](#) will make the accommodation.

Introductory Period

For full-time employees only, your first sixty (60) actual workdays) of employment are considered an Introductory Period. This Introductory Period will be a time to get to know your fellow employees, your supervisor and the tasks involved in your position, as well as becoming familiar with [SSP's-ASSD'S](#) program and services. The Leadership Team will work closely with you to help you understand the needs and processes, and expectations of your job.

During the Introductory Period, a member of the Leadership Team and/or your supervisor will discuss your job performance with you. This review will be similar to a performance review that is held for regular full-time or part-time employees. During the course of the discussion, you are encouraged to give your comments and ideas as well.

During this Introductory Period, [SSP-ASSD](#) will evaluate your suitability for employment, and you can evaluate [SSP-ASSD](#) as well. At any time during this introductory period, you may resign without any detriment to your record. If, during

this period, your work habits, attitude, attendance or performance do not measure up to our standards, we may release you. If you take approved time off in excess of five (5) workdays during the Introductory Period, the Introductory Period may be extended by that length of time.

Please understand that completion of the Introductory Period does not guarantee continued employment for any specified period of time, nor does it require that an employee be discharged only for "cause." **Successful completion of the Introductory Period does not alter your status as an "at-will" employee of [SSPASSD](#).**

A former regular employee who has been rehired after a separation from [SSP-ASSD](#) of more than one (1) year is considered an introductory employee during his or her first sixty (60) days following rehire; however, the [Superintendent School Services and & Founder President/CEO](#) may reduce or waive the Introductory Period based on prior satisfactory work, length of separation, and school need.

determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers may be required to undergo a TB examination as necessary. The TB risk assessment and, if indicated, the examination is a condition of initial employment with ASSD SSP and the cost of the exam will be borne by the applicant.

This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Professional Boundaries: Staff/Student Interaction Policy

SSP-ASSD recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of [SSP-ASSD](#) personnel:

- A. Examples of PERMITTED actions (NOT corporal punishment)
1. Stopping a student from fighting with another student;
 2. Preventing a pupil from committing an act of vandalism;
 3. Defending yourself from physical injury or assault by a student;
 4. Forcing a pupil to give up a weapon or dangerous object;
 5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
 6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all [SSP-ASSD](#) faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is

acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust. Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When an employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to Human Resources Administrator, a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Performance Feedback

Performance feedback is a vital part of each individual's professional development. Honest and open dialog is valued as an integral part of its success. [SSP-ASSD](#) leadership is continuously evaluating your job performance. Day- to- day interaction between you and your supervisor/ school leadership should give you a sense of how your performance is perceived. In addition, data are distributed for instructional employees on a regular basis that reflect individual and staff performance indicators, i.e., student attendance participation, credit indicators, growth targets, records compliance audit of records, etc. Additional performance indicators may be created and current ones may be adjusted based on programmatic needs.

[SSP-ASSD](#) will conduct a formal review of its employees at regular intervals. New employees may be reviewed more frequently. A review may also be conducted in the event of a promotion or change in duties and responsibilities.

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by their supervisor or designee. Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties, or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions. Salary increases and promotions are solely within the discretion of [SSP-ASSD](#) and depend upon many factors in addition to performance. After the review, an employee will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that they have discussed it with their supervisor or designee, and that they are aware of its contents.

Newly hired employees may have their performance goals reviewed by their supervisor or designee within the first one hundred twentieth (120) work days of employment.

Salary and potential for advancement will be based largely upon job performance. On a periodic basis, the supervisor will review employee job performance with an employee in order to establish goals for future performance and to discuss your current performance. [SSP's](#) [ASSD's](#) evaluation system, or any failure to evaluate, will in no way alter the at-will employment relationship.

Those temporary employees classified as “nonexempt” (see the definition that follows) who work more than eight (8) hours in one day or more than forty (40) hours during any workweek are not eligible for overtime pay.

“Nonexempt” and “Exempt” Employees

At the time you are hired, all employees are classified as either “exempt” or “nonexempt.” By law, employees in certain types of jobs are entitled to overtime pay for hours worked in excess of eight (8) hours per day or forty hours (40) per workweek. These employees are

referred to as “nonexempt” in this manual. This

means that they are not exempt from (and therefore should receive) overtime pay.

Exempt employees include directors, managers, professional staff (teachers), and others whose duties and responsibilities allow them to be “exempt” from overtime pay provisions as provided by applicable laws. If you are an exempt employee, you will be advised that you are in this classification at the time you are hired, transferred or promoted.

Wage & Salary Policies

Overtime Pay

From time to time, it may be necessary for you to perform overtime work (hours in excess of your regular, full-time assignment) in order to complete a job on time. **The appropriate Administrator must approve all overtime IN ADVANCE**. Failure to obtain approval in advance may result in disciplinary action. When it is necessary to work overtime, you are expected to cooperate as a condition of your employment.

If you are a “nonexempt” employee and you perform overtime work, you will be compensated one and one-half (1 1/2) times your regular hourly pay rate for time worked over eight (8) hours per day or forty (40) hours per week that you work. Employees are entitled to double time compensation for those hours worked in excess of twelve (12) hours in any one day or for any hours worked beyond the eighth (8th) hour on the seventh consecutive workday in a workweek. If, during that week, you were away from the job because of a job-related injury, paid holiday, jury duty, vacation taken in single-day increments, or paid sick time, those hours not worked will not be counted as hours worked for the purpose of computing eligibility for overtime compensation.

Pay Period and Hours

The payroll workweek begins on Sunday at 12:01 a.m. and ends on Saturday at 12:00 midnight. The monthly employees’ pay period for the month begins at 12:01 on the first day of the month and ends on the last workday (as noted in [SSP’s-ASSD’sS](#) official calendar) of the month. Non-exempt monthly employees have bi-monthly pay periods wherein pay period one is between the 1st and 15th of the month and pay period two is between the 16th and the last working day of the month. The hourly employees have bi-monthly pay periods wherein pay period one is between the 1st and the 15th of the month and pay period two is between the 16th and last working day of the month.

For exempt monthly employees, payday is the last workday of the month. Employees are strongly encouraged to set up direct deposit for their paycheck to their preferred banking institution.

For hourly employees, payroll checks, if not direct deposit, will be sent to the mailing address indicated on the payroll system on the 10th and 26th of each month, or the last business day preceding those dates when they fall on a weekend or holiday. It is critical that employees report address changes at least thirty (30) day prior to the payday to the Human Resources Department. For non-exempt monthly employees, payroll checks, if not direct deposit, will be sent to the mailing address indicated on the payroll system on the 15th and last working day of the month.

Payday date changes will be made and announced in advance whenever holidays or closings interfere with the normal payday.

Salary Overpayment and Correction

Overpayment can result from early termination of employee contracts, delays or inaccuracies in pay-related information, system failures, and human error. Regardless of the origin of the error, there is a shared responsibility between employee and the school to correct errors and recover the funds in a timely manner.

“Overpayment” is defined as compensation paid to an employee in excess of the amount owed to them and to which the employee is not entitled.

“Repayment” is the process by which an employee or former employee returns the overpayment to [SSPASSD](#).

Employees are expected to review their salary payments each pay period for accuracy and promptly report any discrepancies to their supervisor and/or the Human Resources Department. When overpayments have been identified, employees must work with Finance-

Payroll to promptly repay the debt to [SSPASSD](#). Failure to do so may result in disciplinary action, up to and including dismissal from employment, and/or legal action against the employee to recover the debt owed and costs incurred in doing so.

The Human Resources Department (“HR”) is responsible for maintaining accurate employee records. HR is responsible for the timely reporting when employee separates employment or takes leave of absence. HR will fully cooperate with and assist Finance-Payroll in the effort to recover funds in a timely manner.

The Finance-Payroll Department is responsible for timely and accurate salary payments to employees. When an overpayment is identified, Payroll will review records to determine the source of error and calculate net overpayment amount, accounting for taxes and withholdings. Finance-Payroll will manage the recovery process, including: correspondence, repayment arrangements, receipt of funds, etc.

Notification and Repayment

Finance-Payroll will notify active and terminated employees of the overpayment as soon as it is discovered and confirmed. This notification will be in writing through email and/or letter (may be certified mail). Notification will include: amount of overpayment, dates of overpayment, reasons, and employee options for repayment.

Options for repayment may include:

- Personal check payable to [SSP-ASSD](#) either one-time payment, or multiple payment plans established with Payroll.
- Payment plan, as agreed upon with Finance-Payroll, through a series of payroll deductions for a period not to exceed six (6) months.

Other options may be submitted in writing to Chief Financial/Business Officer for consideration.

Salary Placement for Teachers

Placement on the salary schedule is based on review of the employee’s transcripts and employment history documents.

It is the employee’s responsibility to ensure that education and experience documents are submitted to HR **within fifteen (15) days** from the date of signing the initial employment contract. The documents include teaching experience verification from previous school

employers and original sealed coursework transcripts.

Failure to submit documents within fifteen (15) days of employment could result in the employee remaining on the initial placement (Column A, Step 1) until complete documentation is submitted, even after the employee has satisfactorily completed the Introductory Period. Note that this also delays the effective date of benefits eligibility.

If, after initial placement on the salary scale, the employee submits additional education ~~or experience documents~~, adjustments will be made during the next open period described below. Experience credit is allowed only in the original placement on the salary schedule. All creditable experience must be verified by official documents or statements from employers or other disinterested persons before advanced step placement will be made.

Academic Credits Earned

We encourage our teachers’ efforts in continuing education that supports student learning and builds subject matter expertise.

Eligible employees may advance to a higher column provided that the minimum number of *qualifying units* or the advanced degree are earned and verified by official sealed transcripts submitted to HR within the designated open periods as defined below.

There are two periods open to submit salary advancement application forms and transcripts: June 1 through July 30 and January 1 through February 28.

The effective date of the advancement will be the first workday of the next month following submission and approval of education documentation. (July 1, August 1, February 1, or March 1 effective dates only)

Example: for documents submitted/approved in June, the effective date of the advancement will be July 1; for documents submitted/approved in July, effective date will be August 1.

Employees are encouraged to submit their application and transcripts for salary advancement as early in the open period as possible. If the documentation submitted is incomplete, eligibility for salary advancement may be delayed to the next month or the next open period.

Employees may submit form and transcripts for evaluation only ONCE during this period.

Qualifying Credits

Allowable academic units or credits must come from an accredited college or university. Only coursework that was taken post-bachelor's degree (i.e., graduate level) date will be accepted. Courses are reviewed for content and posted based on support of professional growth and/or advanced degree that aligns with the professional field of education. Units for salary placement refer to semester units. Quarter units are valued at two-thirds (2/3) of semester units.

Payroll Withholdings

As required by law, ~~SSP-ASSD~~ shall withhold Federal Income Tax, State Income Tax, and Social Security/Medicare (FICA), as well as the employee's contributions to STRS or PERS, as follows:

1. Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.
2. State Income Tax Withholding: The same factors which apply to federal withholdings apply to state withholdings.
3. FICA: The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by ~~SSP-ASSD~~.

4. STRS/PERS: All eligible employees shall be enrolled in the appropriate retirement system, and ~~SSP-ASSD~~ shall withhold the legally required percentage of the employee's wages representing the employee's contribution to the retirement system.

In addition to the deduction described above, ~~SSP-ASSD~~ shall also withhold any voluntary deductions (e.g., deferred compensation, disability insurance, etc.).

Every deduction from an employee's paycheck is explained on the check voucher. If an employee does not understand the deductions, he or she should ask the Human Resources Department to explain them.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to the HR Department. The office maintains a supply of these forms.

All Federal, State, and Social Security taxes will be automatically deducted from paychecks. Federal Withholding Tax deduction is determined by the employee's W-4 form. The W-4 form should be completed upon hire and it is the employee's responsibility to report any changes in filing status to the HR Department and to fill out a new W-4 form. From time to time tax law, and tax rates, change which may affect your tax returns. ~~SSP-ASSD~~ recommends that all employees review their tax withholdings annually and complete a new W-4 form.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

Wage Attachments and Garnishments

Under normal circumstances, ~~SSP-ASSD~~ will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies, or judgments that require the School, by law, to withhold part of an

employee's earnings in their favor.

Employees are strongly encouraged to avoid such wage attachments and garnishments. If the School is presented a second garnishment request concerning an employee, the [Human Resources Administrator](#) ~~Deputy Superintendent~~ [School Services Executive Director](#) will discuss the situation with the employee.

Work Year

When hired, employees are assigned a work year. The number of days/hours in a work year is prorated for part-time employees based on their full-time equivalency (FTE). Work years for the following employees are:

- Teachers, Education Specialist, Certificated Teacher Resource: 12-month/228 days from July 1 to June 30.
- Certificated and Classified Management: July 1 to June 30 inclusive; 12 months
- Classified, non-management: July 1 to June 30 inclusive; 12 months

The work year for several specialized positions will be determined by the needs and requirements of the program, particularly those funded by grants and outside funding sources. [SSP-ASSD](#) reserves the right to adjust position work year, full or part-time hours, based on the needs of the school.

Employees may be required to submit a work year calendar to designate workdays, non-workdays, vacations, floating holidays, and professional/ personal improvement days, if applicable. Changes to this calendar are subject to the approval of your supervisor and the [Deputy Superintendent](#) [School Services Executive Director](#).

Workday and Workweek

The operating hours of the administrative offices are generally 7:30 a.m. to 4:00 p.m. Monday through Friday, but may vary based on the needs of the school and community. The hours of Resource Centers may vary according to the needs of the students as developed by the assigned teacher in consultation with the School

Administrator. Some Resource Centers have been designated as extended-day sites.

Your particular hours of work and the scheduling of your lunch period will be determined by your location and the school's program needs. Full-time and hourly teachers are required to conduct business (instruction, visits to home, agencies, office, etc.) within the assigned hours, not to exceed eight (8) hours in one (1) day or forty (40) hours in a week.

Expense Reimbursement

Prior to incurring an expense on behalf of your school and/or Resource Center, you must have written authorization (requisition/purchase order, etc.) from your supervisor or School Administrator.

To be reimbursed for all authorized expenses, you must submit an expense report/voucher in the proper form accompanied by signed original receipts and approved by your manager. Please submit your expense report/ voucher as you incur authorized reimbursable expenses. Failure to meet prescribed due dates and deadlines may result in rejection of your request for reimbursement.

Mileage Reimbursement

Employees in elected administrative positions or persons involved in designated activities that are required to conduct school business using their personal vehicle may be reimbursed at the current Internal Revenue Service (IRS) rate per mile. Use school form Mileage Claim Form and Mileage Information Report. Claims must be submitted by the first Friday of the month for the previous month's mileage. Each claim report should terminate at the end of a month to avoid duplication in succeeding claims. Claims received after the due date will not be reimbursed.

In computing school business mileage, the starting and finishing points will be your regular workplace. For employees' mileage reimbursement claims, their first school business location for the day and their "last" is their "regular workplace".

Claims involving weekends or other non-workdays shall include a statement explaining the need to work on that day. For travel in excess of one hundred (100) miles per day, which has been pre-approved, a brief explanatory note shall be included on the mileage form.

Submission of Claims

Claims should be submitted monthly. Your report is due each month on the first Friday of the month. (Example your September mileage report must be completed and submitted on the first Friday of October) If you do not submit the forms by the due date, you will not be reimbursed. Each claim report should terminate at the end of a month to avoid duplication in succeeding claims. Since [ASSD SSP](#)'s fiscal year ends on June 30, claims for June mileage shall be submitted no later than employee's last workday in June. Employees should expect a reimbursement check on the 26th of each month.

Auditable Records

School and department internal records must be kept indicating: employee name, date of travel, and actual mileage traveled. Record of destination and/or purpose of trip are required. Include total dollar amount of requests for reimbursement. Attach this record to your claim for review by the school administrator or designee. For claiming mileage to and from the office/s, signing in and out at the front desk is required; failure to do so may result in rejection of claim. Such records shall be subject to audit and will be retained for a period of one (1) year after close of the fiscal year during which a claim is submitted.

Work Schedule

Meal and Rest Periods

Nonexempt employees working ~~at least~~ five (5) hours or more are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday, but by no later than the end of the 5th hour of work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and ~~ASSD SSP~~ mutually consent to the waiver.

Nonexempt employees are also provided with a fifteen (15) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. An employee's supervisor must be aware of and approve scheduled meal and rest periods.

Employees are expected to observe assigned working hours and the time allowed for meal and rest periods. Employees are prohibited from combining meal and rest period time. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods.

Attendance

You are expected to be at your work site and ready to work at the beginning of your assigned daily work hours, and you are expected to remain at your work site until the end of your assigned work hours, except for approved breaks and lunch.

Be aware that excessive time off or repeated lateness may result in ~~could lead to~~ disciplinary action.

Absences

From time to time, it may be necessary for you to be absent from work. We are aware that emergencies, illnesses, or pressing personal business that cannot be scheduled outside your work hours may arise. Report all absences to

your supervisor and email attendance at attendance@altusschools.net.

Planned Absences

If you know in advance that you will be absent, you are required to request this time off from your supervisor and the School Administrator in advance and in writing and copy your supervisor and the Human Resources Department. Email is an appropriate means of doing so. Include in your request the dates of absence and type of leave to be used (basic reason for request). If you are a Resource Center employee, include a recommendation or plan for student coverage.

Your supervisor will work with you to determine the feasibility and timing for the planned absence, and also the need for a substitute. Upon approval, the employee submits "Leave of Request/Absence Request" to the Human Resources attendance email.

Employees who plan to attend a professional development or continuing education event must request authorization from their supervisor and the School Administrator in advance and in writing.

Unexpected Absences

~~If you are unable to report to work as scheduled, call your supervisor and the Human Resource Office at (858) 678-2038 by 8 a.m. Leave a voice mail message if staff is unavailable to receive your call. In the event of incapacity to attend work on the designated day, time or tardiness, it is imperative to promptly notify both your immediate supervisor and the Human Resources Office at (858) 678-2038 or attendance@altusschools.net no later than 8:00am. Please provide information detailing your circumstances.~~

Report the absence due to illness or personal emergency and estimate when you expect to return. Update the Human Resources Department daily. If you are unable to make the call yourself for an absence or late arrival, for whatever reason, be sure to have someone call

on your behalf.

~~If you expect to report to your worksite later than your scheduled time, notify your Resource Center personnel, your lead or school coordinator; all others must notify the Human Resources Department. N~~otifying a fellow-

employee does not fulfill this requirement.

Absence from work for three (3) consecutive days without notifying your manager or the personnel administrator may be considered a voluntary resignation effective the close of business on the third day of absence.

Record of Absence or Lateness

Your supervisor and/or the School Administrator may require you to submit written documentation from your physician for any absence. If you are absent five (5) ~~three (3)~~ or more days because of illness, you may be required to provide written documentation from a doctor that you are able to resume normal work duties before you will be allowed to return to work.

SSP-ASSD documents absence or lateness, and the reason, in personnel files. Your attendance record will be considered when evaluating requests for leaves of absence and approved time off.

Excessive Absenteeism or Lateness

In general, a consistent pattern of absence will be considered excessive, and the reasons for the absences may come under question. Tardiness or leaving early is as detrimental to SSP-ASSD as an absence. Be aware that excessive absenteeism, lateness or leaving early may lead to disciplinary action, including possible dismissal.

Timesheets/Records

timesheet to their direct supervisor or designee for approval. Employees and supervisors are expected to verify that all information entered on the timesheet is correct.

Signed or electronically signed timesheets are due to your supervisor by the last day of that reporting period. Late or incomplete timesheets can have an impact on the amount you are paid and require subsequent corrections.

No one may record hours work on another employee's timesheet except for the immediate supervisor or designee of the employee and only with the employee's consent. For example, if an employee has an emergency and cannot be at work to submit their timesheet when it is due, then they can contact their immediate supervisor and request that this be done on their behalf.

Tampering with another employee's timesheet is cause for disciplinary action, including possible dismissal, of both employees. Do not falsify another person's record, or influence anyone else to alter your record for you. In the event of an error in recording your time, please report the matter to your supervisor immediately.

The utilization of resource Center sign-in sheets designated for staff and visitors is crucial for maintaining precise documentation of individuals present on the premises. It is your responsibility to adhere to the protocol by signing in and out accurately, noting the correct time of arrival and departure. It is strictly prohibited for any individual to record the sign-in or sign-out on behalf of another employee. Any form of tampering with the sign-in sheet or intentionally documenting inaccurate hours constitutes grounds for disciplinary measures, including termination of employment.

By law, we are obligated to keep accurate records of the time worked by “nonexempt” hourly employees.

Your timesheet is the only way the Payroll Department knows how many hours you worked and how much to pay you.

You are responsible for your timesheet, which contains your hours worked, meal periods taken, vacation or sick pay used, and other information needed by Payroll. Remember to record your time daily. The employee submits their

Workplace Policies

Lactation Accommodation

In accordance with California law, we will provide employees who wish to express breast milk for nursing infants with a reasonable opportunity to take breaks for the purpose of expressing breast milk, which can be timed with the employee's regular break schedule; and reasonable access to a private location to express breast milk, other than public restrooms if possible, that is in close proximity to the employee's regular work area. Such room/location shall have electricity. Employee shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk. Contact your supervisor if you have any questions or need assistance in making these arrangements.

Board Meetings

Although some [SSP-ASSD](#) Board meetings are held during working hours of the Schools, employees are welcome to attend such meetings. School facilities are one of the host locations for Board meetings and can accommodate the attendance of employees, parents, students, other stakeholders, and members of the public. Should an employee wish to attend a Board meeting, they must notify their supervisor at least four (4) hours in advance of the meeting, including for the purpose of ensuring appropriate student supervision is secured as applicable.

Bulletin Boards

Bulletins and bulletin board(s) are an "official" way of keeping everyone informed about new policies, changes in procedures and special events. Information of general interest is posted regularly on the bulletin board(s). Please make it a habit of reading the bulletin board(s) regularly so that you will be familiar with the information posted on it.

Only authorized personnel are permitted to post, remove or alter any notice on the bulletin

board(s). If you want to have notices posted on bulletin board(s), see the Human Resources Department for instructions.

Communications

Successful working conditions and relationships depend upon successful communication. Not only do you need to stay aware of changes in procedures, policies and general information, you also need to communicate your ideas, suggestions, personal goals or problems as they affect your work.

In addition to the exchanges of information and expressions of ideas and attitudes which occur daily, make certain you are aware of and utilize all school methods of communication, including this Employee Manual, bulletin boards, discussions with your supervisor and members of the Leadership Team, memoranda, meetings (faculty, department, teams), newsletters, training sessions, etc.

In addition, you may receive correspondence from [SSPASSD](#). There is no regular schedule for distribution of information. The function of each correspondence is to provide you and your family with interesting news and helpful information that will keep you up-to-date on the events here at [SSPASSD](#).

Communications with the Press; Other Outside Agencies

From time to time, there may be events at [SSP ASSD](#) that invite interest from the media or other outside agencies. To maintain a coherent, centrally organized public relations policy which is consistent with the philosophy and vision for [SSPASSD](#), all requests to faculty, staff, general or advisory board members made by the media, electronic or print, must be referred to the Chief of Staff [and Compliance Officer](#) for approval and coordination.

Computer Software (Unauthorized Copying)

Altus Schools San Diego Student Success Programs Employee Manual

[SSP—ASSD](#) does not condone the illegal duplication of software.

The law protects the exclusive rights of the copyright holder and generally does not give users the right to copy software. Unauthorized duplication of software is a Federal crime. Penalties include fines and imprisonment. Further, employees who make, acquire or use unauthorized copies of computer software shall be disciplined as appropriate under the circumstances. Such discipline may include dismissal from employment.

Even the users of unlawful copies suffer from their own illegal actions. They receive no documentation, no customer support and no information about product updates.

[SSP—ASSD](#) licenses the use of computer software from a variety of outside companies. [ASSD SSP](#) does not own this software or its related documentation and, unless authorized by the software manufacturer, does not have the right to reproduce it.

With regard to use on local area networks or on multiple machines, employees shall use the software only in accordance with the license agreement.

Employees learning of any misuse of software or related documentation within the company shall notify the department manager.

Dress Code/Personal Appearance

You are expected to dress and groom yourself in accordance with accepted social and business standards. Your job involves dealing with students, parents, and the community. In many cases, you serve as a role model. You must use good judgment in determining what is a reasonable dress code appropriate to the job you perform. Clothing that exposes bare backs, midribs, and/or shoulders, T-shirts, undershirts, jeans, shorts, ~~flip flops thongs~~ and beach sandals are not appropriate.

A neat, tasteful appearance contributes to the positive impression you make on our community.

[Altus Schools San Diego Student Success Programs—Employee Manual](#)

You are expected to be suitably attired and groomed during working hours or when representing [SSPASSD](#). A good clean appearance bolsters your own poise and self-confidence and greatly enhances our school image.

Personal appearance should be a matter of concern for each employee. If your supervisor feels your attire is inappropriate, you may be asked to leave your workplace until you are properly attired. You will not be paid for the time you are off the job for this purpose. The support team has the sole authorization to determine an appropriate dress code, and anyone who violates this standard will be subject to appropriate disciplinary action.

First Aid

If you hurt yourself or become ill, please contact your manager for assistance. If you fail to report an injury, you may jeopardize your right to collect workers' compensation payments as well as health benefits. Should you have any questions or concerns, contact the Human Resources Department or your supervisor for more information.

First Aid and CPR Certification

To ensure the safety of its students and employees, it is highly recommended that staff maintain a current cardio-pulmonary resuscitation ("CPR") and First Aid certification. All candidates applying for a preliminary teaching credential are required to obtain certification in CPR. The Commission on Teacher Credentialing states that CPR certification shall meet the criteria of the American Heart Association or the American Red Cross. Submit a copy of your certification to the Human Resources Department for inclusion into your personnel file.

Intellectual Property

[SSP—ASSD](#) shall own any employee-created intellectual property under the following circumstances:

1. The intellectual property was created within the scope of employment;

2. The intellectual property was created on [SSP ASSD](#) time with substantial use of [SSP-ASSD](#) equipment, services or resources; or
3. The intellectual property was commissioned by [SSPASSD](#)
 - Pursuant to a signed contract; or
 - Within a specific category of works considered works-for-hire under copyright law.

A copyright work is “created within the scope of employment” if it is the kind of work the employee is employed to do and the employee creates it, at least in part, for the employee’s use at work, or for use by co-workers, [SSPASSD](#), and/or the students and families [SSP-ASSD](#) serves. Such works related to an individual’s job responsibilities, even if he or she is not specifically requested to create them, will belong to [SSP-ASSD](#) as “works-for-hire.”

The use of personal time or other facilities to create the work will not change its basic nature if it is related to job duties as described above. Works that have nothing to do with job duties will remain the property of the employee, so long as he or she does not make substantial use of [SSP-ASSD](#) facilities to do so. “Substantial use” is the use of resources other than those “ordinarily available” to most or all staff and/or students. Such ordinarily available resources include office space and personal office equipment, office computer, general use information re- sources, and the means of network access to such re- sources.

If an employee creates intellectual property other than a scholarly work and which may lead to commercial development, then he or she is expected to immediately notify the Leadership Team in order to provide [SSP-ASSD](#) with sufficient information to permit it to evaluate the work, both its ownership and its commercial potential, and, if appropriate, to take steps to protect [SSP’s-ASSD’s](#) intellectual property rights. If ownership rests with [SSPASSD](#), but [SSP-ASSD](#) elects not to exercise its ownership rights, then ownership rights and responsibilities related to patenting, copyrighting and licensing shall revert to the author(s). In such case, [SSP-ASSD](#) shall retain a nonexclusive, royalty-free right to use the work

for non-commercial purposes.

Research Activities

[SSP-ASSD](#) is committed to supporting a strong, active research component for the School. As a critical part of the ADLI (Approach, Deploy, Learn, Integrate) approach to strategic growth, professional development and innovation, [SSP ASSD](#) holds as an expectation that every employee’s scope of work shall include observation and exploration and sharing of instructional, educational, operational and related activity at the national, state, and local levels.

The activities surrounding ADLI may include, but are not limited to attending local, state, and national conferences on a unique variety of subject areas including the charter movement, charter law, charter school development and management, personal interviews, meetings, the preparation of white papers, technical manuals, other major publications, working with consultants, and producing or coordinating projects that include the sharing of information (data, operational, or process) with other entities interested in the work relating to the Altus Model. Consistent with the organization’s charitable purpose, it is the intent of [SSP-ASSD](#) that its involvement in active research and study not only benefits and promotes the Schools directly, but inspires and engages employees at every level in the promise of working for an entity which is oriented to process improvement, innovative non-traditional approaches, and futuristic development of programs that benefit students everywhere.

Personal Phone Calls

School telephones are a vital tool in communicating with parents, community resources, and to conduct official school business. Please keep personal phone calls, using school phones or your personal cell phones, to a minimum; they must not interfere with your work.

If calls are made from a school phone to areas that incur toll or long-distance charges, the employee responsible for initiating the calls

must complete the appropriate school form to report the call. Employees are responsible for payment of any fees incurred for toll or long-distance personal phone calls.

purpose for which

Personal Use of School Property

If you want to use school equipment or tools during or after work hours for personal benefit, you must have written authorization from the School Administrator. [SSP-ASSD](#) is not liable for personal injury incurred during the use of school property for personal projects. As an employee of [SSPASSD](#), you accept full responsibility for any and all liabilities for injuries or losses that occur, and for the malfunction of equipment. You are responsible for returning the equipment or tools in good condition, and you agree that you are required to pay for any damage that occurs while using the equipment or tools for personal projects.

Property and Equipment Care

It is your responsibility to understand the equipment/ machines you need to use to perform your duties. Good care of any machine that you use during the course of your employment, as well as the conservative use of supplies, will benefit you and [SSPASSD](#). If you find that a machine and/or piece of equipment is not working properly or in any way appears unsafe, please notify your supervisor immediately so that repairs or adjustments may be made. Under no circumstances should you start or operate a machine you deem unsafe, nor should you adjust or modify the safeguards provided.

Responsibility for School Property

All school equipment assigned to RC/locations is purchased and consigned to staff with the express intent that it be used in the delivery of instruction and/or services offered to students enrolled in the school.

Equipment owned by [SSP-ASSD](#) is considered an asset and under the protection of workforce members. Equipment such as computers, telephones, radios, laptops/ computers, televisions, etc. are to be used expressly for the

[Altus Schools San Diego Student Success Programs](#)—Employee Manual

they were intended, that is, to enhance the teaching and learning that occurs in the RC and support to job functions.

Equipment, other than employee's assigned laptop, should never be removed from the site without prior written notification, twenty-four (24) hours in advance, directed to the School Administrator/Site Coordinator or designee. School property that the employee is allowed to remove from school premises becomes the liability of that employee until the employee returns it to [SSP-ASSD](#) in good working condition.

It is the responsibility of the employee to exercise reasonable care and appropriate precautions to prevent damage to or loss/theft of school property in their care. The terms "reasonable care and appropriate precautions" may mean, at minimum:

- The property is not left unattended.
- The property is secured in a locked facility.
- When being transported the property is locked in a vehicle out-of-sight, preferably in the trunk.
- Transporting of the property is limited primarily to between school sites, on school business, and to and from work.

The employee is liable for the payment of damages whenever his/her wrongful or negligent act or omission causes loss, theft, disappearance, damage to or destruction of school property for which he/she is responsible.

In the event that school property under the employee's care is lost or stolen, it must be reported to the local police AND the School Administrator/ School Coordinator or designee immediately. A copy of police report must be sent to the School Administrator/School Coordinator or designee within two (2) working days of the loss. Failure to secure and submit a police report automatically results in the employee's liability for the replacement cost.

many appliances or machines.

The [Deputy Superintendent School Services Executive Director](#) will determine if the employee is deemed negligent, and whether or not financial liability and/or other sanctions are justified. This determination will be based on the facts established in each case. The School Administrator will inform the employee in writing as to the findings and any consequences. The employee has the option to request an appeal of the decision. The appeal must be submitted in writing, addressed to the [Deputy Superintendent School Services Executive Director](#), within *five (5) working days* after the receipt of the findings.

After review, the [Deputy Superintendent School Services Executive Director](#) will convey the decision, in writing, to all concerned.

If the finding of liability is upheld, the School Administrator will be responsible for instituting the sanctions/ consequences other than financial. If there is a financial liability, the Finance Department will submit a bill to the employee requesting payment due as soon as possible AND prior to the end of the employee's contract term.

Safety/Fire/Earthquake Drills

The safety of our students and employees is a priority. Drills are scheduled throughout the year. The Safety Coordinator and/or School Administrator will advise you about the requirements and expectations.

Safety Rules (General)

Safety is everybody's business. Safety must be given primary importance in every aspect of planning and performing of all school activities. We want to protect you and our students from injury and illness.

Please report all injuries (no matter how slight) to your supervisor immediately, as well as anything that needs repair or is a safety hazard. Below are some general safety rules:

- Avoid overloading electrical outlets with too

- Use flammable items, such as cleaning fluids, with caution.
- Use stairs one at a time.
- Ask for assistance when lifting heavy objects or moving heavy furniture.
- Smoke only in designated smoking areas, but not on school property.
- Keep cabinet doors and file and desk drawers closed when not in use.
- Sit firmly and squarely in chairs that roll or tilt.
- Avoid “horseplay” or practical jokes.
- Keep your work area clean and orderly; keep aisles clear of obstructions.
- Stack materials only to safe heights.
- Watch out for the safety of fellow employees and students.
- Use the right tool for the job, and use it correctly.

Remember, failure to adhere to these rules will be considered a serious infraction of safety rules and will result in disciplinary actions, up to and including immediate termination.

Security

Maintaining the security of school assets and buildings is every employee’s responsibility. Develop habits that ensure security as a matter of course. For example:

- Always keep cash properly secured. If you are aware that cash is insecurely stored, immediately inform the person responsible and/or your supervisor. Do not keep cash in the resource center. Turn in any school cash at the end of the school day to the Finance Department; issue receipts.
- Know the location of all alarms and fire extinguishers, and familiarize yourself with

the proper procedure for using them should the need arise.

- When you leave school's premises make sure that all entrances are properly locked and secured and that, where applicable, security alarms are set.

Pandemic Response Procedures

[ASSD SSP](#) has developed pandemic response procedures in order to be prepared in such emergency circumstances. Viruses such as influenza are a group of highly contagious diseases that can be fatal. A pandemic differs from both seasonal influenza (flu) and other known influenza viruses in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new virus of which little is known and to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu, with a higher death rate, and can affect and be spread by young, healthy people as well as older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily by region or state to contain spread of the virus.

Deputy Superintendent School Services Executive Director Actions:

- Activate heightened surveillance of illness within school site. Gather data on symptoms of students and staff who are sick at home.
- Ensure that students and staff members who are ill stay home.
- Send sick students and staff home from school immediately.
- Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette.
- Monitor bulletins and alerts from the Department of Health and Human Services.
- Keep staff informed of developing issues.

[Altus Schools San Diego Student Success Programs](#)—Employee Manual

- Assist the Department of Health and Human Services in monitoring outbreaks.
- Respond to media inquiries regarding school attendance status.
- Implement online education, if necessary, so that students can stay home.
- Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Staff and Student Actions:

- Stay home when ill with cough or other flu-like symptoms (chills, fever, aches, cough, sore throat).
- Practice “respiratory hygiene etiquette,” including but not limited to covering your cough and sneezing with a tissue, washing hands with soap and water or a waterless hand hygiene product, and placing used tissues into a sealed bag.
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- Implement distance learning and online homework assignments so that students can maintain academic progress during shelter in place orders.

Additional Steps for the School:

- Identify Essential Employees (Teachers, Administrators, etc.).
- Provide modified distance learning for periods of school closure.
- Direct custodial staff to thoroughly clean and sanitize school facilities.

Emergency Preparedness

Every school must have emergency preparedness procedures readily on hand, including a list of up to date emergency contact numbers. This information should be discussed and disseminated before school starts, ideally at an all school staff meeting just when the teachers return to duty. Administrators will conduct regular trainings with staff and students to ensure that disaster procedures will be followed in the event of an emergency.

Essential Employees

Functioning critical infrastructure is imperative during the response to a public health or other emergency for the health and safety of staff and students as well as community well-being. Certain critical infrastructure industries have a special responsibility in such times to continue operations.

The Department of Homeland Security's (DHS) Cybersecurity & Infrastructure Security Agency (CISA) has prepared a list of 14 critical industry sectors. Employees that fall under these categories are referred to as "Essential Critical Infrastructure Workers" and are generally required to deliver services during an emergency. Included among these sectors are community-based government operations and essential functions. This category refers to critical government workers, as defined by the employer, and includes most staff members of [SSPASSD](#), as follows:

- Educators supporting public and private K-12 schools for purposes of facilitating distance learning or performing other essential functions, if operating under rules for social distancing.
- Administrators of public and private K-12 schools for purposes of supporting the work of educators to deliver distance learning and to perform other essential functions, if operating under rules for social distancing.

[SSP-ASSD](#) shall designate essential employees who are required to work and provide services during any pandemic, emergency, or natural disaster.

Telework Policy**Purpose**

[SSP-Altus Schools San Diego \("ASSD"\)](#) recognizes approved teleworking as a work arrangement that may be available to employees who work in certain positions. This policy details conditions and requirements which apply to all telework assignments in the organization.

Definition

52

[Altus Schools San Diego Student Success Programs Employee Manual](#)

Teleworking allows employees to work at home or in an approved remote location for all or part of their regular workweek. Teleworking is not an entitlement, nor is it a school-wide benefit. This temporary arrangement in no way alters or changes the terms and conditions of employment with the School, and the promulgation of this Policy creates no employee rights in relation to teleworking. Furthermore, the School has the right to refuse to make telework available to an employee and to terminate a telework assignment without cause at any time in its sole and unreviewable discretion.

General Requirements

Employees shall not telework unless they receive advance written approval from the School. Employees shall make arrangements with their supervisor and co-workers to address on-site job demands that arise, including returning to the work site to perform certain job duties as needed or as directed by their supervisor. Employees shall be responsible for following all School policies and procedures when teleworking. Employees shall also be solely responsible for the performance of their telework duties; assistance from third parties is strictly prohibited.

Nonexempt employees will be required to (1) record all hours worked as assigned by the School and (2) take and document applicable meal/rest periods. Nonexempt employees must also receive written approval from a supervisor prior to working additional hours or overtime. Failure to comply with timekeeping and work hours requirements may result in disciplinary action, up to and including termination from employment.

Eligibility Considerations

Consideration will be given to employees who work in positions adaptable for telework assignments, particularly those who have demonstrated work habits and performance well-suited to successful teleworking. In the sole

discretion of ~~SSP-ASSD~~ and its management, the following eligibility factors will be considered:

- The employee has a position where effective communication can be accommodated electronically;
- The employee's telework assignment will not be detrimental to the productivity or work quality of other employees or the effective operation of the School;
- The employee must be able to perform work from home or an approved remote location without distractions or unnecessary risk to the security of School data, records, networks, or confidentiality generally;
- The employee's equipment and software must meet the School's guidelines/standards, and the employee's needs for Information Technology ("IT") support must be minimal;
- Telework sites must be in California unless authorized by the [Superintendent School Services and Founder President/CEO](#) or a designee;
- The employee must be effective at working independently for extended periods of time;
- The employee has demonstrated or can demonstrate effective time-management skills by completing tasks efficiently and within any required deadlines;
- The employee must maintain connections with work groups or teams from their remote work location; and
- ~~The employee has no recent or pending corrective or disciplinary actions.~~
- ~~Further, the Employee acknowledges that telework is not an entitlement and such assignments are within the sole discretion of the employer. Telework assignments may be rescinded at any time without cause at the SSP's sole discretion.~~

~~Further, the Employee acknowledges that telework is not an entitlement and such assignments are within the sole discretion of the employer. Telework assignments may be rescinded at any time without cause at the SSP's sole discretion.~~

Supervisor Responsibilities

Supervisors managing employees who have been permitted to telework must effectively:

~~Altus Schools San Diego Student Success Programs~~ Employee Manual

- Implement the telework policy/guidelines;
- Conduct remote supervision;
- Understand the technology and tools necessary for successful remote supervision; and
- Establish communication protocols with telework employees, including making continued efforts to involve teleworking employees in office/ department events, messages, etc. as applicable to preserve teamwork.

Supervisors will assess each employee's progress on a telework assignment periodically to ensure the employee's compliance with telework requirements, and address any work-related issues, including completing evaluations and other performance management as appropriate.

Communication and Accessibility

Employees and supervisors must determine how communication between the teleworking employee, the worksite, and/or other employees also teleworking will be handled. Employees shall keep their supervisor and as needed, their co-workers or other School stakeholders (e.g., students and/or parents), informed of their availability so these individuals know how and when to reach the employee during the employee's telework assignment. Employees must be accessible by phone and email at all times to their supervisor, co-workers, School stakeholders, and the School generally during assigned work hours. Employees must notify their supervisors if they leave their telework site during agreed upon hours, aside from applicable meal and rest periods. Employees must post their telework schedule on their calendar, including applicable meal and rest periods. Employees must also remain flexible in their scheduling, and shall be available to attend staff meetings and other meetings as required by their supervisor.

Safety

Employees are responsible for establishing and maintaining a designated, adequate workspace at their telework location. When the telework location is the employee's home, the employee is responsible for ensuring the location is safe

Formatted: Font color: Auto

(free from hazards and other dangers to the employee or equipment), clean, professional, and free of distractions (e.g., children, pets, electronic devices, etc.).

Supplies, Equipment, and Furniture

The Schools will determine, with information supplied by the employee and the supervisor, the appropriate equipment needs for each telework assignment on a case-by-case basis.

All necessary technology equipment will be supplied and maintained by the Schools, subject to availability. Equipment supplied by the Schools is to be used for work purposes only. Employees must sign an inventory of School property and agree to protect the items from damage or theft. Employees shall not be entitled to reimbursement for their use of School property. Employees shall be held liable to the School whenever their wrongful or negligent act or omission causes loss, theft, disappearance, damage to, or destruction of School property. Upon cessation of a telework assignment, School property must be returned to the School.

Information Security and Confidentiality

Employees must never provide any third parties access to the [SSP-ASSD](#) network or share network access passwords, and must comply with all policies and procedures related to information security and network access.

Consistent with [SSP's-ASSD'sS](#) expectations of information security for employees working at the office, teleworking employees must ensure that their telework location is secure and communications provided or sensitive work performed from the telework location remain confidential, away from the presence of family members or guests. Any School materials taken home, such as confidential personnel or pupil records, must be kept in a secure space within the telework location and not be made accessible to any third parties, including the employee's family members or guests. Steps which employees may take to increase security of School materials/information include use of locked file cabinets and desks, regular password maintenance, shielding computer monitors, and

any other actions appropriate for the position and the telework location.

Performance Standards

Employees must maintain the same or an improved level of productivity and work quality while teleworking. If productivity and/or work quality begin to decline, the telework assignment will be reevaluated to determine if changes can be made or termination of the telework assignment is warranted. Telework

allows a high amount of flexibility for an employee to complete their work in a timely and proper manner, and it is expected that employees will not abuse this opportunity by allowing their productivity or work quality to decline.

Professional Boundaries

Employees must maintain appropriate levels of professionalism when interacting remotely with students and/or student's family members in full compliance with the [SSP's-ASSD'S](#) "Professional Boundaries: Staff/Student Interaction" policy and as summarized below:

- Limit communications with students to issues involving School activities or classes only;
- Ensure professional communications with students by avoiding conversations of an overly personal, inappropriate, sexual, offensive, or indecent nature;
- Respect the privacy rights of students by ensuring communications and/or documents involving confidential pupil information are safeguarded appropriately;
- Maintain the same degree of formality as would be appropriate when working on-site, including in manner of speech, tone, method of communication, and appearance and dress, particularly when the employee may be communicating with students via video chat; and
- Continue to comply with any and all [SSP-ASSD](#) policies, including enforcing appropriate student behavior and student discipline, child abuse and neglect reporting protocols, and prohibitions on harassment or other inappropriate conduct.

Employees who fail to demonstrate acceptable professional boundaries during a telework assignment may be subject to disciplinary action, up to and including termination from employment.

Return to Work

Telework assignments are temporary in nature and will only continue subject to [SSP-ASSD](#) approval.

As such, employees must return to on-site work at their assigned work location when directed to do so by their supervisor. However, in limited circumstances and only upon a showing of hardship to [SSPASSD](#), employees may be permitted to continue in their telework assignment for up to an additional thirty (30) days beyond the planned termination of their telework assignment.

Any employee requesting an extension of their telework assignment must submit such request in writing to the [Deputy Superintendent School Services Executive Director](#) immediately upon being notified of the requirement to return to on-site work. The written request must explain in detail the basis for the hardship.

Upon completion of any approved extension of a telework assignment, [SSP-ASSD](#) may allow the extension to continue, subject to demonstrable ongoing hardship experienced by the employee and the overall needs of the School. The decision as to whether to grant any initial or continuing request to extend the telework assignment remains within the sole and unreviewable discretion of [SSPASSD](#).

Evaluation & Duration

Evaluation of employee performance during the teleworking assignment may include daily interaction by video, phone and/or email between the employee and the supervisor, and weekly face-to-face and/or video meetings whenever possible to discuss work progress and problems, as needed.

[SSP-ASSD](#) may modify or terminate telework assignments at any time, with or without cause

or advance notice. Although not required, [SSP-ASSD](#) shall endeavor to provide seven (7) days' notice of the modification or termination of any telework assignment whenever possible. All telework assignments shall be subject to termination upon resumption of regular onsite duties at the Schools unless determined by the School that telework assignment may continue.

The goal of professional development at [SSP-ASSD](#) is to ensure a well-trained and well-rounded staff.

Traffic Violations

[Employees are required to obey all traffic laws and shall be expected to operate their vehicles in a safe manner.](#) If you operate your own vehicle in performing your job, you will be considered completely responsible for any accidents, fines or traffic violations incurred. In the event of a vehicular accident, notify your

immediate supervisor as soon as you are able.

Violations of Policies

You are expected to abide by the policies in this manual. Failure to do so will lead to appropriate disciplinary action being taken against you, up to and including termination. A written record of all policy violations is maintained in each individual's personnel file.

A partial list of causes for possible disciplinary action ("Unacceptable Activities") is presented under "Standards of Conduct" in the "Employment" section of this manual. This list is not to be considered all- inclusive.

Bereavement leave must be utilized within three (3) months of the covered family member's date of death. Bereavement pay will not be used in computing overtime pay. Upon request, an employee may be required to provide documentation of the death of a covered family member.~~ If additional time is required, the employee may request Personal Necessity Leave as described above.

For purposes of this section, covered immediate family includes relatives of the employee or employee's spouse: parents and step-parents, son, daughter, brother, sister, spouse, grandparents, grandchildren, son- and daughter-in-law, parents-in-law, aunt, uncle, niece, nephew, domestic partner, or any relative living in your immediate household.

Reproductive Loss Leave

All employees who have worked for the School for at least thirty (30) days shall be eligible to take up to five (5) days of leave upon the employee experiencing a reproductive loss event. A reproductive loss event includes any failed adoption, failed surrogacy, miscarriage, stillbirth, or unsuccessful assisted reproduction. Reproductive loss leave must be used within three (3) months of a reproductive loss event. Employees may take up to twenty (20) days of leave due to qualifying reproductive loss events within a twelve (12) month period. Reproductive loss leave shall be unpaid unless the employee

elects to use available accrued/unused paid leave. Reproductive loss leave shall not be used in computing overtime pay.

Jury Duty

If you receive a summons or other notice requiring you to report for Jury Duty, inform your supervisor immediately, and provide Human Resources with a copy of your notice to report for Jury Duty.

Monthly employees called for Jury Duty are granted paid leave of absence for the days actually served and are permitted to keep any jury stipend received. Employees are expected to return to work when they only serve a partial day. Employees who are placed on "telephone standby" must report to work during those days.

At the end of each day of Jury Duty, notify your Supervisor of your status. At the end of jury service submit your jury attendance documents to Human Resources.

Hourly employees called for Jury Duty may receive postponement of service or cancellation due to financial hardship. Contact the Human Resources Department if documentation of your employment status is needed.

Family Care and Medical Leave

Commented [AES1]: This is a new policy required by CA law. The leave time may be unpaid, but employees must be allowed to use accrued/unused PTO.

This policy explains how [SSP-ASSD](#) complies with the federal Family and Medical Leave Act (“FMLA”) and the California Family Rights Act (“CFRA”), both of which require [ASSDSSP](#) to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

related medical conditions, which is covered by

Employee Eligibility Criteria

To be eligible for FMLA/CFRA leave, the employee must have been employed by [SSP-ASSD](#) for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

Events That May Entitle an Employee To FMLA/CFRA Leave

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

1. To care for the employee’s newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by [ASSDSSP](#), they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.
2. Because of the employee’s own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or

~~SSP's-ASSD'sS~~ separate pregnancy disability policy).

- a. A “serious health condition” is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.
 - b. “Inpatient care” means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an “inpatient” when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.
 - c. “Incapacity” means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.
 - d. “Continuing treatment” means ongoing medical treatment or supervision by a health care provider.
3. To care for a spouse, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, sibling, or designated person for CFRA purposes. “Designated person” refers to any individual related by blood or whose association with the employee is equivalent to a family relationship. Employees are limited to one (1) designated person per twelve (12) month period.
 4. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the

employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

5. For any “qualifying exigency” because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

Amount of FMLA/CFRA Leave Which May Be Taken

1. FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. “Twelve workweeks” means the equivalent of twelve (12) of the employee’s normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, “twelve workweeks” means sixty (60) working and/or paid eight (8) hour days.
2. In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.
3. The “twelve month period” in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/ CFRA leave.
4. If a holiday falls within a week taken as FMLA/ CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, ~~SSP's-ASSD'sS~~ business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days ~~SSP's-ASSD'sS~~ activities have ceased do not count against the

Commented [AES2]: This is within the School’s rights under CFRA.

employee’s FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee’s leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA/CFRA Leave

1. An employee on FMLA/CFRA leave because of his/her own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, SSP-ASSD and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.
2. An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.
3. ASSC does not participate in State Disability Insurance or Paid Family Leave programs offered through the Employment Development Department (“EDD”), instead for monthly salaried employees, ASSC offers halftime sick leave pay once the accrued paid sick time has been exhausted. Half-Time Sick Leave are as follows:
 - 12-Month Employees : (896 hours) = 112 days
 - 11-Month Employees: (888 hours) = 111 days
 - 2. 10-Month Employees: (880 hours) = 110 days
- 3.4. If an employee has exhausted his/her sick leave and halftime sick leave, leave taken under FMLA/CFRA shall be unpaid leave.
- 4.5. The receipt of sick leave pay or State

Disability Insurance benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid or partial pay leave began.

Health Benefits

The provisions of ASSD’s SSP’s various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by SSP-ASSD during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, SSP-ASSD will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period. If an employee is required to pay premiums for any part of his/her group health coverage, SSP-ASSD will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

SSP-ASSD may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have “failed to return from leave” if he/she works less than thirty (30) days after returning from FMLA/ CFRA leave; and
2. The employee’s failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

Seniority

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority he/she had when the leave

commenced.

Medical Certifications

1. An employee requesting FMLA/CFRA leave because of his/ her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by [SSP/ASSD](#). Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of [SSP's/ASSD's](#) request for certification) may result in denial of the leave request until such certification is provided.
2. [SSP/ASSD](#) will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. [SSP/ASSD](#) may contact the employee's health care provider to authenticate a certification as needed.
3. If [SSP/ASSD](#) has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, [SSP/ASSD](#) may request a second opinion by a health care provider of its choice (paid for by SSP). If the second opinion differs from the first one, [SSP/ASSD](#) will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.
4. Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA/CFRA Leave

1. An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the [Human Resources Administrator Deputy Superintendent School Services Executive Director](#). An employee asking for a Request for Leave form will be given a copy of [ASSD's/SSP's](#) then-current FMLA/CFRA leave policy.

2. Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.
3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt [SSP's/ASSD's](#) operations.
4. If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.
5. If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that [SSP/ASSD](#) will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.
6. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.
7. [SSP/ASSD](#) will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, [SSP/ASSD](#) will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the

consequences of failing to satisfy them.

Return to Work

1. Upon timely return at the expiration of the FMLA/ CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.
2. When a request for FMLA/CFRA leave is granted to an employee, [SSP-ASSD](#) will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).
3. Before an employee will be permitted to return from FMLA/CFRA leave taken because of his/ her own serious health condition, the employee must obtain a certification from his/her health care provider that he/ she is able to resume work.
4. If an employee can return to work with limitations, [SSP-ASSD](#) will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from [SSP-ASSD](#).

Employment during Leave

No employee, including employees on FMLA/CFRA leave, may accept employment with any other employer without [SSP's-ASSD's](#) written permission. An employee who accepts such employment without [SSP's-ASSD's](#) written permission will be deemed to have resigned from employment at [SSP-ASSD](#).

Pregnancy Disability Leave

This policy explains how [SSP-ASSD](#) complies with the California Pregnancy Disability Act, which requires [SSP-ASSD](#) to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the

period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

Employee Eligibility Criteria

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

Events That May Entitle an Employee to Pregnancy Disability Leave

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

1. The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of

her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or

2. The employee needs to take time off for prenatal care.

Duration of Pregnancy Disability Leave

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. “Four months” means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, “four months” means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, “four months” means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee’s pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for [SSPASSD](#). [SSP-ASSD](#) is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pay during Pregnancy Disability Leave

1. An employee on pregnancy disability leave

must use all accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.

2. The receipt of vacation pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.
3. Vacation and sick pay accrues during any period or partial pay of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

4. ASSC does not participate in State Disability Insurance or Paid Family Leave programs offered through the Employment Development Department (“EDD”), instead for monthly salaried employees, ASSC offers halftime sick leave pay once the accrued paid sick time has been exhausted. Half-Time Sick Leave are as follows:

- 12-Month Employees: (896 hours) = 112 days
- 11-Month Employees: (888 hours) = 111 days
- 3. • 10-Month Employees: (880 hours) = 110 days

Health Benefits

SSP—ASSD shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12) - month period. SSP—ASSD can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

1. The employee fails to return from leave after the designated leave period expires.
2. The employee’s failure to return from leave is for a reason other than the following:
 - The employee is taking leave under the California Family Rights Act.
 - There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.

- There is a non-pregnancy related medical condition requiring further leave.
- Any other circumstance beyond the control of the employee.

Seniority

An employee on pregnancy disability leave remains an employee of SSP—ASSD and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

Medical Certifications

1. An employee requesting a pregnancy

than the employee's regular position.

2. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.
3. Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

Requesting and Scheduling Pregnancy Disability Leave

1. An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to ~~the Human Resources Administrator Deputy Superintendent School Services the Executive Director~~. An employee asking for a Request for Leave form will be referred to [SSP's-ASSD'sS](#) then current pregnancy disability leave policy.
2. Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.
3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt [SSP's-ASSD'sS](#) operations.
4. Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.
5. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave

6. SSP-ASSD will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, SSP-ASSD will notify the employee in writing and leave will be counted against the employee’s pregnancy disability leave entitlement. This notice will explain the employee’s obligations and the consequences of failing to satisfy them.

6. Pregnancy Disability Leave and Family Medical Leave Act (FMLA) will run concurrently as both leaves cover pregnancy-related medical conditions per Gov. Code, § 12945.2(s).

Return to Work

1. Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

There is no comparable position available, to which the employee is either qualified or entitled, on the employee’s scheduled date of reinstatement or within sixty (60) calendar days thereafter. SSP-ASSD will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

A “comparable” position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee’s original position in terms of pay, benefits, and working conditions.

2. When a request for pregnancy disability leave is granted to an employee, SSP-ASSD will give the employee a written guarantee of reinstatement at the end of the leave (with

the limitations explained above).

3. In accordance with SSP-ASSD policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a

Employment during Leave

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without ~~SSP's~~ ASSD's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Unpaid Leave of Absence

~~SSP~~ ASSD recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, ~~SSP~~ ASSD may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by ~~SSP~~ ASSD.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

If you are currently covered, medical, and dental coverage will remain in force during a medical or worker's compensation leave of absence, provided you pay the appropriate premiums. Whether you are required to pay your own premiums will depend upon the length of your leave of absence. During a family/ medical leave, your medical and dental benefits will remain in force provided you pay the appropriate premiums. Benefits are terminated the day any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Compensation)

SSPASSD, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure you receive any worker's compensation benefits to which you may be entitled, you will need to:

- Immediately report any work-related injury to the ~~Human Resources Administrator Deputy Superintendent School Services Executive Director~~;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the ~~Human Resources Administrator Deputy Superintendent School Services Executive Director~~; and
- Provide SSPASSD with a certification from your health care provider regarding the need for workers' compensation disability leave as well as your eventual ability to return to work from the leave.

It is SSPASSD's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. SSPASSD, with the help of its insurance carrier has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to SSPASSD's operation.

- If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most

appropriate medical center or hospital for treatment will be recognized as an approved center.

- All accidents and injuries must be reported to

the ~~Human Resources Administrator Deputy Superintendent School Services Executive Director~~ and to the individual responsible for reporting to ~~SSP's-ASSD's~~ insurance carrier. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to ~~SSP's-ASSD's~~ approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.

- When there is a job-related injury that results in lost time, the employee must have a medical release from ~~SSP's-ASSD's~~ approved medical facility before returning to work.
- Any time there is a job-related injury, ~~SSP's-ASSD's~~ policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Military and Military Spousal Leave of Absence

~~SSP-ASSD~~ shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re- Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, ~~SSP-ASSD~~ shall continue the employee's health benefits. For service of more than thirty (30) days, employee shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, ~~SSP-ASSD~~ will reinstate those employees

For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

Exceptions to this policy will occur wherever necessary to comply with applicable laws.

[SSP-ASSD](#) shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide [SSP-ASSD](#) with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Voting Time Off

If an employee does not have sufficient time outside of working hours to vote in an official state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. leave ("Donor Leave"), the employee must have been employed by [SSP-ASSD](#) for at least ninety (90)

School Appearance and Activities Leave

As required by law, [SSP-ASSD](#) will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of [SSPASSD](#), the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation

- Seek medical attention for injuries caused by

An employee requesting Donor Leave must provide written verification to [SSP-ASSD](#) that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. [SSP-ASSD](#) may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/ CFRA Leave.

Victims of Abuse Leave

[SSP-ASSD](#) provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, or that of the employee's child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime has been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

domestic violence, sexual assault, or stalking.

- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide [SSP-ASSD](#) with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide [SSP-ASSD](#) one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, [SSP-ASSD](#) will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact the Human Resources Department.

Returning From Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give the [Human Resources Administrator Deputy Superintendent School Services Executive Director](#) thirty (30) days' notice before returning from leave. Whenever [SSP-ASSD](#) is notified of an employee's intent to return from a leave, [SSP-ASSD](#) will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If you need further information regarding Leaves of Absence, be sure to consult the [Human Resources Administrator Deputy Superintendent School Services Executive Director](#).

Internal Complaint Review Policy

The purpose of the “Internal Complaint Review Policy” is to afford all employees of [ASSD SSP](#) the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the [Deputy Superintendent School Services Executive Director](#) or Board Chairperson to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the [SSP’s-ASSD’sS](#) “Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation.”

We Need Your Ideas discuss your concerns with your immediate

Ask any of our employees who have worked with us for a long time and they will probably tell you of the many changes and improvements that have come about since they first joined us. We believe the person doing the job is in the best position to think of ways of doing it more easily, more efficiently, and more effectively. If you think of a better way of doing your job or the job of a fellow employee, discuss it with your supervisor, who will welcome your suggestions and ideas.

Remember, there may be areas in [SSP’s-ASSD’sS](#) operations that can be improved. These could be in service, programs, equipment, communications, safety, ways to reduce costs, losses, and/or waste, or other improvements you may see a need for. Please give us the benefit of your unique experience and thoughts.

Concerns

Our goal is to maintain a comfortable working environment for everyone. We do this in several ways:

- By treating each of you as an individual and encouraging your maximum development;
- By recognizing that each of you is essential to the success and growth of the school; and
- By maintaining direct communications with all of our employees and ensuring that each and every one of you can speak directly and openly with the Leadership Team.

If something about your job is bothering you or if you feel that you have not been treated fairly or in accordance with school policy, you should

supervisor. If you still have questions after this discussion, request a meeting with the [Superintendent School Services and Founder, President/CEO, Deputy Superintendent School Services Executive Director](#), or Human Resources Administrator. The Leadership will listen to your concerns and will attempt to provide a response as soon as possible. It may not always be possible to achieve the results you want, but if it is not, [SSP-ASSD](#) will attempt in each case to explain why. No employee will be disciplined or otherwise penalized for raising a good faith concern.

Employee Relations

One of [SSP's-ASSD's](#) primary goals is to successfully meet its responsibilities to you, our employees, both as individuals, and as contributing members of [SSPASSD](#). This is accomplished by managing in such a way that you will always be treated with respect and dignity. We believe every person deserves to be treated in this manner, in any situation. We also believe this principle helps make [SSP-ASSD](#) successful. And, in this environment, we can work together to solve any problems that may arise.

Suggestions

We encourage all employees to bring forward their suggestions and good ideas about how the school can be made a better place to work, our programs and services improved, and our service to students, parents, and community enhanced. When you see an opportunity for improvement, please talk it over with your immediate supervisor. He or she can help you bring your idea to the attention of the people in the school who will be responsible for possibly implementing it.

All suggestions are valued and listened to. When

a suggestion from an employee has particular merit, we provide for special recognition of the individual(s) who had the idea.

Policy for Complaints Against Employees
(Complaints by Third Parties Against Employees)

Internal Complaints

(Complaints by Employees Against Employees)

This section of the policy is for use when an [SSP ASSD](#) employee raises a complaint or concern about a co- worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the [Deputy Superintendent School Services Executive Director](#) or designee:

- The complainant will bring the matter to the attention of the [Deputy Superintendent School Services Executive Director](#) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The [Deputy Superintendent School Services Executive Director](#) or designee will then investigate the facts and provide a solution or explanation;
- If the complaint is about the [Deputy Superintendent School Services Executive Director](#), the complainant may file his or her complaint in a signed writing to the President of [SSP's-ASSD's](#) Board of Directors, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board Chairperson or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, [SSP-ASSD](#) values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

This section of the policy is for use when a non-employee raises a complaint or concern about an [SSP-ASSD](#) employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the [Deputy Superintendent School Services Executive Director](#) or Board Chairperson (if the complaint concerns the [Deputy Superintendent School Services Executive Director](#)) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the [Deputy Superintendent School Services Executive Director](#) (or designee) shall abide by the following process:

- The [Deputy Superintendent School Services Executive Director](#) or designee shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the [Deputy Superintendent School Services Executive Director](#) (or designee) finds that a complaint against an employee is valid, the [Deputy Superintendent School Services Executive Director](#) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the [Deputy Superintendent School Services Executive Director](#) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The [Deputy Superintendent School Services Executive Director's](#) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors. The decision of the Board shall be final.

General Requirements

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against

retaliation as a result of the filing of any complaints or participation in any complaint process.

- Resolution: The Board (if a complaint is about the [Deputy Superintendent School Services Executive Director](#)) or the [Deputy Superintendent School Services Executive Director](#) or designee will investigate

complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

Focus on Academic Teaching and Learning

Altus Schools Audeo ("Audeo") and Altus Schools Charter School of San Diego ("CSSD CHARTER SCHOOL") ~~which~~ are operated by Altus Schools San Diego corporation ("ASSD"), and ~~are~~ solely academic in nature. The schools ~~consist of=~~ were originally created as re-directive programs designed for all students seeking a learning approach better suited to their learning style. The development, growth, and expansion of the schools primarily involve the creation of instructional environments. These instructional environments support an individualized and personalized educational template that motivates and engages students. The Altus Schools are designed to be expanded and potentially replicated in a manner consistent with this model sufficiently proven effective. Extracurricular activities, such as sports, proms or other school sponsored dances, yearbooks, class rings, or anything unrelated to academics which may create distractions for students or staff are not a part of the schools' operational design.

Formatted: Condensed by 0.1 pt

The schools' sole focus on academics and devotion to nurturing the intrinsic value and confidence gained by the students successfully meeting academic goals that they once thought were beyond their reach, has resulted in notable academic achievements. Such achievements include but are not limited to: exceeding the one-year DASS graduation rates of San Diego County Dashboard Alternative School Status ("DASS")¹ schools and California DASS schools, outperforming comparable DASS schools in California assessments, maintaining a low one-year dropout rate (below 5%), and increasing student confidence within 90 days of enrollment.

The confidence gained by committing time to working directly with Altus the schools' instructional staff, coupled with the support of family and community, leaves students better equipped to make good life decisions as they pursue positive self-sufficiency, productivity, and positive social relationships, and it is for these reasons that it is the prerogative of the Board to retain the sole focus on academics. Partners of the ASSD Schools Charter School support this vision and help collaborate to prepare students to better deal with and overcome the personal and social constraints that influence their lives. This model has been sufficiently proven effective and may be replicated.

Instructional Program

Our schools ~~is-are~~ accredited by the Western Association of Schools and Colleges (“WASC”). At ~~CSSD~~ **CHARTER SCHOOL**, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California (“UC”) approved courses for those students planning to attend a UC or California State University (“CSU”) school after the completion of high school. Additionally, we offer National

Collegiate Athletics Association (“NCAA”) - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our “university model” is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation at one of our Resource Centers. Each Resource Center location provides a professional, quiet environment for one-on-one learning with a credentialed teacher who is available on-demand. Resource Centers are located at major retail centers or office buildings throughout San Diego and several include work-study employment opportunities. Guest speaker events, tutoring, and field trips are also available. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed “On-Demand” teacher is assigned to each student who, in collaboration with the student and parents, assesses the student’s current needs and goals and creates a plan for rapid advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their assigned Resource Center, via email or telephone within 24 hours.

CSSD CHARTER SCHOOL offers a blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan (“PPEP”) is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student’s short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student’s enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

CSSD CHARTER SCHOOL students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, [CSSD CHARTER SCHOOL](#) has many partnerships and alliances to provide community resources for students and their families.

Teacher Qualifications

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

Whether the student's teacher:

Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;

Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and

Is teaching in the field of discipline of the certification of the teacher.

Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

Home/School Partnership

The most important relationship we build is the one between the teacher, student, and the student's family. [CSSD CHARTER SCHOOL](#) encourages parent/guardian involvement through the monitoring of his/her

student’s regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and attendance on testing days and field trips. With parents actively involved in their student’s lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights, master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

Parent Involvement Policy

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act (“ESEA”). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

Title I Parent Involvement Policy (Full Board Policy)

The Board of Directors of Altus Schools San Diego, Inc. hereby adopts this Independent Study Policy to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego, all hereafter collectively referred to as “Charter School” or “School”. The Charter School has jointly developed with, and distributed to, parents and family members of participating children a written parent and family engagement policy, agreed upon by such parents, and updated periodically to meet the changing needs of parents and the school. The policy will be reviewed and approved by the School Site Council. The School will notify all parents about the policy in an understandable and uniform format and, to the extent possible, in a language parents understand. This policy describes the means for carrying out the following Title I parent and family engagement requirements.

Section I: Involvement of Parents in the Title I Program

To involve parents and family members in the Title I Program at the Charter School, the following practices have been established:

- a) The School convenes an annual meeting, at a convenient time, to which all parents of participating children shall be invited to attend and encouraged to attend, to inform parents and family members of their school’s participation in the Title I program and to explain the requirements, and the right of the parents to be involved. This annual meeting will be held in the fall to review the requirements of the Title I Program.
- b) The School offers a flexible number of meetings, such as meetings in the morning or evening, and may provide, with Title I funds, transportation, child care, or home visits, as such services relate to parental involvement. They will be held at flexible days and times to allow for increased parent participation.

- c) The School involves parents in an organized, ongoing, and timely way, in the planning, review, and improvement of the School's Title I program, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan. School data and input from all school community members will be used to review and develop the School Parent and Family Engagement Policy each year and approve them through the School Site Council.
- d) The School provides parents of participating children with the following:
1. Timely information about the Title I Program. Upon student enrollment, all parent will receive a Student and Parent Handbook that provides information related to the Title I Program. Parents will have the opportunity to hear about the Title I Programs during School Site Council Meetings.
 2. A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards. The School will host Open House, Parent Night and Senior Night Events that provide parents with an explanation of the School's curriculum, academic assessments used to measure student progress and the proficiency levels students are expected to meet. The School Site Council Meetings provide a forum for school community members to review schoolwide progress by grade level and student groups. Teachers meet with parents and family members each semester, and at meetings upon request to provide detailed feedback on student progress, proficiency levels and assessment data.
 3. If requested by parents, opportunities are made available for regular meetings to be held to formulate suggestions, to participate, as appropriate, in decisions relating to the education of their children, and to respond to any such suggestions as soon as practicably possible. Parents and family members receive monthly resource center calendars from the school detailing parent involvement opportunities. Parents can request meetings with a school administrator to ask questions, submit suggestions, provide input related to decisions and develop program goals. School administrators frequently meet with students and parents to discuss learning levels, trends and programs available to Title I students. Parent emails and inquiries are responded to in 24 business hours.
 4. If the schoolwide program plan is not satisfactory to the parents of participating children, the School submits any parent comments on the plan when the School makes the plan available to the local educational agency. This policy will be amended annually based upon community member input and focused on improving family engagement and student achievement.

Section II: Building Capacity for Involvement

The Charter School engages Title I parents and family members in meaningful interactions with the School to ensure effective involvement of parents and to support a partnership among the school to improve student achievement. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the School has established the following practices:

- a) The School provides parents with assistance in understanding such topics as the challenging state academic standards, state and local academic assessments, the requirements of Title I, Part A, and how to monitor a child's progress and work with educators to improve the achievement of their children.

The School will provide parents with Open House, Parent Night and Senior Night events to explain content standards and grade level assessments. Parents will also be invited to mid-year conferences that focus on how to support students at home, monitor progress and prepare for assessments. Teachers will send progress reports home on a weekly basis, or upon parental request.

- b) The School provides parents with materials and training to help parents work with their children to improve their children's achievement. The School provides parents with ongoing training opportunities through the Family Learning Series. The Family Learning Series is designed to teach parents how to use school instructional materials and resources to support their child's achievement. Topics for training include state academic content standards, state and local academic assessments, English Learner Reclassification criteria, how to support their children at home, mental health, graduation requirements, college/career readiness and strategies to support Special Education students.
- c) The School educates teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the School. Staff and faculty will be provided professional development sessions on how to effectively communicate and work with parents as equal partners. These professional development sessions are part of the School's professional learning system, Altus University.
- d) The School, to the extent feasible and appropriate, coordinates and integrates parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children. Parent and family members are invited to participate in trainings offered through the Family Learning Series. The topics selected for the Family Learning Series are determined from input collected from parents and family members. The School will continue to encourage families of English Learners to participate in the English Learner Advisory Committee Meetings. Parents can also serve as a community panel member for students presenting their Pathways Portfolio.
- e) The School ensures that information related to school and parent programs, meetings, and other activities is sent to parents of participating children in a format and, to the extent practicable, in a language the parents can understand. Information is disseminated via School Events, School Site Council Meetings, English Learner Advisory Committee Meetings, the Family Learning Series and Blackboard notifications. Spanish is the most prevalent language, other than English, spoken by parents and family members. School presentations, information and resources are translated and/or presented in Spanish. The School will also provide translation services in other languages, as requested, on important school information.
- f) The School provides such other reasonable support for parental involvement activities under this section as parents may request. Parent and family members have an opportunity to provide input and suggestions during any formal meeting or can meet with school administrators. School administrators consider support for parental involvement activities requested by Title I parents wherein the requests align with the School's vision, mission and values. Additional factors of consideration include: fiscal feasibility, operational feasibility and cost/benefit analysis.

Section III: Accessibility

The Charter School to the extent practicable, provides opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children) including providing information and school reports, in a format and, to the extent practicable, in a language such parents understand. School presentations, information, resources and materials are translated and/or presented in multiple languages of participants. Staff will meet with parents individually and in small groups to ensure parent participation and to support comprehension of information. The School will provide information in multiple methods and formats, including in-person, phone call, virtual conference, online, email, secure text and print.

Section IV: School-Parent Compact

As a component of the Title I School Parent and Family Engagement Policy, each school served under this part shall jointly develop with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The school-parent compact shall carry out the requirements listed below:

- a) The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables children served under Title I, Part I to meet the challenging state academic standards. The School will offer a broad and rigorous course of study that is aligned to content standards and is accessible to all students. Teachers will be trained through the School's professional learning system to be high-quality, effective and responsive to the needs of all students, but with added emphasis on underserved student groups. The School will provide parents and family members with multiple opportunities throughout the academic year to participate in School Events, Trainings, School Site Council and ELAC Meetings. These engagement events build the capacity of parents and family members to support their child's unique educational needs. Parents and family members will also be encouraged to participate in volunteering opportunities such as College/Career Week and Senior Portfolio Panels.
- b) To address the importance of communication between teachers and parents on an ongoing basis, the School will provide the following:
 1. Parent-teacher conferences, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement.
 2. Frequent reports to parents on their children's progress. Teachers will utilize multiple communication methods to timely report student progress to parents and family members. These methods include secure text message, email, phone calls, virtual conferences, in-person conferences and home visits.
 3. Reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities. The School will utilize multiple communication methods to ensure parents and family members know how to access staff, opportunities to volunteer and

schedule time to observe Resource Center activities. These communication methods, to the extent practicable, will be in a language that family members can understand.

4. Ensuring regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

Attendance, Lessons, and Course Credits

Unlike traditional schools where attendance is measured by being physically present in a classroom, [CSSD CHARTER SCHOOL](#) measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at [CSSD CHARTER SCHOOL](#), students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of [CSSD CHARTER SCHOOL](#)'s Independent Study Policy is available on the school website.

Year-round School Year

[CSSD CHARTER SCHOOL](#) has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on your School's website.)

Student Assessments

Students at [CSSD CHARTER SCHOOL](#) are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our [CSSD CHARTER SCHOOL](#) program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

[CSSD CHARTER SCHOOL](#) staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.

If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at <http://www.cde.ca.gov/ta/tg>.

California Assessment of Student Performance and Progress (“CAASPP”)

The School shall annually administer required state testing to the applicable grades (e.g., the CAASPP). Pursuant to California *Education Code* Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all the CAASPP assessments. *This exemption does not exist for the ELPAC or Physical Fitness Test.*

NCAA Eligibility

The NCAA Eligibility Center has launched a new website at ncaa.org/student-athletes/future to help high school student-athletes successfully transition to college. The enhanced online content gives student-athletes and counselors a broad look at the initial eligibility process and detailed information about common eligibility situations.

The new content is part of the NCAA Eligibility Center's continuing response to customer requests for key pieces of information student-athletes should know as they consider college. Student-athletes are guided through current and upcoming initial eligibility requirements, recruiting guidelines, and timelines for staying on track in high school. Additional webpages address initial eligibility situations unique to international, home-school and non-traditional students.

A wide range of frequently-asked questions addressing issues from academic and amateurism eligibility to high school and core-course review are easily searchable and will be expanded in the future.

To ensure your student is taking the right courses for NCAA eligibility, please contact your student's teacher/counselor.

Pathways: Education with a Purpose

Upon enrollment at [CSSD CHARTER SCHOOL](#) and with support from counselors and teachers, students focus on their future through various *Pathways*. *Pathways* is designed to introduce and engage students in grades 9-12 in formal post-high school planning and to improve student learning and high school completion rates. Working with counselors and teachers, students will focus on post-graduation choices and options, including four-year colleges and universities, community college, military, and vocational studies.

Students are further supported in this explorative process by Naviance, a web-based resource. Naviance provides students and parents access to information from colleges and vocational schools, scholarship and financial aid application tools, extensive career research, and learning styles tools. Targeted student activities are available to support *Pathways*. These include career days, college days, military days, guest speaker events, field trips, work experience, service learning, and internships.

Pathways/Naviance Family Connection

Our PATHWAYS/Naviance Family Connection program uses a variety of interest and personality type surveys and research tools to help you develop your chosen path. No test, questionnaire, survey, or examination containing any questions about a student's personal beliefs or practices in sex, family life, morality, and religion, or any questions about the pupil's parents' or guardians' beliefs and practices in sex, family life, morality, and religion, shall be administered to any student without written permission from a parent/guardian.

Required Immunizations, Records and Reports

California law requires that an immunization record be presented to Charter School staff before a child can be unconditionally enrolled in school. Entering students who are not exempt must provide Charter School written verification from a doctor or immunization clinic of the following immunizations:

Child's Grade	Immunization	Dosage
TK/K-12 ²	Diphtheria, Pertussis, and Tetanus (DTaP)	Five (5) doses
	Polio	Four (4) doses

	Varicella (chickenpox)	Two (2) doses
	Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap)	One (1) dose

² **NOTE:** Four doses of DTaP are allowed if one was given on or after the fourth birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday (also meets the 7th-12th grade Tdap requirement.) One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement. Three doses of Polio are allowed if one was given on or after fourth birthday. Formatted Table

Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. Immunization records shall be part of the mandatory permanent student record and shall be kept in accordance with Charter School's Educational Records and Student Information Policy. Charter School will file a written report on the immunization status of all new entrants to Charter School with the California Department of Public Health, on at least an annual basis, as required by law.

Any child leaving the United States for a short vacation to or long stay in any country considered by the Center of Disease Control and Prevention ("CDC") to have increased risk of TB exposure MUST contact the County Tuberculosis Clinic for a TB Screening upon return.

Charter School shall immediately admit a foster child, as defined in Education Code § 48853.5(a), and a homeless child, as defined in Section 11434a(2) of Title 42 of the United States Code, even if the foster or homeless child's immunization records are not available or are missing. However, this does not alter Charter School's obligation to obtain immunization records for foster and homeless students or to ensure the full immunization of foster and homeless students as required by law.

If Charter School discovers that an admitted student who was previously believed to be in compliance with the immunization requirements is subsequently discovered to not be in compliance with either the unconditional admission requirements or the conditional admission requirements, Charter School will notify the student's parent/guardian of: 1) the time period within which the doses must be received, which may be no more than ten (10) school days after notification; and 2) that the student shall continue in attendance only if the parent/guardian provides documentation that the immunization requirements have been met within the time period designated by the School. If the student does not provide documentation of having received all required immunizations within the time period designated by the School, Charter School shall exclude this student from attendance. The student shall remain excluded from Charter School until the student provides proper documentation of the student's compliance with the immunization requirements as required by law. The student shall also be reported to the School Services Coordinator.

The Deputy Superintendent School Services, or designee, may arrange for a licensed physician or a qualified registered nurse to administer immunizations at a Charter School resource center to any student whose parent/guardian has consented in writing.

Conditional Admittance

Students may be conditionally admitted in accordance with Health and Safety Code Section 120340 and Title 17, California Code of Regulations Section 6035. The Deputy Superintendent School Services or designee shall

notify the student's parents/guardians of the date by which the student must complete all the remaining doses. The Deputy Superintendent School Services or designee shall review the immunization record of each student admitted conditionally at least every thirty (30) days from the date of admission until that student has received all the required immunizations or submitted an exemption. If a student conditionally admitted fails to fulfill the conditions of admission, Charter School will prohibit the student from further attendance until that student provides proper documentation of the student's compliance with the immunization requirements as required by law.

Documentary Proof

The Deputy Superintendent School Services shall maintain the student's immunization information in the student's mandatory permanent record and shall file annual immunization status reports as required by the California Department of Public Health.

- a. "Grade span" means each of the following:
- i. Birth to Preschool.
 - ii. Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School’s approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers—in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.
- Charter School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school.
- The community is engaged in supporting the work of the Charter School in creating continuity between Charter School and other settings for students and staff to practice lifelong healthy habits.
- The Charter School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of this Policy and its established goals and objectives.

This Policy applies to all students, faculty, and staff in the Charter School. Specific measurable goals and outcomes are identified within each section below.

The Charter School will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complementary of this Policy, including but not limited to ensuring the involvement of parents and the community.

Pregnant and Parenting Students

The Charter School recognizes that pregnant and parenting students are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting student is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the student’s physician, which the student may take before the birth of the student’s infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The Charter School will ensure that absences from the student’s regular school program are excused until the student is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting student will be able to make up work missed during the pregnant or parenting student’s leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in the Charter School if it is necessary in order for the student to be able to complete any graduation requirements, unless the Charter School determines that the student is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the student’s fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting students may be filed under the Uniform Complaint Procedures (“UCP”) of the Charter School. The complaint may be filed in writing with the compliance officer:

Dangers of Synthetic Drugs

The illicit use and abuse of synthetic drugs represents an emerging and ongoing public health threat in California. The fentanyl crisis specifically, has impacted communities across the state, leading to a sharp increase in fentanyl poisonings and deaths in recent years.

This notice aims to address the crisis with a preventative approach ensuring students and families are educated on the deadly consequences of recreational drug use.

A synthetic drug is a drug with properties and effects similar to a known hallucinogen or narcotic but having a slightly altered chemical structure, especially such a drug created in order to evade existing restrictions against illegal substances.

Synthetic drugs include but are not limited to synthetic cannabinoids (“synthetic marijuana,” “Spice,” “K2”), methamphetamines, bath salts, and fentanyl.

The California Department of Public Health (“CDPH”) has expounded on the extreme danger of drugs laced with fentanyl. Illicit fentanyl can be added to other drugs to make them cheaper, more powerful, and more addictive. Illicit fentanyl has been found in many drugs, including heroin, methamphetamine, counterfeit pills, and cocaine. Fentanyl mixed with any drug increases the likelihood of a fatal overdose. Furthermore, it is nearly impossible to tell if drugs have been laced with fentanyl without additional testing, because fentanyl cannot be seen, smelled, or tasted when used as a lacing agent.

Additional information regarding fentanyl from the CDPH’s Substance and Addiction Prevention Branch can be found here.

Cancer Prevention Act

Students in the state are advised to adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization before admission or advancement to the eighth grade level of any private or public elementary or secondary school.

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade. Kids who wait until later to get their first dose of HPV vaccine may need three doses.

HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks.

Emergency Procedures and School Safety Plan

~~CSSD~~CHARTER SCHOOL Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

~~CSSD~~CHARTER SCHOOL defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the ~~CSSD~~CHARTER SCHOOL Comprehensive School Safety Plan is available at each Resource Center.

School Bus and Passenger Safety

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan

Transportation Safety Plan

~~Because Altus Schools Audeo and Altus Schools Charter School of San Diego Audeo Charter School and The Charter School of San Diego~~ (“Charter School” or the “Charter School”) provides transportation to Charter School activities. Accordingly, the Board of Directors (“Board”) approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each Charter School and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the Charter School discipline policy.

Definitions

- “School bus” is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. “School bus” does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

 - b. Acceptable placement of passenger restraint systems on students;
 - c. Times when the passenger restraint systems should be fastened and released; and
 - d. Acceptable placement of the passenger restraint systems when not in use.

Operation of School Bus or School Activity Bus when Visibility Reduced to 200 Feet or Less

Pursuant to Vehicle Code section 34501.6, Charter School is required to adopt procedures that limit the operation of school buses and school activity buses when atmospheric conditions reduce visibility on the

2. The Deputy Superintendent School Services may consult with legal counsel as needed.
3. The Deputy Superintendent School Services may direct that school bus activity will be suspended or delayed for a minimum of one (1) hour through an indefinite suspension or delay if required by the conditions. The length of time for the suspension or delay of school bus services shall be at the discretion of the Deputy Superintendent School Services.

School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Deputy Superintendent School Services or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

Charter School shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion (including athletics meets and games) must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of \$100K/\$300K coverage.
2. A copy of their Driver's License and Vehicle Registration.
3. A written statement acknowledging that their insurance carrier is the primary agent responsible for insurance during the field trip or excursion.
4. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.
5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Deputy Superintendent School Services or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the car. Employee/volunteer drivers are free to appropriately manage student behavior as necessary to maintain safety.
2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.
3. No movies may be shown in vehicles.
4. No side trips allowed, including gasoline stops. Please be sure to have enough gas before leaving on the trip.
5. Maps and directions from the teacher/coach should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip/excursion including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

Safe Storage of Firearms Annual Notification

California law requires annual notification to parents regarding the legal responsibilities of parents for keeping firearms out of the hands of children. In many instances where children have brought firearms to school nationwide, the child obtained the firearm(s) from their homes. These instances can be prevented by storing firearms in a safe and secure manner, including keeping them securely locked away from the reach and access of children when not in use and storing them separately from ammunition.

The following is a summary of California law regarding the storage of firearms:

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others. (CA Penal Code Sections 25100 through 25125 and 25200-25220). *Please note that these criminal penalties may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm. (CA Penal Code Section 25100(c))
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years. (CA Civil Code Section 29805)
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward. (CA Civil Code Section 1714.3)
- Local county or city ordinance may create stricter requirements and/or penalties related to gun storage. For example, San Diego County requires all guns in homes or structures near a home to either be secured with a trigger lock or be locked away in a container. It is the responsibility of parents to inform themselves of these local legal requirements.

Please be aware that any school official who is alerted to or observes any threat or perceived threat must immediately report the threat or perceived threat to law enforcement. "Threat or perceived threat" means "any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual."

Suicide Prevention Policy (Full Board Policy)

Board Policy #: 3345

Adopted/Ratified: June 22, 2017

Amended Dates: October 21, 2020; March 16, 2022, June 22, 2023, February 28, 2024

The Board of Directors of Altus Schools San Diego hereby adopts this policy to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego ("Charter School"). The Board recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Governing Board has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with Charter School and community stakeholders, Charter School school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and professionals, the county mental health plan, law enforcement, and community organizations in planning, implementing, and evaluating Charter School's strategies for suicide prevention and intervention. Charter School must work in conjunction with local government agencies, community-based organizations, and other community supports to identify additional resources.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, the Charter School shall appoint an individual (or team) to serve as the suicide prevention point of contact. The suicide prevention point of contact for Charter School and the Deputy Superintendent School Services shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least annually in conjunction with the previously mentioned community stakeholders.

Suicide Prevention Crisis Team

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, Charter School created an in-house Suicide Prevention Crisis Team ("SPCT") consisting of administrators, mental health professionals, relevant staff, parents, and middle and high school students.

Charter School designates the following administrators to act as the primary and secondary suicide prevention liaisons to lead the SPCT:

1. School Psychologist
2. Deputy Superintendent School Services

The functions of the SPCT are to:

- Review mental health related school policies and procedures;
- Provide annual updates on school and district data and trends;

- Review and revise school prevention policies;
- Review and select general and specialized mental health and suicide prevention training;
- Review and oversee staff, parent/guardian, and student trainings;
- Ensuring the suicide prevention policy, protocols, and resources are posted on the district and school websites;
- Collaborate with community mental health organizations,
- Identify resources and agencies that provide evidence-based or evidence-informed treatment,
- Help inform and build skills among law enforcement and other relevant partners, and
- Collaborate to build community response.

Staff Development

Charter School, along with its partners, has carefully reviewed available staff training to ensure it promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training shall be provided for all school staff members. It may also be provided, when appropriate, for other adults on campus (such as substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool staff). Training shall include the following:

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, healthy youth school therapist, other public entity professionals, such as psychologists or social workers) who have received advanced training specific to suicide. Charter School has collaborated with [Insert Names of One Or More County and/or Community Mental Health Agencies] to review the training materials and content to ensure it is evidence-based, evidence-informed, and aligned with best practices.
2. Staff training may be adjusted year-to-year based on previous professional development activities and emerging best practices.
3. Charter School shall ensure that training is available for new hires during the school year.
4. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
5. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to talk with a student about thoughts of suicide.
 - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.

- d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
 - e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.
 - f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at <http://cal-schls.wested.org/>.
 - g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
 - i. Youth affected by suicide.
 - ii. Youth with a history of suicide ideation or attempts.
 - iii. Youth with disabilities, mental illness, or substance abuse disorders.
 - iv. Lesbian, gay, bisexual, transgender, or questioning youth.
 - v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
 - vi. Youth who have suffered traumatic experiences.
 - vii. [Charter School may Insert other Local Youth Populations Vulnerable to Depression and Suicide].
6. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:
- a. The impact of traumatic stress on emotional and mental health.
 - b. Common misconceptions about suicide.
 - c. Charter School and community suicide prevention resources.
 - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
 - e. The factors associated with suicide (risk factors, warning signs, protective factors).
 - f. How to identify youth who may be at risk of suicide.
 - g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on Charter School guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on Charter School guidelines.
 - h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.
 - i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
 - j. Responding after a suicide occurs (suicide postvention).
 - k. Resources regarding youth suicide prevention.
 - l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.
 - m. Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

Specialized Professional Development for School-based Mental Health Staff (Screening and/or Assessment)

Additional professional development in suicide risk assessment (SRA) and crisis intervention is provided to designated student mental health professionals, including but not limited to school counselors, psychologists, healthy youth school therapist, social workers, administrators, and nurses employed by Charter School. Training for these staff is specific to conducting SRAs, intervening during a crisis, de-escalating situations, interventions specific to preventing suicide, making referrals, safety planning, and re-entry.

Specialized Professional Training for targeted School-based mental health staff includes the following components:

- Best practices and skill building on how to conduct an effective suicide risk screening/SRA using an evidence-based, Charter-approved tool; Patient Health Questionnaire 9 (PHQ-9) Depression Scale; BSS Beck Scale for Suicide Ideation ; National Institute of Mental Health (NIMH)'s Ask Suicide-Screening Questions (ASQ) Toolkit; and the Adolescent Suicide Assessment Protocol – 20.
- Best practices on approaching and talking with a student about their thoughts of suicide and how to respond to such thinking, based on district guidelines and protocols.
- Best practices on how to talk with a student about thoughts of suicide and appropriately respond and provide support based on district guidelines and protocols.
- Best practices on follow up with parents/caregivers.
- Best practices on re-entry.

Virtual Screenings for Suicide Risk

Virtual suicide prevention efforts include checking in with all students, promoting access to school and community-based resources that support mental wellbeing and those that address mental illness and give specific guidance on suicide prevention.

Charter School has established a protocol for assigning school staff to connect with students during distance learning and school closures. In the event of a school closure, Charter School has determined a process and protocols to establish daily or regular contact with all students. Staff understand that any concern about a student's emotional wellbeing and/or safety must be communicated to the appropriate school staff, according to Charter School protocols.

Charter School has determined a process and protocols for school-based mental health professionals to establish regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need. When connecting with students, staff are directed to begin each conversation by identifying the location of the student and the availability of parents or caregivers. This practice allows for the staff member to ensure the safety of the student, particularly if they have expressed suicidal thoughts.

Employee Qualifications and Scope of Services

Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health

challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

Parents, Guardians, and Caregivers Participation and Education

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page and included in the parent handbook.

2. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.
3. Charter School shall establish and widely disseminate a referral process to all parents/guardians/caregivers/families, so they are aware of how to respond to a crisis and are knowledgeable about protocols and school, community-based, and crisis resources.
4. Community-based organizations that provide evidence-based suicide-specific treatments shall be highlighted on the Charter School's website with treatment referral options marked accordingly.
5. Staff autoreplies during vacations or absences shall include links to resources and phone/text numbers so parents and students have information readily available.
6. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to talk with a student about thoughts of suicide.

How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.

- c. Charter School's referral processes and how they or their children can reach out for help, etc.
7. Parents/guardians/caregivers are reminded that the Family Educational Rights and Privacy Act ("FERPA") generally protects the confidentiality of student records, which may sometimes include counseling or crisis intervention records. However, FERPA's health or safety emergency provision permits the disclosure of personally identifiable information from a student's education records, to appropriate parties, in order to address a health or safety emergency when the disclosure is necessary to protect the health or safety of the student or other individuals.

Student Participation and Education

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, Charter School along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with Charter School and is characterized by caring staff and harmonious interrelationships among students.

Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:
 - a. Coping strategies for dealing with stress and trauma.
 - b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
 - c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
 - d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.
2. Receive developmentally appropriate guidance regarding Charter School's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

Charter School will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, Freshman Success, and National Alliance on Mental Illness on Campus High School Clubs).

Charter School maintains a list of current student trainings and is available upon request. Charter School has shared school-based supports and self-reporting procedures, so students are able to seek help if they are experiencing thoughts of suicide or if they recognize signs with peers. Although confidentiality and privacy are important, students should understand safety is a priority and if there is a risk of suicide, school staff are required to report. Charter-based mental health professionals are legally and ethically required to report suicide risk. **When reporting suicidal ideation or an attempt, school staff must maintain confidentiality and only share information limited to the risk or attempt.**

Charter School shall establish and widely disseminate a referral process to all students, so they know how to access support through school, community-based, and crisis services. Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they have knowledge or concerns of another student's emotional distress, suicidal ideation, or attempt.

Intervention and Emergency Procedures

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Deputy Superintendent School Services or designee, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at Charter School or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911. The call shall NOT be made in the presence of the student and the student shall not be left unsupervised. Staff shall NOT physically restrain or block an exit.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:
 - a. Securing immediate medical treatment if a suicide attempt has occurred.
 - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.
 - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
 - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
 - e. Moving all other students out of the immediate area.
 - f. Not sending the student away or leaving him/her alone, even to go to the restroom.
 - g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.
 - h. Promising privacy and help, but not promising confidentiality.
2. Document the incident in writing as soon as feasible.
3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a

referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. **Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.**

4. After a referral is made, Charter School shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of care. If follow up care is still not provided, Charter School may contact Child Protective Services.
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at Charter School.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in Charter School's safety plan. After consultation with the Deputy Superintendent School Services or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Deputy Superintendent School Services or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from Charter School counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the Charter School campus and unrelated to school activities, the Deputy Superintendent School Services or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like Charter School to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.
3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers;

conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan; providing parent's/guardians/caregivers/families local emergency numbers for after school and weekend emergency contacts.

Supporting Students during or after a Mental Health Crisis

Students shall be encouraged through the education program and in Charter School activities to notify a teacher, the Deputy Superintendent School Services, another Charter School administrator, psychologist, Charter School counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. Charter School staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

Responding After a Suicide Death (Postvention)

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. Charter School shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Deputy Superintendent School Services to conduct an initial meeting of the Suicide Prevention Crisis Team to:
 - a. Confirm death and cause.
 - b. Identify a staff member to contact deceased's family (within 24 hours).
 - c. Enact the Suicide Postvention Response.
 - d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).
2. Coordinate an all-staff meeting, to include:
 - a. Notification (if not already conducted) to staff about suicide death.
 - b. Emotional support and resources available to staff.
 - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
 - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:

- a. Review of protocols for referring students for support/assessment.
 - b. Talking points for staff to notify students.
 - c. Resources available to students (on and off campus).
4. Identify students significantly affected by suicide death and other students at risk of imitative behavior, and refer them to a school-based mental health professional.
 5. Identify students affected by suicide death but not at risk of imitative behavior.
 6. Communicate with the larger school community about the suicide death. Staff shall not share explicit, graphic, or dramatic content, including the manner of death.
 7. Consider funeral arrangements for family and school community.
 8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
 9. Identify media spokesperson if needed.
 10. Ensure that all communications, documents, materials related to messaging about suicide avoid discussing details about method of suicide, avoid oversimplifying (i.e. identifying singular cause of suicide), avoid sensational language, and only includes clear, respectful, people-first language that encourages an environment free of stigma. As part of safe messaging for suicide, we use specific terminology when referring to actions related to suicide or suicidal behavior:

Use	Do Not Use
<p>“Died by suicide” or “Took their own life”</p>	<p>“Committed suicide” Note: Use of the word “commit” can imply crime/sin</p>
<p>“Attempted suicide”</p>	<p>“Successful” or “unsuccessful” Note: There is no success, or lack of success, when dealing with suicide</p>

11. Include long-term suicide postvention responses:
 - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
 - b. Support siblings, close friends, teachers, and/or students of deceased.
 - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

Charter School will include the telephone numbers on all student identification cards:

- National Suicide Prevention Lifeline/Suicide Crisis Lifeline:
 - Call or Text “988”

Limitations on Restraint and Seclusion of Students (Full Board Policy)Disabilities

Policy: 3436

Approved: June 26, 2024

Altus Schools San Diego (which operates Altus Schools Audeo and Altus Schools Charter School of San Diego, hereinafter collectively “Charter School”) staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive. Seclusion and behavioral restraint of students shall not be used in any form as a means of coercion, discipline, convenience, or retaliation.

The Governing Board (“Board”) recognizes that any effort to change the behavior of another individual represents a degree of intrusion into that individual’s life. To justify that intrusion, reasonable assurances must be given that, as a result of the intervention, the individual’s behavior will change in a timely manner and that this change will benefit the individual. Therefore, in accordance with law, all efforts to change behavior must be based on effective techniques and the least intrusive procedure likely to be effective will be used.

Definitions

- “*Behavioral restraint*” includes mechanical restraint or physical restraint used as an intervention when a student presents an immediate danger to self or to others. Behavioral restraint does not include postural restraints or devices used to improve a student's mobility and independent functioning rather than to restrict movement.
- “*Mechanical restraint*” means the use of a device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include the use of devices as prescribed by an appropriate medical or related services professional, including, but not limited to, adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment; vehicle safety restraints during the transport of a student; restraints for medical immobilization; or orthopedically prescribed devices which permit a student to participate in activities without risk of harm. Mechanical restraint also does

not include the use of devices by peace officers or security personnel for detention or for public safety purposes.

- *“Physical restraint”* means a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. *“Physical restraint”* does not include a physical escort, which means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location. *“Physical restraint”* also does not include the use of force by peace officers or security personnel for detention or for public safety purposes.
- *“Prone restraint”* means the application of a behavioral restraint on a student in a facedown position.
- *“Seclusion”* means the involuntary confinement of a student alone in a room or an area from which the student is physically prevented from leaving. Seclusion does not include a timeout involving the monitored separation of the student in an unlocked setting, which is implemented for the purpose of calming the student.

Prohibitions

Charter School staff shall not take any of the following actions:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use as a locked room.
3. Use a physical restraint technique that obstructs a student’s respiratory airway or impairs a student’s breathing or respiratory capacity, including a technique in which a staff member places pressure on the student’s back or places his/her body weight against the student’s torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, the use of a pillow, blanket, carpet, mat, or other item to cover a student’s face.
5. Place a student in a facedown position with the student’s hands held or restrained behind the student’s back.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the student or others.
7. Utilize any amount of force that exceeds that which is reasonable and necessary under the circumstances.
8. Administer a drug that is not a standard treatment for a student’s medical or psychiatric condition in order to control the student’s behavior or restrict the student’s freedom of movement.

9. Utilize any behavioral intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric shock.
10. Utilize any behavioral intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual.
11. Utilize any behavioral intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities.
12. Utilize any behavioral intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma.
13. Utilize any behavioral interventions that employ a device, material, or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained personnel as a limited emergency intervention.
14. Utilize any behavioral intervention that precludes adequate supervision of the individual.
15. Utilize any behavioral intervention that deprives the individual of one or more senses.

Limited Use of Seclusion or Restraint

As stated above, Charter School staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive. No emergency intervention shall be employed for longer than is necessary to contain the behavior. A situation that requires prolonged use of an emergency intervention shall require the staff to seek assistance of the Charter School [Deputy Superintendent for Schools Services \("Deputy Superintendent"\)](#) or the ~~Executive Director~~[Administrator of Instructional Services](#) and/or law enforcement as applicable to the situation.

If a student is put in seclusion, the student shall be under constant, direct observation of a staff member. Such observation may be through a window or another barrier through which the staff member is able to make direct eye contact with the student but shall not be made through indirect means such as a security camera or closed-circuit television.

If a student is restrained, staff shall afford the student the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the student and others.

If a prone restraint technique is used on a student, a staff member shall observe the student for any signs of physical distress throughout the use of the restraint. Whenever possible, the staff member monitoring the student shall not be involved in restraining the student.

~~The Charter School Executive Director shall ensure that whenever possible Charter School staff who have obtained training and certification from a certified physical restraint training agency shall administer physical restraint on students and the administration of a restraint shall be witnessed by at least one (1) adult who does not participate in the restraint.~~

~~Restraint shall be administered in such a way so as to prevent or minimize physical harm. If, at any time during a physical restraint, the student demonstrates significant physical distress, the student shall be released from the restraint immediately, and Charter School staff shall take steps to seek medical assistance.~~

~~Charter School staff shall review and consider any known medical or psychological limitations and/or behavioral intervention plans regarding the use of physical restraint on an individual student. Following the release of a student from a restraint, the Charter School shall implement follow-up procedures. These procedures shall include reviewing the incident with the student to address the behavior that precipitated the restraint, reviewing the incident with the staff person(s) who administered the restraint to discuss whether proper restraint procedures were followed, and consideration of whether any follow up is appropriate for the student or any student who witnessed the incident.~~

Special Education Reporting Requirements

For students with exceptional needs, the student's parent/guardian or shall be notified within one (1) school day if a restraint or seclusion is used or serious property damage occurs. A behavioral emergency report ("BER") shall immediately be completed and maintained in the student's file.

The BER shall include all of the following:

1. The name and age of the individual with exceptional needs.
2. The setting and location of the incident.
3. The name of the staff or other persons involved.
4. A description of the incident and the emergency intervention used, and whether the individual with exceptional needs is currently engaged in any systematic behavioral intervention plan.
5. Details of any injuries sustained by the individual with exceptional needs, or others, including staff, as a result of the incident.

All BERs shall immediately be forwarded to, and reviewed by, the Charter School ~~Executive Director~~Deputy Superintendent.

If a BER is written regarding an individual with exceptional needs who does not have a behavioral intervention plan ("BIP"), the Charter School ~~Executive Director~~Deputy Superintendent shall, within two (2) days, schedule an individualized education program ("IEP") team meeting to review the BER, to determine the necessity for a functional behavioral assessment ("FBA"), and to determine the necessity for an interim

Commented [LA19]: AMANDA - BE SURE WE ARE PROVIDING THIS SEPARATE NOTICE AS REQUIRED.

plan. The IEP team shall document the reasons for not conducting the FBA, not developing an interim plan, or both, as applicable. If a BER is written regarding an individual with exceptional needs who has a BIP, and the incident involved a previously unseen serious behavior problem, or a previously designed intervention was ineffective, the IEP team will review the BER and determine if the incident constitutes a need to modify the BIP.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior.

Restraint administered to a student with a disability pursuant to a FBA, IEP, and BIP, developed in accordance with state and federal law to which the Charter School and the student's parents or guardians have agreed, shall be deemed to meet the requirements of these procedures.

Documentation and Website Posting Requirement

The Charter School ~~Executive Director~~ Deputy Superintendent or designee shall annually collect data on the number of times that seclusion, mechanical restraint, and physical restraint were used on students and the number of students subjected to such techniques.

The data shall be disaggregated by race/ethnicity and gender, and reported for students with a Section 504 plan, students with an IEP, and all other students. This report shall be submitted to the California Department of Education ("CDE") no later than three (3) months after the end of each school year and shall be available as a public record.

The data collected and reported per the above shall be available as a public record and posted annually on the Charter School's internet website.

Monitoring and Training

Charter School shall continuously monitor the use of restraints and seclusions in an effort to prevent the inappropriate uses of these practices. Charter School shall adhere to the following:

1. Staff who implement BIPs for students with disabilities shall be properly trained, have access to the student's IEP, be knowledgeable about its contents, and understand the responsibilities for implementation.
2. A Behavioral Intervention Case Manager ("BICM") or Board Certified Behavior Analyst ("BCBA") shall train all staff working with a student with an IEP to appropriately implement the student's BIP and appropriate interventions.
3. Only staff trained in emergency interventions may use them.

4. Charter School shall keep a detailed record of the training provided to personnel who may utilize emergency interventions and update the information annually to ensure that personnel qualifications and training comply with Charter School and/or special education local plan area (“SELPA”) policies.
5. Prior to contracting with a nonpublic school (“NPS”) or a residential treatment center (“RTC”) for placement of a student with an IEP, Charter School shall ensure that the NPS or RTC trains staff who will have contact or interaction with students during the schoolday in the use of evidence-based practices and interventions specific to the unique behavioral needs of the nonpublic, nonsectarian school or agency’s student population. If Charter School intends to place a student at a NPS or RTC serving students with significant behavioral needs or who are on behavioral intervention plans, the Charter School will ensure the NPS or RTC has an individual onsite during school hours who is qualified, and responsible for the design, planning, and implementation of behavioral interventions. Charter School shall comply with all other requirements for oversight and monitoring of the NPS or RTC pursuant to AB 1172.
6. If Charter School personnel suspect that improper restraint or seclusion practices have been used, Charter School shall immediately remove the student from the environment and conduct an investigation.

Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in the primary language other than English spoken by fifteen (15) percent or more of the students enrolled at Charter School and shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School, at the request of the parent or guardian (or Charter School Liaison), if Charter

School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

(Education Code Section 48852.5(c)(2).)

- (2) Recognition of signs that pupils are experiencing, or are at risk of experiencing, homelessness.

The Charter School Liaison shall inform such employees of the availability of training and the services the Charter School Liaison provides to aid in the identification and provision of services to students who are experiencing, or are at risk of experiencing, homelessness.

High School Graduation Requirements

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the

Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's ~~educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California~~ ERHERH. The consultation shall include all of the following:

1. ~~Community Colleges~~. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section

51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. ~~Inform~~Consult with the student ~~and the ERH regarding~~ the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. ~~Inform~~Consult with the student, and the ~~educational rights holder~~ERH for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges.
- ~~3-4.~~ _____ Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the ~~educational rights holder for the student~~ERH.
5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3 within the student's fifth year of high school, the ~~Executive Director~~Deputy Superintendent or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the homeless student and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible

credit recovery, and any transfer opportunities available through the California Community Colleges.

4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is **not** eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

- 1) Within the first 30 calendar days of the **following** academic year, Charter School shall reevaluate eligibility;
- 2) Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
- 3) If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and the ERH of the pupil's options to:
 - i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
 - ii. Upon agreement with the ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Notice

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and at least annually while the student is enrolled at the Charter School in alignment with the law. ~~(42 U.S.C. § 11432(e)(3)(C))~~

Annual Policy Review

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school. Charter School's review of its homeless education program policies shall use resources developed by the CDE and posted on the CDE's internet website and resources developed by homeless education technical assistance centers established using funding from the American Rescue Plan Act of 2021.

School Website Posting

Charter School shall ensure that the following information is posted, and updated as necessary, on its internet website:

- The name and contact information of the Charter School Liaison(s) for homeless children and youths.

- The contact information of any employee or contractor that assists the Charter School Liaison in completing the Liaison's duties.

The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

School Stability and Enrollment

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth have the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Commented [MB21]: New Client Note: Per EC 48853.5(f)(11) and (g)/AB373.

Transportation

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

Effect of Absences on Grades

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

- a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.
- b. A verified court appearance or related court-ordered activity.

Transfer of Coursework and Credits

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school⁶, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed. The credits accepted pursuant to this paragraph shall be applied for enrollment purposes to the same or equivalent course, if applicable, as the coursework completed in the prior public school, juvenile court school, charter school, school

⁶ For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

in a country other than the United States, or nonpublic, nonsectarian school. For purposes of the official transcript, the credits accepted pursuant to this paragraph shall be added to the credits earned from the same or equivalent course for purposes of calculating the total credits earned for the course but shall separately identify the school and local educational agency in which the credits were earned.

If a Foster and Mobile Youth transfers in or out of Charter School, Charter School shall issue the full and partial credits on an official transcript for the pupil and shall ensure the transcript includes all of the following:

- a. All full and partial credits and grades earned based on any measure of full or partial coursework being satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at a school of that local educational agency or a prior local educational agency, or any other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school.
- b. The credits and grades for each school and local educational agency listed separately so it is clear where they were earned.
- c. A complete record of the pupil's seat time, including both period attendance and days of enrollment.

If Charter School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the pupil, it shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits pursuant to this paragraph. The prior local educational agency shall issue appropriate credits and provide all academic and other records to Charter School within two business days of the request.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

Applicability of Graduation Requirements

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and ~~students participating in a newcomer program~~ **newcomer pupils** who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the

number of credits the student has earned to the date of transfer, ~~or~~ the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, may be used, whichever will qualify the student for the exemption. For a ~~student participating in a newcomer program~~ pupil, enrollment in grade 11 or 12, based on the average age of students in the third or fourth year of high school, may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the ~~foster youth~~ Foster and Mobile Youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion Administrator or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, and shall consult with the Foster and Mobile Youth and their ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the youth and the youth at one time qualified for the exemption, even if the pupil is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated. Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's additional graduation requirements within the student's fifth year of high school, the Equity and Inclusion Officer or designee shall:

1. Consult with the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. Consult with the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges.
4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.
5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3 within the student's fifth year of high school, the Deputy Superintendent School Services or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.

3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, ~~or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school,~~ because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

- 1) Within the first 30 calendar days of the *following* academic year, Charter School shall reevaluate eligibility;
- 2) Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
- 3) If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and ERH of the pupil's options to:
 - ~~iii.~~ provide the pupil with the option to receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
 - ~~iv.~~ to stay in school for a fifth year to complete the Charter School's additional graduation requirements.

~~Charter School shall provide notification of the availability of these options.~~ The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

Eligibility for Extracurricular Activities

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety (“ASES”) Program operated by the Charter School.

Student Records

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the student’s special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School’s Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

Complaints of Noncompliance

Complaints of noncompliance with this Policy shall be governed by the Charter School’s Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

Reporting Requirements

Charter School shall report to the California Department of Education (“CDE”) annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School’s graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this subdivision, “pupil category” means the categories of pupils identified in the “Definitions” section of this Policy, above.

Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education (Full Board Policy)

Board Policy #: 3432

Adopted: February 17, 2021, February 28, 2024; [June 26, 2024](#)

A. SECTION 504 POLICY

The Board of Directors of Altus Schools San Diego hereby adopts the Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego, hereafter collectively referred to as (“Charter School”). The Governing Board of the Charter School recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that “no qualified person with a disability shall, solely by reason of their

disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 (“Section 504”), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education (“FAPE”).

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 (“IDEA”). An impairment need not prevent or severely restrict a major life activity to be considered “substantially limiting.”

The Charter School’s Deputy Superintendent School Services or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy’s corresponding procedures.

A Section 504 Team will be convened to determine the student’s need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the student’s individual needs and school history, the meaning of evaluation data, and placement options. The student’s parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent’s/guardian’s procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student’s individual needs. The student’s parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student’s progress and placement.

The Charter School does not discriminate on the basis of disability or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

 - b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.
2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.
3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.
4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.
5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.
6. The 504 Team will consider the following information in its evaluation of the student:
 - a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;
 - b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

~~1-~~ 7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.
2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.
3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.
4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.
5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.
6. The referral, assessment, evaluation and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.
7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.
8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.
9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.
10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

11. A parent, guardian, or Charter School shall have the right to audio record the proceedings of any team meetings held pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794). The parent or guardian or Charter School shall notify the members of the team of the parent's, guardian's, or Charter School's intent to audio record a meeting at least 24 hours before the meeting. If Charter School initiates the notice of intent to audio record a meeting and the parent or guardian objects or refuses to attend the meeting because it will be audio recorded, the meeting shall not be audio recorded.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.
2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:
 - Examine relevant records
 - Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
 - Have the right to file a Uniform Complaint pursuant to Charter School policy
 - Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.
4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:
 - The specific decision or action with which the parent/guardian disagrees.
 - The changes to the 504 Plan the parent/guardian seeks.
 - Any other information the parent/guardian believes is pertinent.
5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:
 - Mediation by a neutral third party.
 - Review of the 504 Plan by the Deputy Superintendent School Services or designee.
6. Within ten (10) calendar days of receiving the parent/guardian's request, the Deputy Superintendent School Services or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Deputy Superintendent School Services .
7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Deputy Superintendent School Services .
8. The parent/guardian and the School shall be afforded the rights to:
 - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
 - Present written and oral evidence.
 - Question and cross-examine witnesses.
 - Receive written findings by the hearing officer.
9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.

11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

A. Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

- a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Deputy Superintendent School Services or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Student Use of Technology Policy (Full Board Policy)

Board Policy #:5060

Approved: September 10, 1997

Amended: December 11, 2017; February 17, 2021, June 22, 2023, February 28, 2024

The Board of Directors of Altus Schools San Diego hereby adopts this Student Use of Technology Policy to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego, hereafter collectively referred to as “Charter School.”

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. The Charter School offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. Altus Schools San Diego Board intends that technological resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Definitions

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of an educational purpose. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

“Educational purpose” means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

“Inappropriate use” means a use that is inconsistent with an educational purpose or that is in clear violation of this Policy and the Acceptable Use Agreement.

Notice and Acceptable Use Agreement

The Charter School shall notify students and parents/guardians about authorized uses of Charter School computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School’s technological resources, the student and the student’s parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student’s parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence.

To reinforce these measures, the Deputy Superintendent School Services or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor students while they are using Charter School computers, laptops, or tablets to access the internet or online services on a Charter School campus and may have teacher aides, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child’s use of Charter School equipment including but not limited to their child’s access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The Deputy Superintendent School Services or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Deputy Superintendent School Services or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.⁷ Students are expected to follow safe practices when using Charter School technology.

Charter School advises students:

- a. To never share passwords, personal data, or private photos online.
- b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- d. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Deputy Superintendent School Services or designee shall block access to such sites on Charter School computers with Internet access.

The Deputy Superintendent School Services or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

Acceptable Use Agreement

The Charter School Governing Board believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
 - a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
 - b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.
2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff, employees, officers, directors or volunteers shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. The student and parent/guardian agree not to hold the Charter School, or any Charter School staff, employees, officers, directors or volunteers responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. They also agree to indemnify and hold harmless the Charter School, Charter School staff, employees, officers, directors and volunteers for any damages or costs incurred. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.
4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared, and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate Charter School policy or local law. These include but are not limited to:
 - a. Playing games or online gaming.

- b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
- c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.
- d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.
- e. Conducting any activity that is in violation of Charter School policy, the student code of conduct or local, state or federal law.
- f. Engaging in any activity that is harmful to other student(s), including the use of technology to harass, intimidate, bully or otherwise disrupt the educational process.
- g. Conducting for-profit business.
- h. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
- i. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
- j. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
- k. Accessing or attempting to access material or systems on the network that the student is not authorized to access.

5. No Expectation of Privacy. Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

6. Disruptive Activity. Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.

7. Unauthorized Networks. Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.

8. Consequences of Inappropriate Use. Students who violate this Agreement will be subject to discipline, which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the Student Code of Conduct and applicable laws.

9. Technology Systems/Equipment Care. Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

After reading the Student Use of Technology Policy and the Acceptable Use Agreement, please complete the required form to indicate that you agree with the terms and conditions provided. The signature of both the student and parent/guardian are mandatory before access may be granted to the technologies available. The document, which incorporates the Use Procedure, reflects the entire agreement and understanding of all parties. Charter School encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages Charter School's property, including but not limited to Charter School's technology, equipment and networks, or fails to return Charter School's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. When the minor and parent are unable to pay for the damages, the Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. A student over the age of majority shall be liable for the same. (Ed. Code § 48904).

A copy of this form is available on the Charter School's website.

Loitering Law

It is unlawful for any juvenile who is subject to a compulsory alternative education program to loiter, idle, wander or be in or upon the public streets, highways, roads, alleys, parks, playgrounds, or other public grounds, public places, public buildings, or the premises of any establishment, vacant lots or unsupervised place between the hours of 8:30 a.m. and 2:30 p.m. on any day when that juvenile otherwise would be required to attend a regular compulsory education school (Municipal Code section 58.05). Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be distributed annually as part of the student handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according to due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student’s parent/guardian and shall inform the student, the student’s parent/guardian, of the basis for which the student is being involuntarily removed and the student’s parent, guardian, right to request a hearing to challenge the involuntary removal. If a student’s parent, guardian, requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions before the effective date of the action to involuntarily remove the student. If the student’s parent, guardian, requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or ~~CSSD~~ **CHARTER SCHOOL** employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the

Formatted: Font: Bold

evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with CSSD CHARTER SCHOOL officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parents, unless the student and the student's parents fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever

is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the neutral and impartial Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of Charter School's disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies,, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is

prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or Charter School who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board of Directors following the meeting regarding the School Coordinator's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

Formatted: Font: Bold

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

Formatted: Font: Bold

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- ~~a.~~ c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- ~~b.~~ d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- ~~e.~~ e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

Formatted: No bullets or numbering

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy (Full Board Policy)

Board Policy #: 3430

Adopted: February 17, 2021

Amended: February 28, 2024

The Governing Board of Altus Schools San Diego hereby adopts this Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego, hereafter collectively referred to as ("Charter School"). The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of the Charter School, and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

Lost or Damaged School Property

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.

- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.

 - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
 - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
 - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
 - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
 - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex

discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) Charter School's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to Charter School that objectively can be understood as a request for Charter School to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of Charter School whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom Charter School has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated Charter School's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to Charter School's education program or activity, including measures that are designed to protect the safety of the parties or Charter School's educational environment; or (2) provide support during Charter School's grievance procedures or during an informal resolution process.

Title IX Coordinator

The Board of Directors of Charter School ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Tim Tuter
Deputy Superintendent School Services
10170 Huennekens St. San Diego 92121
ttuter@altusschools.net
858-678-2042

The Coordinator is responsible for coordinating Charter School's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or

Commented [A24]: Per 34 CFR 106.2 - a complaint is no longer required to be formal, written, or signed.

Commented [A25]: Client - These "services" are not specified in the regulations. However, the U.S. Dept. of Education's Final Rule implies that they include sharing information about school policies and procedures, providing the contact information for the Coordinator and explaining that the Coordinator can provide supportive measures, referrals to school or community-based resources, and just listening.

Commented [A26]: Internal - This section will need to be revised if the School has more than one Coordinator. It must be clear who is the designated Coordinator that will retain ultimate oversight over the School's compliance with Title IX. Might be helpful to call the other Coordinators something different - like "Assistant Title IX Coordinators" just to make it easier to distinguish. Even if there is more than one Coordinator, continue to refer to the one who has ultimate oversight as the "Coordinator" in the policy.

respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure Charter School's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy Superintendent, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes Charter School from requiring an employee or other person authorized by Charter School to provide aid, benefit, or service under Charter School's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at Charter School, if any, can be found on the Charter School website or obtained from the Coordinator.

Commented [A27]: Client Note – For a complaint of discrimination, bullying, harassment, discrimination or intimidation to fall under the UCP, it must be a written complaint. However, all reports of sex discrimination and harassment must be investigated even if they are oral or outside the UCP timelines, and appropriate action must be taken when necessary according to the results of the investigation.

Commented [A28]: Client - The School is not required to designate any confidential employee. However, licensed social workers, therapists, psychologists, etc. who are employees of the School meet the definition of a confidential employee even if the School hasn't specifically designated them as such.

Commented [A29]: Client - Note this requirement. Please ensure the School's Title IX website posting includes this information. Alternatively, the School can list the contact info for the confidential employees here in this policy. However, that would mean the policy has to be revised and re-adopted whenever those employees change positions.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether Charter School could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents Charter School from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee

must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Charter School's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or Charter School's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the Human Resources Administrator who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of Charter School's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under Charter School's Title IX grievance procedures, Charter School may offer an informal resolution process to the parties. Charter School does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;
- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by Charter School for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. Charter School will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

Charter School has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints of made by students, employees, or other individuals who are participating or attempting to participate in Charter School's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

Charter School requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

Charter School will treat complainants and respondents equitably. Charter School presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

Charter School may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

Charter School allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the

Commented [A30]: Client - We can provide you with a sample of this notice and any of the other notices or documents referenced in this policy.

Commented [A31]: Client - All of the timeframes and many of the requirements for written notices are flexible and can be revised to better align with the School's practices. Please let us know if you would like to revise any of the timeframes or the requirements for written notices.

Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

Charter School will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

Charter School will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.¹⁰ Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, Charter School will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

Charter School may dismiss a complaint if:

- Charter School is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in Charter School's education program or activity and is not employed by Charter School;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and Charter School determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- Charter School determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, Charter School will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

¹⁰ Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable Charter School policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- Charter School's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the date(s) and location(s) of the alleged incident(s), to the extent that information is available to Charter School;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if Charter School provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

Charter School may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with Charter School's policies.

Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides

Commented [A32]: Client - Again, this is strongly recommended. If the complainant and respondent will not be notified of the dismissal in writing, then the notice to the respondent does not need to be simultaneous, and instead can follow promptly after notification to the complainant.

Commented [A33]: Client - If, in the course of an investigation, the School decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the notice or that are included in a complaint that is consolidated, the School must provide notice of the additional allegations to the parties whose identities are known.

Commented [A34]: Client - Regardless of any determination on whether to remove a student or employee on an emergency basis, the School still must follow the grievance process before imposing any disciplinary sanctions or other actions that are not supportive measures (e.g., terminations or expulsions) against a respondent. Emergency removal is not a substitute for reaching a determination as to a respondent's responsibility; rather, emergency removal is for the purpose of addressing imminent threats posed to any person's health or safety, which might arise out of the sexual harassment allegations. Emergency removals allow schools to address emergency situations, whether or not a grievance process is underway, provided that the school first undertakes an individualized safety and risk analysis and provides the respondent notice and opportunity to challenge the removal decision.

the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. Charter School has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by Charter School to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless Charter School obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

Charter School will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Commented [A35]: Client - If the School provides a description of the evidence, it will still need to provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find Charter School's determination unsatisfactory, the party may, within five (5) business days of notice of Charter School's determination, submit a written appeal to the Chair of the Charter School Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by Charter School including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Charter School's education program or activity.

No party, witness, or other person participating in Charter School's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on Charter School's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

Charter School will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the Charter School employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and

Commented [A36]: Client - An appeals process for the determination of responsibility is not necessarily required. The appeals process for determinations of responsibility must be at a minimum, the same the school "offers in all other comparable proceedings, if any, including proceedings relating to other discrimination complaints". We have included a sample process here that is consistent with the appeals processes in some of our other template complaint policies. Please ensure the selected appeals process for determinations of responsibility is consistent with the School's appeals process for other comparable proceedings.

Commented [A37]: Client Note: The School may change this reference to an administrator at the School who is in a position above the person making the initial decision as long as it is someone who is trained, was not involved in the investigation or responsible for the initial decision, and does not have a conflict of interest. The School could also use the Board to make the appeal decision, which may ultimately delay the process, but that creates some Brown Act issues and anyone on the Board who has a conflict or who participated in the investigation or initial decision would need to recuse themselves.

- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to Charter School's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of Charter School's obligations under:
 - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
 - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide Charter School's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any Charter School leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees, Coordinators and designees, investigators, decisionmakers, and other persons who are responsible for implementing Charter School's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

Charter School will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions Charter School took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. Charter School will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY

Policy #3363

Adopted: June 26, 2024

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Altus School San Diego, which operates Altus Schools Charter School of San Diego and Altus Schools Audeo (hereinafter collectively referred to as "Charter School") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

Bullying and Cyberbullying Prevention Procedures

Charter School has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

Charter School advises students:

. To never share passwords, personal data, or private photos online.

a. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.

Commented [A41]: CLIENT NOTE: Education Code section 234.4 doesn't specify the exact bullying prevention procedures that must be adopted by schools. However, since the law requires schools to provide the CDE's bullying module to its staff who interact with students, the bullying prevention procedures developed by the School should be consistent with those outlined in the CDE's online bullying module, which include education and professional development components.

To develop these procedures, we used the CDE's bullying module and Stopbullying.gov–Bullying Training Prevention Center's bullying module, which is also recommended by the CDE and available at:

<https://www.stopbullying.gov/prevention/training-center/index.html>

Please let us know if these proposed procedures do not work for the School logistically or if they are inconsistent with the procedures the School plans to implement. We can work with the School to further tailor the procedures to align with the School's program.

Commented [A42]: CLIENT NOTE: Please ensure the School's technology use policies align with the cyberbullying prevention procedures adopted by the School as part of this policy. If the School doesn't have a technology use policy, we can provide the School with a starting place draft for this policy upon request. These cyber-bullying prevention procedures were developed from the CDE's bullying module.

- b. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- c. To consider how it would feel receiving such comments before making comments about others online.

Charter School informs its employees, students, and parents/guardians of Charter School's policies regarding the use of technology in and out of the classroom. Charter School encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

Charter School employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

Charter School's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

Charter School informs Charter School employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

Charter School annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other Charter School employees who have regular interaction with students.

Charter School informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior

Commented [A43]: CLIENT NOTE: Teaching students about the difference between appropriate and inappropriate behaviors, how to advocate for themselves and others, and when to go to an adult for help are listed as recommended bullying prevention procedures in the CDE's bullying module. Please ensure the School's bullying prevention education aligns with the procedures adopted by the School in this Policy.

Commented [A44]: CLIENT NOTE: The CDE recommends bullying prevention procedures be placed within the parent/student handbook, school safety plan, and the bullying prevention policy. (pg. 12)

Commented [A45]: CLIENT NOTE: This is required per Ed. Code section 32283.5 (effective 1/1/19). The CDE's bullying module and online training module are currently located here:

<https://www.cde.ca.gov/ls/ss/se/bullyres.asp>

- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by Charter School and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

Charter School encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for Charter School’s students.

Complaint Procedures

Scope of the Complaint Procedures

Charter School will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed:
 - Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
 - Submitted to the Charter School UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

Charter School will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of Charter School’s Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of Charter School’s Title IX Policy and UCP is available in the main office.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Commented [A46]: CLIENT NOTE: Per Ed. Code section 218, schools that serve pupils in grades 7 to 12, inclusive, are encouraged to use CDE resources for the support of lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) pupils, and strategies to increase support for LGBTQ pupils and thereby improve overall school climate (which are to be updated by July 1, 2021) to provide training at least once every two years to teachers and other certificated employees.

Commented [A47]: Client - These procedures are intended to be consistent with most of our clients’ Internal Complaint/General Complaint Procedures. These specific procedures are not necessarily required. Per Ed. Code section 234.1, the complaint procedures must at a minimum include a timeline to investigate and resolve complaints and an appeal process. Please let us know if you would like to adjust these procedures.

Commented [A48]: CLIENT NOTE: If the complainant is unable to put the complaint in writing, due to conditions such as a disability or illiteracy, the School must assist the complainant in the filing of the complaint.

Commented [A49]: Client - You may adjust this as appropriate to reflect where these policies are kept (e.g., on the school’s website).

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Deputy Superintendent as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and Charter School will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy Superintendent, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by Charter School on a case-by-case basis.

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Deputy Superintendent or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Deputy Superintendent or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Deputy Superintendent or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Deputy Superintendent, a non-employee Board member who is not the Board Chair or a parent/guardian of a student at Charter School will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:

 - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:

 - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

Grievance Procedures

1. Scope of Grievance Procedures

Charter School will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;
- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic,

or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and

- e. Submitted to the Charter School UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, Charter School will utilize the following grievance procedures in addition to its UCP when applicable.

2. Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Title IX Coordinator ("**Coordinator**"):

Amanda Akle Chief of Staff and Compliance Officer aakle@altusschools.net
858-678-4811

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy Superintendent School Services, Administrator of Instructional Services, School Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker and any person who facilitates an informal resolution process will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

3. Supportive Measures

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to Charter School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Charter School's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. Charter School will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of Charter School to provide the supportive measures.

4. Investigation and Response

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of the Charter School, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations

- Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
 - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
 - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
 - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence; and
 - A statement that Charter School prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.

- Emergency Removal

- Charter School may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with Charter School's policies.
- Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
- This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.

- Informal Resolution

- If a formal complaint of sexual harassment is filed, Charter School may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If Charter School offers such a process, it will do the following:
 - Provide the parties with advance written notice of:
 - The allegations;
 - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
 - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and

- Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
 - Obtain the parties' advance voluntary, written consent to the informal resolution process.
 - Charter School will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
 - The decision maker will not be the same person(s) as the Coordinator or the investigator. Charter School shall ensure that all decision makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
 - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
 - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
 - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
 - A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
 - Prior to completion of the investigative report, Charter School will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
 - The investigator will complete an investigation report that fairly summarizes all relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
 - If the investigation reveals that the alleged harassment did not occur in Charter School's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable Charter School policy.
 - Charter School may dismiss a formal complaint of sexual harassment if:
 - The complainant provides a written withdrawal of the complaint to the Coordinator;
 - The respondent is no longer employed or enrolled at Charter School; or
 - The specific circumstances prevent Charter School from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
 - If a formal complaint of sexual harassment or any of the claims therein are dismissed, Charter School will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
 - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

- Determinations will be based on an objective evaluation of all relevant evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
- Charter School will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
 - The allegations in the formal complaint of sexual harassment;
 - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - The findings of facts supporting the determination;
 - The conclusions about the application of Charter School's code of conduct to the facts;
 - The decision and rationale for each allegation;
 - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
 - The procedures and permissible bases for appeals.

5. Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by Charter School in response to a formal complaint of sexual harassment.

6. Right of Appeal

Should the reporting individual find Charter School's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of Charter School's decision or resolution, submit a written appeal to the Superintendent School Services and Founder or Chairperson of the Charter School Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and Charter School will implement appeal procedures equally for both parties.
- Within five (5) business days of Charter School's written decision or dismissal of the complaint, the complainant or respondent may submit a written appeal to the Coordinator.
- The decision maker(s) for the appeal will not be the same person(s) as the Coordinator, the investigator or the initial decision maker(s).
- The complainant and respondent may appeal from a determination regarding responsibility, and from Charter School's dismissal of a formal complaint or any allegations therein, on the following bases:
 - Procedural irregularity that affected the outcome of the matter;
 - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - The Title IX Coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

- Charter School will notify the other party in writing when an appeal is filed.
- The decision maker for the appeal will: 1) give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; 2) issue a written decision describing the result of the appeal and the rationale for the result; and 3) provide the written decision simultaneously to both parties.

7. Recordkeeping

All records related to any investigation of complaints under this Policy are maintained in a secure location.

Charter School will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.

In addition, Charter School personnel will take the following steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:

Charter School personnel shall receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a valid, effective warrant signed by a judge, or presents a valid, effective court order.

Responding to the Detention or Deportation of a Student's Family Member

Charter School shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

Charter School shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available. Charter School shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained. Charter School shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, Charter School shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, Charter School shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student.

Student expression on the Charter School website and online media shall generally be afforded the same protections as print media within the Policy.

Student freedom of expression shall be limited only as allowed by state and federal law in order to maintain an orderly school environment and to protect the rights, health, and safety of all members of the school community. Unprotected Expression includes the following: obscenity; defamation; discriminatory material; harassment (including sexual harassment), intimidation and/or bullying; fighting words; vulgarity and/or profanity; or violating privacy as defined above. Also prohibited shall be material that incites a clear and present danger of the commission of unlawful acts on resource center premises or the violation of lawful school regulations or the substantial disruption of the orderly operation of the Charter School.

B. Distribution of Circulars, Un-Official Newspapers, and Other Printed Matter

Free inquiry and exchange of ideas are essential parts of a democratic education. Students shall be allowed to distribute circulars, leaflets, newspapers, and pictorial or other printed matter, and to circulate petitions, subject to the following specific limitations:

1. Leaflets, pictorial and other printed matter to be distributed shall be submitted to the Deputy Superintendent School Services or designee at least one (1) school day prior to distribution. The Deputy Superintendent School Services or designee shall review material submitted in a reasonable amount of time and shall allow the approved material to be distributed according to the time and manner established by this Policy. The Charter School Deputy Superintendent School Services or designee shall notify student(s) if distribution will be granted or denied (and if denied, why distribution is not in compliance with this Policy).
2. Distribution, free or for a fee, may take place before school, after school, and/or during lunch provided there is no substantial disruption in the school programs (as determined by the Deputy Superintendent School ~~Services~~ ~~Services~~,). Distribution may not occur during instructional time and should not occur in locations that disrupt the normal flow of traffic within the school or at site entrances.
3. The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions.
4. The solicitation of signatures must not take place in school offices, nor be substantially disruptive to resource center activities (as determined by the School Coordinator or the school's administrator, including but not limited to tutoring and group study).

C. Official School Publications

As a small independent student learning environment, the Charter School does not currently have school publications. Should the Charter School begin utilizing a pupil-operated publication in the future, Student editors of official school publications shall be responsible for assigning and editing the news, editorial, and feature content of their publications subject to the limitations of this Policy. However, it shall be the responsibility of the journalism staff adviser(s) of student publications to supervise the production of the student staff, to maintain professional standards of English and journalism, and to maintain the provisions of this Policy.¹³ The journalism staff adviser(s) shall help the student editors judge the literary value, newsworthiness and propriety of materials submitted for publication.

There shall be no prior restraint of material prepared for official school publications except insofar as it violates this Policy. Charter School officials shall have the burden of showing justification without undue delay prior to a limitation of student expression under this Policy. If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted material may not be published. The student should be given the

¹³ "Official school publications" refers to material produced by students in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee.

opportunity to modify the material or appeal the decision of the journalism staff adviser to the Deputy Superintendent School ~~Services~~ Services.

D. Buttons, Badges, and Other Insignia of Symbolic Expression

Students shall be permitted to wear buttons, badges, armbands, and other insignia as a form of expression, subject to the prohibitions enumerated in this Policy.

E. Use of Bulletin Boards

Students will be provided with bulletin boards, upon request and subject to availability, for use in posting student materials in resource center locations convenient to student use. Posted material must be in compliance with other sections of this Policy, particularly regarding the distribution of materials and prohibited speech. Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.

F. Organized Demonstrations

Students have the right to lawful organized resource center demonstrations, subject to the provisions of this Policy and applicable law. Demonstrations that incite students to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or demonstrations that substantially disrupt the orderly operation of the school are prohibited.

No organized demonstrations by school groups may take place off-site during school hours unless sanctioned by school authorities and supervised by a designated school authority. No individual student may demonstrate in the name of the Charter School or as an official school group at any time unless authorized by the Charter School to participate in the activity.

No student may participate in an organized demonstration that occurs during the hours of mandatory school attendance unless sanctioned by the Charter School and supervised by a designated Charter School employee. Missing school to attend an organized demonstration is not an excused absence. The Charter School will follow its Attendance Policy when determining consequences for students which may include but are not limited to detention, a low grade for a missed test, or receiving a truancy letter. The Charter School will follow its Suspension and Expulsion Policy when determining consequences for students if Charter School policy is violated.

G. Student Speeches

If a student is selected to speak at a Charter School sponsored event, including but not limited to graduation or school events, Charter School has the right to review the pre-prepared speech to ensure that unprotected speech is not included. If unprotected speech is included, the student will be given the opportunity to revise the speech or deliver a modified speech. If not revised or removed, the student will not be permitted to speak at the Charter School sponsored event.

Off-Site Expression

Off-site student expression, including but not limited to student expression on offsite internet web sites not accessed from the resource centers, is generally constitutionally protected but shall be subject to discipline when there is sufficient nexus between the speech and the school.

Relevant considerations include:

1. The degree and likelihood of harm to the Charter School (staff, students, volunteers, and/or property) caused or argued by the expression,
2. Whether it is reasonably foreseeable that the expression would reach and impact the Charter School, and
3. The relation between the content and/or context of the expression and the Charter School. There is always a sufficient nexus between the expression and the Charter School when the Charter School reasonably concludes that it faces a credible, identifiable threat of school violence.

The Charter School Deputy Superintendent School Services or designee shall document the impact the expression had or could be expected to have on the educational program. Off-site expression that results in the material disruption of classwork or involves substantial disorder or invasion of the rights of others may be subject to discipline.

Off-site expression may result in discipline if the expression involves but is not limited to:

- a. Serious or severe bullying or harassment targeting particular individuals;
- b. Threats aimed at teachers or other students;
- c. The failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities; or
- d. Breaches of school security devices.

Enforcement

1. Upon learning that students are considering actions in the areas covered by this Policy they will be informed of the possible consequences of their action under each specific circumstance. The Deputy Superintendent School Services shall ensure that due process is followed when resolving disputes regarding student freedom of expression.
2. This Policy does not prohibit or prevent the Charter School Governing Board from adopting otherwise valid rules and regulations relating to oral communications by students upon the resource center premises.
3. No Charter School employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a student engaged in the conduct authorized under this Policy, or refusing to infringe upon conduct that is authorized under this Policy, the First Amendment to the United States Constitution, or Section 2 of Article I of the California Constitution.

4. Charter School shall not make or enforce a rule subjecting a student to disciplinary sanctions solely on the basis of conduct that is speech or other communication that, when engaged in outside ~~of a~~ [resource center](#), is protected from governmental restriction by the First Amendment to the United States Constitution or Section 2 of Article I of the California Constitution.

Complaints and Appeals

The following procedures shall be used to address general disputes regarding student freedom of speech and expression:

1. The student and faculty member shall first attempt to resolve the problem internally.
2. If the student and faculty member are unable to resolve the dispute, the student and/or faculty member may bring the matter to the Charter School Deputy Superintendent School Services or designee, who shall hear both sides and strive to resolve the dispute as quickly as possible.
3. Any student or faculty member may appeal the decision of the Charter School Deputy Superintendent School Services or designee to the Board who shall render a decision within a reasonable period of time after receipt of the appeal. The appeal by the student must be made within five (5) school days from the time the unsatisfactory decision was rendered.

A student who feels their freedom of expression was unconstitutionally limited and/or limited on the basis of discrimination may file a complaint by contacting the Charter School's Deputy Superintendent School ~~Services~~ [Services](#).

Procedures

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal, or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the [COSC Deputy Superintendent](#) or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the [COSC Deputy Superintendent](#)

or designee shall be made in writing. The period for filing may be extended by the [COSCO Deputy Superintendent](#) or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The ~~School Coordinator~~[COSCO Deputy Superintendent](#) shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

The Charter School shall issue an investigation report (the "Decision") based on the evidence. The Charter School's decision shall be in writing and sent to the complainant within sixty (60) calendar days of the Charter School's receipt unless the timeframe is extended with the written agreement of the complainant. The Charter School's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether the Charter School is in compliance with the relevant law.
3. Corrective actions, if the Charter School finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal the Charter School's decision within thirty (30) calendar days to the CDE, except when the Charter School has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the California Department of Education

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with the Charter School and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Charter School failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in the Charter School's Decision is inconsistent with the law.
5. In a case in which Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the [COSC Deputy Superintendent](#) or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of the Charter School's complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to the Charter School for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

"Pupil fee" means a fee, deposit, or other charge imposed on students, or a student's parents or guardians, in violation of Section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers. Pursuant to Education Code section 49010, prohibited student fees include, but are not limited to, the following:

- (a) fees charged as a condition for registering for school or classes, or as a condition for participation in a class or any extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit;
- (b) a security deposit, or other payment, that a student is required to make to obtain a book, class apparatus, laptop, I-Pad, e-reader or other materials or equipment;
- (c) purchase that a pupil is required to make to obtain materials, supplies, equipment, or uniforms associated with an educational activity.

Charter School may solicit voluntary donations of funds from students and parents of students to help cover the cost of cap and gown, but all students are provided access to a cap and gown, regardless of student or parent donation. Alternatively, students have the option to purchase their own cap and gown, which does not need to be returned to Charter School after the graduation ceremony.

The hearing entity may be either 1) a neutral hearing officer who is appointed by the Board Chair, and a Charter School employee, or 2) the Charter School Board of Directors.
- Charter School shall deny a request for a hearing when the proposed amendment to the education record includes anything more than correcting clerical errors.
- Charter School shall schedule a hearing within a reasonable time, but not more than thirty (30) business days, after receiving the hearing request.
- Charter School shall provide evidence to the hearing entity to support the previous determination not to amend the student's education record.

~~entity finds that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, Charter School will notify the student of the right to place a statement in the record commenting on the contested portion of the record, or stating why the student disagrees with the decision not to amend, or both. Charter School will maintain this statement with the contested portion of the student's education record for as long as the record is maintained. The statement will be disclosed whenever the Charter School is required to disclose the portion of the record to which the statement relates.~~

~~The Administrator of Instructional Services or designee of a public school will serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record. The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or Deputy Superintendent School Services or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, Charter School's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.~~

~~If, as a result of the hearing, Charter School decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.~~

~~If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.~~

Professional Boundaries: Staff/Student Interaction Policy

Board Policy #: 1700

Adopted/Ratified: May 13, 2009

Amended Date: February 17, 2021, February 28, 2024

The Board of Directors of Altus Schools San Diego, Inc. hereby adopts this Staff/Student Interaction Policy to apply to Altus Schools Audeo and Altus Schools Charter School of San Diego, hereafter collectively referred to as “Charter School.”

The Charter School recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

I. PURPOSE AND SCOPE

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to

- (1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.
- (2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.
- (3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)
- (4) Clarify that improper action will have significant consequences.
- (5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.

- (6) Define the process that Charter School will use for addressing potential improper conduct.
- (7) Preserve student and staff privacy rights during any pending investigation.

II. BACKGROUND AND GENERAL POLICY PROVISIONS

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members. Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability to recruit skilled professionals and maintain a credible operation in the eyes of the community. It is critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

III. BOUNDARIES

A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point

of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate. Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing “personalized, education programs to facilitate student achievement,” student/staff interaction has boundaries regarding the activities, locations, and intentions.

Unacceptable Staff/Student Behaviors (Violations of this Policy)

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.
4. Intentionally being alone with a student away from the school.
5. Making, or participating in, sexually inappropriate comments.
6. Sexual jokes, or jokes/comments with sexual double-entendre.
7. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission

1. Giving students a ride to/from school or school activities without parent permission (only in “emergency” situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

Cautionary Staff/Student Behaviors

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.

3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

1. Getting parents' written consent for any after-school activity on or off campus (exclusive of tutorials).
2. Obtaining formal approval (site and parental) to take students off school property for activities such as field trips or competitions.

9. Involving your supervisor if conflict arises with a student.
10. Informing your supervisor and/or Support Team (coordinators and directors) about situations that have the potential to become more severe.
11. Making detailed notes about an incident that could evolve into a more serious situation later.
12. Recognizing the responsibility to stop unacceptable behavior of students and/or co-workers.
13. Asking another staff member to be present if you will be alone with any student who may have severe social or emotional challenges (and you are not the assigned case educator).
14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

IV. CORPORAL PUNISHMENT

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

V. Reporting

When any staff member, parent, or student becomes aware of a staff member having crossed the boundaries specified in this Policy, they should report the occurrence or suspected occurrence to a supervisor and/or Support Team member promptly. All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

VI. Investigating

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law. The investigating supervisor shall promptly notify the Supervising Administrator that an investigation is in progress; the Supervising Administrator, in turn, shall notify the Deputy Superintendent School Services of the existence and status of any investigations. Upon completion of any such investigations, the Supervising Administrator shall direct the investigating administrator to report to the Deputy Superintendent School Services any conclusions reached. The investigating administrator may consult with Charter School legal counsel, as appropriate, prior to, during, and after conducting any investigation.

VII. Consequences

Staff members who have violated this Policy will be subject to appropriate disciplinary action, and, where appropriate, will be reported to authorities for potential legal action.

VIII. Training

A copy of this acknowledgement will be placed into each Charter School employee's personnel folder. In addition, appropriate portions of this Policy and related information will be incorporated into on-going Charter School communications thrust to underscore the continuing importance that Charter School places on student/staff interaction.

Resource Center and School Volunteer, Visitation, and Removal Policy (Full Policy) **Policy #6010**

Approved: March 10, 2016

Amended: February 22, 2018, **June 21, 2018**; **June 26, 2024**

The Board of Directors of ~~Student Success Programs, Inc~~ ~~Altus Schools San Diego~~ hereby adopts the Resource and School Volunteer, Visitation, and Removal Policy to apply to Altus Schools ~~Audeo Charter School~~, and Altus Schools Charter School of San Diego, ~~and Laurel Preparatory Academy~~, all hereafter collectively referred to as "Charter School."

While Charter School encourages parents/guardians and interested members of the community to visit the charter school and view the educational program, Charter School also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the resource center can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, Charter School has established the following procedures, to facilitate volunteering and visitations during regular school days:

Definitions

- A “visitor” is defined as any person seeking to enter the school building who is not an employee or a current student at the Charter School. All visitors who are not parents or guardians of a student must have a specific and educationally relevant purpose for their visit.
- A “volunteer” is defined as any person who voluntarily offers and provides a service to the Charter School with Charter School approval without receiving compensation.

Volunteering

Parents or guardians who are interested in volunteering in the resource center must adhere to the following guidelines:

2. A volunteer shall also have on file with Charter School a certificate showing that, upon initial volunteer assignment, the person submitted to a tuberculosis risk assessment and, if tuberculosis risk factors were identified, was examined and found to be free of infectious tuberculosis. If no risk factors are identified, an examination is not required. At the discretion of the Charter School Board of Directors, this paragraph shall not apply to a volunteer whose functions do not require frequent or prolonged contact with pupils.
2. Volunteering must be arranged with the teacher and Executive Director/Deputy Superintendent of Schools Services (“Deputy Superintendent”) or designee, at least forty-eight (48) hours in advance.

Resource Center volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Resource Center volunteers must follow the instructions provided by the teacher, certificated teacher resource or resource center associate. Resource Center rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

5. Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality. Volunteers must sign an agreement that they have read and understand and agree to follow the Family Educational Rights and Privacy Act ("FERPA") Policy.

6. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the resource center or at the administrative office as indicated below.

7. 7.—This Policy does not authorize the Charter School to permit a parent/guardian to volunteer or visit the resource center if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

7-8. Volunteerism by parents is encouraged but not mandatory. Any volunteer hours are tracked for purposes of maintaining data on the parent participation at the School.

3. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys) the officer/official will also be asked to produce any documentation that

Emergency Plan Roles and Responsibilities.....	219

SECTION ONE

Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any location.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and the Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine if the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

HAZARD ASSESSMENT SUMMARY

Assessment of School Crime

In assessing the crime rate for the last two school years at Altus Schools Audeo and Altus Schools Charter School of San Diego, the crime data indicates that there have been no incidents of the last two years. The school staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed \$100 per incident, theft \$50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Altus Schools San Diego adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The Safety Coordinator will serve as the primary notification point for emergencies at this RC. The primary or alternate Incident Commander will notify the Safety Ambassadors. Once notified, they will begin contacting public safety officers to assist the Incident Commander, pursuant to their policies and procedures.

The very next action to occur is the need to alert or warn RC staff. Methods for notifying staff include: Telephone – Landline and/or cellular, RC radio, Runners – staff and/or students, Siren System – Siren and/or bell depending upon RC, Public Announcement System (PA), Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC. Additional information is found in the School Emergency Procedure.

The Safety Coordinator will conduct an initial assessment based on available information and will advise the Incident Commander and Office of the President of the recommended actions to be taken. However, if the emergency requires immediate action, the Safety Coordinator will initiate the appropriate warnings and notifications to public safety responders without delay.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct RC resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Crisis Response Boxes

This RC maintains: 1 Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Support Team Member.

The Crisis Response Boxes are a file folder type- boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established. The following information is stored inside each box:

- Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, RC numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- Current map of RC layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- Most current blueprint (architectural drawings).
- Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- If available, current student photos on CD-ROM or most recent yearbook.
- Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The Incident Commander will work with Safety Coordinator on conducting an inspection during October of each year. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. The information in this guide is drawn directly from the School's Emergency Procedures. Each RC and office have been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually. Replacement copies are available through the Operations Department.

EMERGENCY OPERATIONS OVERVIEW

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "...all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain in the RC to carry out assigned responsibilities. RC staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to an Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teachers will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety Coordinator is responsible for annual plan review. Appropriate changes or modifications shall be forwarded by the Incident Commander to the Safety Coordinator for approval prior to any distribution. The Emergency Plan will be

maintained on a secured intranet with “read only” access to the Incident Command Team and revision access to the Incident Commander and the Safety Coordinator.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage “people will do what they have been trained to do” is consistently proven in actual emergencies. Exercises allow “people” to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual trainings for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the Incident Commander and School Safety Coordinator.

The Incident Commander will coordinate annual exercises for all staff as outlined in the School Emergency Procedures.

INCIDENT COMMAND TEAM OVERVIEW

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one “position”. (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to “cluster” certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing the RC emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
 - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
 - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the School’s Communications Officer is available
 - **Liaison Officer** – serves as the point-of-contact for agencies outside of the School’s organization.
- **Operations Chief** – manages direct response to the RC emergency
 - **Facility Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
 - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
 - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
 - **Student/Parent Reunification**
 - **Assembly Area** – ensures the care and safety of all students in RC (except those in the Medical Treatment Area)
 - **Request Gate** – processes requests by parents or authorized adults for release of students
 - **Release Gate** – releases student to parent or authorized adult
- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
 - **Documentation** – collects, evaluates, and documents event
 - **Situation Analysis** – assesses the overall incident
- **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
 - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

The Emergency Operations Center (EOC) located at the Corporate Offices may be activated to support RC emergency operations. In the event that the EOC is activated, the Incident Commander will establish communications and coordinate closely with the EOC.

It's important that the Incident Command Team refer to both the Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

Notification to Staff of Dangerous Students

The administration will inform the Administrator of Instructional Services of information received from the court and the Probation Department. The Administrator of Instructional Services shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

The Altus Schools Audeo and Altus Schools Charter School of San Diego are committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Altus Schools Audeo and Altus Schools Charter School of San Diego shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Altus Schools Audeo and Altus Schools Charter School of San Diego may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the Executive Director at (858) 678-2042 for resolution. If not resolved, contact: The President of the Board, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2020.

Going To and From Resource Center Safely

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Altus Schools Audeo and Altus Schools Charter School of San Diego students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Altus Schools Audeo and Altus Schools Charter School of San Diego students and parents to help prepare all the students for a safer journey.

1. Every Altus Schools Audeo and Altus Schools Charter School of San Diego student will have set schedule for arrival and departure from the resource center. When a student fails to arrive for their appointment and has not notified the resource center for the absence, his or her teacher will call home to ensure the student is safe.
2. Every student, parent or guest is required to sign-in and out each time they arrive and depart the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.
3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.
4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.
5. Parents will be encouraged to walk the route to and from resource centers with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.
6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and

learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a **resource center** staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.
8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.
9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a resource center staff member, parent, or another trusted adult what happened.
10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.
11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a resource center staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone, they don't know hanging around the resource center.
12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from the resource center a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Altus Schools Audeo and Altus Schools Charter School of San Diego staff and students shall review resource center evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted on the resource center. - Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions may include:

- A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.

- Students who have permission to leave school campus for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.

SECTION THREE—EMERGENCY PROCEDURES

Evacuation Procedure

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary. The Safety Ambassador, in coordination with the Incident Commander is responsible for activating the evacuation notification procedures for RC-level personnel. Additional information pertaining to RC evacuations can be found in Emergency Procedures.

The signal for evacuation is: short interrupted blast .

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns **found in the Emergency Disaster Kit.**

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by telephone, radio or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each RC and department have developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation area. All staff will be trained to conduct rapid visual and verbal “sweeps” of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. Each Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time. Proper signage for this area is "Area of Rescue Assistance." Evacuation maps will articulate this information.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**

Alternate: **Operations Chief**

Return to Facility

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the Office of the President. The Safety Coordinator should be advised of this information.

The notification for a safe return to facilities located at this RC is:

Communication via Emergency Radio and/or Cell Phone

Shelter-In-Place Procedure

Shelter-In-Place generally occurs when evacuating the RC is more dangerous than taking shelter inside a building. This generally occurs during natural disasters, severe weather conditions, or health hazards. The following procedure applies to this RC. Additional information pertaining to Shelter-in-Place is available in Emergency Procedures.

Notification

The Incident Commander is responsible to notify the Incident Command Team when a Shelter-In-Place is necessary. The Safety Coordinator, in coordination with the Incident Commander is responsible for activating the Shelter-In-Place notification procedures for RC-level personnel.

The signal for Shelter-In-Place is: 3 short beeps, 3 long beeps followed by Verbal Instructions

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns **found in the Emergency Disaster Kit.**

Activation & Deactivation

Quickly direct students and staff inside to the nearest room; do a verbal and visual sweep as you get everyone inside. Shut all doors and windows leading into the room, including interior doors. Doors may be opened for late arrivals if the exterior environment is safe. Take student attendance and report missing or extra students to the office by radio, telephone, or e-mail. For environmental emergencies, immediately shut off the air conditioning/heating system, try to seal air vents and gaps under doors and around windows. Monitor your local radio, T.V. or e-mail for updates. Remain in Shelter-in-Place until the "All Clear" signal is sounded.

Return to Facility

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the Office of the President. The Safety Coordinator should be advised of this information.

The notification for a safe return to facilities located at this RC is:

Communication via Emergency Radio and/or Cell phone

Emergency Lockdown Procedures

2. All students and staff remain in their RC or offices.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate “STAY” function on ADT/Protection One Security Alarm Panel.
6. Safety Lead or designee in RC will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Executive Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.
 - a. **ONE TO ONE COMMUNICATION--NOT EVERYONE NEEDS TO CALL.**
11. No one is permitted to leave and no one, including a parent, is allowed in the RC.

- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: ***Enroll your work email on local media news alerts for your area.***

Should a lockdown occur, parents should be aware of the following:

- Remain calm as RC and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. RC staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular sites may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff on the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
 - Lockdown Incident Report Form
 - Emergency Sign-In Report

Parent Notification & Reunification Procedure

Following a lockdown, shelter-in-place, or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following RC procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the Administrator of Instructional Services determines students are to be released from the RC, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations and Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school student database.

Reunification

Reunification will generally occur from the location pre-identified as the evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use RC attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification at this RC belongs to the following individuals:

Primary: Incident Commander

Alternate: Operations Chief

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to “Drop, Cover, and Hold” at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your RC evacuation procedures after confirming the path and destination are safe.

Monitor your RC emergency radio for possible updates and instructions from the School’s Emergency Operations Center. Use radio Channel 1.

Do not return to the inside of any building until emergency personnel check the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premises to prevent entrance by others.

Advise your Administrator of Instructional Services of the situation. Contact the Director of Operations & Technology at (619) 778-3491 or by using your emergency radio.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your Administrator of Instructional Services. If possible, quickly assess the RC and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department (“9-1-1”) or notify the Director of Operations & Technology by calling 619-778-3491. If phone service is unavailable, use your emergency radio (Channel 1). The Director of Operations & Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations & Technology of injuries.

Activate specific components of your RC emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the RC assembly area until the situation is under control.

Have some staff standing by at the RC entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

- A. Response to armed assailants has focused on implementing an RC lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the “Run, Hide, Fight” model.
- B. Armed assailant drills have both benefits and concerns associated with their implementation.
 - Armed assailants in RC’s account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
 - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
 - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

- A) Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.
 - B) Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.
 - C) Schools should keep simulation techniques appropriate to the participants’ developmental maturity.
 - Inform participants of the use and purpose of props and simulation aids prior to the drill.
 - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.
- B. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

- A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.
 - B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.
 - C. School-employed mental health professionals should be involved in every stage of preparation.
- Prior to the drill, staff should be trained to recognize common trauma reactions.
 - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
 - After completion, staff and students should have access to mental health support, if needed.
 - D. Participation should never be mandatory, and parental consent should be required for all students.
 - E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

Introduction

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed

person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the “Run, Hide, Fight” model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, &

Morgan, 2014). While an attack by an armed assailant on RC grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual’s cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child’s developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents)

that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room.

Lockdowns should continue to be included in any options-based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the RC (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). *Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.*

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and

practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

D. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

E. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children’s Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example,

simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school-employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:

RC-Specific Information: Last Updated on [5/1/2024](#)

- Identifies a lead person to coordinate school safety efforts, including drills;
- Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
- Takes a lead in identifying the most appropriate preparedness activities for the school;
- Provides ongoing professional development and training as needed; and
- Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:

- Identify the types of crisis events most likely to occur,
- Determine the current school culture and climate,
- Map existing resources and capacities of school personnel or school safety teams, and
- Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:

- Considers financial costs in relation to the likelihood of a particular crisis;
- Identifies what resources, activities, or preparedness training must be replaced or postponed, to engage in active shooter or other armed assailant drills;
- Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
- Considers the current knowledge and identified needs of the staff; and
- Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the school environment, taking into consideration:

- The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
- Age, cognitive, and developmental levels of awareness of students;
- Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
- The capacity, comfort level, and trust among staff;
- Administrative support;
- Optimal timing, including time of year, day of the week, and time of the day;
- Relationships with external partners, law enforcement, and other first responders; and
- The layout of the RC.

5. Create a plan of progression that:

- Considers whether any previous activities have been conducted in the school;
- Starts with simple, low-cost, discussion-based exercises;
- Considers all available types of drills;

- Identifies specific objectives and goals for the drills; and
- Identifies a timeline and metrics to help determine whether more complex exercises are needed.
 6. Prepare for logistics of the drill to ensure that:
 - Previous traumatic experiences of those involved are considered;
 - School staff learn to recognize stressful reactions to drills;
 - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
 - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
 - Adequate follow up is available for students or staff with questions; and
 - Appropriate methods to evaluate outcomes are implemented.
 7. Develop a communications plan that:
 - Informs members of the school community of planned drills and what will be entailed;
 - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
 - Provides opt-out options for staff and students; and
 - Encourages feedback and evaluation by participants after the fact.
 8. Establish a long-term follow up plan to support sustainability that considers:
 - What additional training is required;
 - How the drill integrates with other school safety and crisis prevention efforts;
 - How current and previous training and knowledge can be maintained and built upon; and
- When follow-up should be conducted and how often.

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Suspension and Expulsion Policy

Suspension and Expulsion Policy ([Full Board Policy](#))

Board Policy #: 3300

Adopted/Ratified: March 11, 1998

Amended: May 13, 2009; September 14, 2017; February 17, 2021, June 22, 2023, [February 28, 2024](#)

Policy

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at the [Audeo Altus Schools Audeo Charter School](#) and [The Altus Schools Charter School of San Diego](#) ("Charter School"). In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language is largely consistent with the language of Education Code Section 48900 *et seq.* Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be distributed annually as part of the student handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and

involuntary removal policies and procedures. The notice shall state that this policy and procedures are available upon request at the School Coordinator's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according to due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent, guardian, right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

¹ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker

have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term “parent/guardian” shall include these parties.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or CSSD employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with CSSD officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is

held with the student or the student's parents, unless the student and the student's parents fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the neutral and impartial Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any

student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of Charter School's disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies,, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the

- entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
 8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
 9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
 10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other

support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order

for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School.

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at Charter School. Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school

district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or Charter School who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board of Directors following the meeting regarding the School Coordinator's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a

RC-Specific Information: Last Updated on 5/1/2024

disability or student that CSSD or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such

determination before the behavior that resulted in a change in placement;

- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or

if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School's disciplinary procedures may assert the procedural safeguards granted under this

administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- If imminent risk, call 911.
- Send for immediate help (First Aid, CPR, medical) and medication kit (for known allergies).
- Notify the Administrator of Instructional Services.
- Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- If an insect sting, remove stinger immediately.
- Assess situation and help student/staff member to be comfortable.
- Move student or adult only for safety reasons.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR

ACTIONS:

- If imminent risk, call 911 (always call 911 if using "Epi" pen).
- Notify nurse/parent or guardian.
- Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- Observe for respiratory difficulty.
- Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- Keep an "Epi" pen in the school office and notify staff as to location.
- Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

Staff Actions:

- Notify Administrator of Instructional Services.
- Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- Follow standard student assembly, accounting and reporting procedures.

Administrator of Instructional Services/Safety Ambassador Actions:

- Initiate **SHELTER IN PLACE**.
- Shut off HVAC units.
- Move to central location where windows and doors can be sealed with duct tape.
- Call 911. Provide location and nature of the emergency and school actions taken.

- ☑ Notify Director of Operations and Technology of the situation.
- ☑ Turn on a battery-powered commercial radio and listen for instructions.
- ☑ Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- ☑ Arrange for psychological counseling for students and staff.

Inside the Resource Center

Staff Actions:

- ☑ Notify Administrator of Instructional Services or Safety Ambassador.
- ☑ Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- ☑ Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- ☑ Follow standard student assembly, accounting and reporting procedures.
- ☑ Prepare a list of those who are in the affected area to provide to emergency response personnel.

Administrator of Instructional Services/Safety Ambassador Actions:

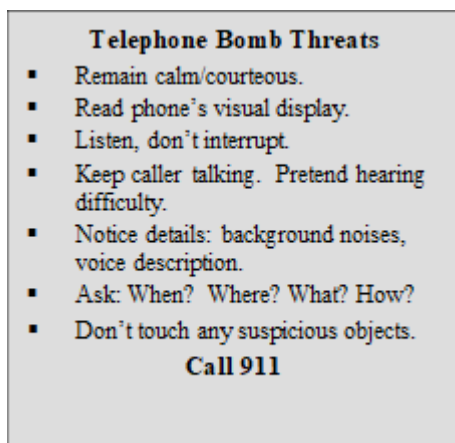

- ☑ Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- ☑ Move up-wind from the potential danger.
- ☑ Call 911. Provide exact location and nature of emergency.
- ☑ Designate security team to isolate and restrict access to potentially contaminated areas.
- ☑ Wait for instructions from emergency responders-- Health or Fire Department.
- ☑ Notify Director of Operations and Technology of the situation.
- ☑ Arrange for immediate psychological counseling for students and staff.
- ☑ Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

Those Who Have Direct Contact With Biological Agent:

- ☑ Wash affected areas with soap and water.
- ☑ Immediately remove and contain contaminated clothing
- ☑ Do not use bleach on potentially exposed skins.
- ☑ Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

Person Receiving Threat By Telephone:

- Listen. Do not interrupt caller.
- Keep the caller on the line with statements such as *"I am sorry, I did not understand you. What did you say?"*
- Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- Notify Safety Ambassador immediately after completing the call.
- Complete the Bomb Threat Checklist.

Person Receiving Threat By Mail:

- Note the manner in which the threat was delivered, where it was found and who found it.
- Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- Caution students against picking up or touching any strange objects or packages.
- Notify Administrator of Instructional Services or Safety Ambassador.

Administrator of Instructional Services/Safety Ambassador Actions:

- ☑ Call 911.
- ☑ If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- ☑ Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- ☑ Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- ☑ Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- ☑ If it is necessary to evacuate the entire school, use the fire alarm.
- ☑ Notify the Director of Operations and Technology of the situation.
- ☑ Direct a search team to look for suspicious packages, boxes or foreign objects.
- ☑ Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- ☑ Avoid publicizing the threat any more than necessary.

Search Team Actions:

- ☑ Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- ☑ Check the resource center and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- ☑ If suspicious item is found, make no attempt to investigate or examine object.

Staff Actions:

- ☑ Evacuate students as quickly as possible, using primary or alternate routes.
- ☑ Upon arrival at the designated safe emergency meeting area, take attendance. Notify the Administrator of Instructional Services/Safety Ambassador of any missing students.
- ☑ Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

• Refer to your local bomb threat emergency response plan for evaluation criteria

DO NOT:

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

Administrator of Instructional Services/Safety Ambassador Actions:

- Issue **STAND BY** instruction. Determine if evacuation is required.
- Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- Delegate a search team to assure that all students have been evacuated.
- Post a notice on the resource center door stating where the school has relocated and inform the District Office.
- q Monitor local AM radio weather station for flood information.
- q Notify the Director of Operations and Technology of school status and action taken.
- q Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

Staff Actions:

- If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- Remain with students throughout the evacuation process.
- Upon arrival at the emergency meeting area, take attendance. Report any missing students to Administrator of Instructional Services/Safety Ambassador and emergency response personnel.
- Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians, shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

Staff Actions:

- Notify Administrator of Instructional Services.
- Move students from immediate vicinity of danger.
- Do not turn on any electrical devices such as lights, computers, fans, etc.
- If odor is severe, leave the area immediately.
- If the resource center is evacuated, take student attendance and report any missing students to Administrator of Instructional Services/Safety Ambassador.

Administrator of Instructional Services/Safety Ambassador Actions:

- If gas leak is internal, evacuate the resource center immediately.
- Call 911.
- Notify utility company.
- Determine whether to move to alternate location.
- If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

Administrator of Instructional Services/Safety Ambassador Actions:

- Call 911, if necessary.
- If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- Initiate **EVACUATION**. Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- Notify Director of Operations and Technology.
- Wait for instructions from emergency responders-- Health or Fire Department.
- Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- Upon return to school, ensure that all resource centers are adequately aired.

Teacher Actions:

- Follow standard student assembly, accounting and reporting procedures.
- Report names of missing students to office.
- Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

Administrator of Instructional Services/Safety Ambassador Actions

- Call 911. Provide all known essential details of the situation:
- Number of hostage takers and description
- Type of weapons being used
- Number and names of hostages
- Any demands or instructions the hostage taker has given
- Description of the area
 - Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
 - Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
 - Secure exterior doors from outside access.
 - When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
 - Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
 - Identify media staging area, if appropriate. Implement a hotline for parents.
 - Account for students as they are evacuated.
 - Provide recovery counseling for students and staff.

Staff Actions:

- If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- Alert the Administrator of Instructional Services/Safety Ambassador.
- Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

Administrator of Instructional Services/Safety Ambassador Actions:

- Initiate **LOCKDOWN**.
- Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - *"What can we do to make this better?"*
 - *"I understand the problem, and I am concerned."*
 - *"We need to work together on this problem."*
- As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- Keep subject in view until police or law enforcement arrives.
- Take measures to keep subject away from students and the resource center.
- Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- Be available to deal with the media and bystanders and keep the resource center clear of visitors.

Staff Actions:

- ☑ Notify the Administrator of Instructional Services/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- ☑ Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
- ☑ Isolate intruder from students. Lock the resource center and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

Administrator of Instructional Services/Safety Ambassador:

- Notify utility company. Provide the following information:
- Determine length of time service will be interrupted.
- Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- Use messengers with oral or written word as an alternate means of faculty notification.
- Notify District Office of loss of service.
- Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - 1) Is the individual moving towards violent action?
 - 2) Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
 - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.
- Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.
- Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.
- If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- Facilitate a meeting with student(s) and family to review expectations.
- Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

Staff Actions:

- If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.
- Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

- ☑ Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.
- ☑ Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

Administrator of Instructional Services/Safety Ambassador Actions:

- Keep the individual under continuous adult supervision.
- Keep the individual in the resource center until parent/guardian has been notified.
- Arrange appropriate support services for necessary care of individual.
- If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the Administrator of Instructional Services. The next steps may include:
 - Provide parents/guardian with the names and phone numbers of mental health resources
 - Recommend that the parents make an immediate contact with a therapist.
 - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- Provide follow-up collaborative support for the student and parents (as indicated) within the school
- Develop a safety plan prior to the student's return to school.
- Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

Staff Actions:

- Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- Notify Administrator of Instructional Services/Safety Ambassador.
- Notify school nurse, school psychologist, counselor or social worker.
- Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

Administrator of Instructional Services/Safety Ambassador:

- ☑ Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- ☑ Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- ☑ Secure area to prevent unauthorized access until the Fire Department arrives.
- ☑ Advise the Director of Operations and Technology of school status.
- ☑ Notify emergency response personnel of any missing students.
- ☑ Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- ☑ Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- ☑ Determine if Student Release should be implemented. If so, notify staff, students and parents.
- ☑ If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

Staff Actions:

- ☑ Initiate **DROP, COVER AND HOLD ON**.
- ☑ If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

- ☑ Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
- ☑ Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- ☑ Render first aid as necessary.
- ☑ Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- ☑ If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE – PANDEMIC INFLUENZA

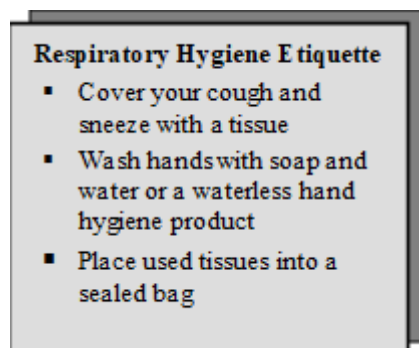

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

School Coordinator/Safety Ambassador Actions:

- ☑ Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- ☑ Insure that students and staff members who are ill stay home.
- ☑ Send sick students and staff home from school immediately.
- ☑ Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- ☑ Monitor bulletins and alerts from the Department of Health and Human Services.
- ☑ Keep staff informed of developing issues.
- ☑ Assist the Department of Health and Human Services in monitoring outbreaks.
- ☑ Respond to media inquiries regarding school attendance status.
- ☑ Implement online education, if necessary, so that students can stay home.
- ☑ Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Staff and Student Actions:

- Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- Practice "respiratory hygiene etiquette".
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE -Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an active shooter / armed assailant situation before law enforcement personnel arrive on the scene.*

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.
 - a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.
 - b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
 - c. **Be decisive.** Communicate your plan to your students and act quickly.
 - d. **Call 911 and the School Office** as soon as it is safe to do so.

2. **Options: Run, Hide or Fight**
 - a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),

- **and** can visualize a route that will get your students and yourself safely off campus.
- Don't carry anything with you.
 - Police may mistake an item in your hands as a weapon.
 - Leave everything behind.
- If you encounter people along the way...
 - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
- Place terrain and buildings between you and the assailant to cover your escape.
- Keep going until you are certain you are out of danger.
- Call 911 as soon as it is safe to do so.
- Keep your students with you. Call (insert phone #) to report your location and obtain instructions.

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. FIGHT: Never seek out confrontation with an active shooter / armed assailant. If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - Construct a strong barricade.

RC-Specific Information: Last Updated on 5/1/2024

- If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.
- a. Provide as much information as possible (slow down – be calm):
 - State the emergency: “I hear gunfire.” “I saw...”
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: “room __”
 - The number of children with you:
 - b. Keep the line open, even if you can’t talk, unless instructed by the dispatcher to end the call.
4. Special Topics
- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

- *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
- *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.

RC-Specific Information: Last Updated on 5/1/2024

- If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
- Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)
- e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.
 - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
 - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the corporate office after you call 911.
- If possible, assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district’s Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
 - The Operations Section should prepare an emergency evacuation area for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Vans should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
 - This team will also provide ongoing support throughout the recovery phase of the emergency response.
 - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
 - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Administrator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property. In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers/offices to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances. If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Altus Schools Audeo and Altus Schools Charter School of San Diego have established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Altus Schools Audeo and Altus Schools Charter School of San Diego's primary goal in the fight against opioids and fentanyl use is prevention.

Altus Schools Audeo and Altus Schools Charter School of San Diego will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
 - How opioids and fentanyl affect the body's systems.
 - Refusal strategies
 - The signs and symptoms of use/abuse
 - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection. Altus Schools Audeo and Altus Schools Charter San Diego **use intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and

naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl- involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose. Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on

the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.

- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: Additional Support

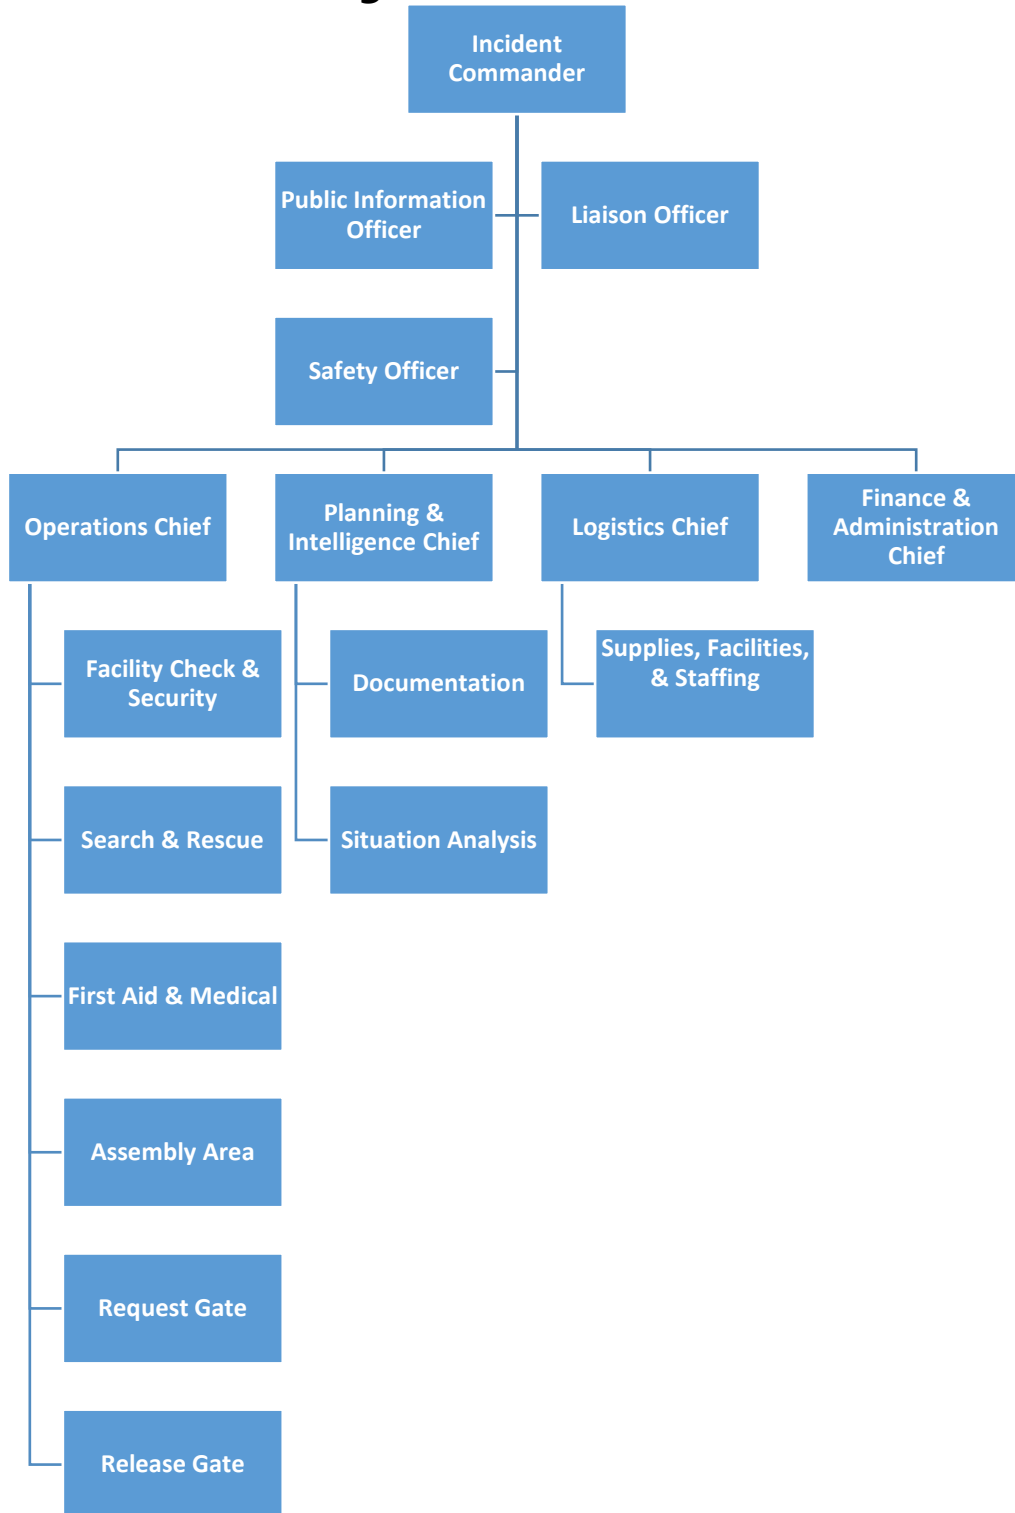

- **Have the individual transported to the nearest medical facility, even if symptoms seem to get better.**
- **Debrief with students and staff present and assess further needs for support.**
- **Complete an Accident Report Form.**
Follow up with assigned school nurse for additional support.

ALTUS SCHOOLS AUDEO

Assumptions for the May Revised Operational Budget FY 2023-24

Altus Schools Audeo (ASA) is an independent study program. ASA takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASA are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASA is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASA is 63.32%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASA's May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Grades K-3 Adjusted Base Grant	\$10,951
Grades 4-6 Adjusted Base Grant	\$10,069
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
ASA's Unduplicated Pupil Percentage (Rolling Average)	63.32%
District's Unduplicated Pupil Percentage (SDUSD)	59.47%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)
P-2 Enrollment	566	452	389
CBEDS Enrollment	402	309	327
Students Served	926	767	794
ADA:			
Grade K-6	109.76	86.61	156.50
Grade 7-8	57.05	44.17	31.23
Grade 9-12	368.88	285.05	224.97
Total ADA	535.73	415.83	412.70

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$7,279,227
Federal Revenues	399,191
State Revenues Other than LCFF	1,296,619
Local Revenues	101,479
Total Projected Revenues	\$9,076,516

- **In Lieu of Property Taxes** of \$9,068,59 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for San Diego Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012, and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: School Improvement (CSI) Funding for LEAs:

ASA was granted 2022-23 ESSA CSI funds in the amount of \$178,351. The project period of this grant began on March 13, 2023 and ends on September 30, 2024. ASA spent \$138,961 in FY 2022-23 and the remaining balance is included in its FY 2023-24 budget.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. ASA's ESSER III revised allocation is \$757,845 and of that amount \$620,251 was spent from FY 2020-21 to FY 2022-23. The remaining amount of \$137,594 will be spent by September 30, 2024.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities. ASA's allocation amount is \$3,930 and of that amount, \$883 was spent in FY 2022-23 and the remaining \$3,047 is included in this budget.

Project Safe from Exploitation (SaFE) – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000 and ASA is a subrecipient for \$801. As a subrecipient, ASA will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per the higher of each charter's 2021-22, 2022-23, or 2023-24 P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASA chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.76 for Grades K-8 and \$54.91 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Award ending date for the 2022-23 CTEIG Cycle is December 31, 2024. ASA has included \$294,913 in its budget for this fiscal year.
- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. ASA's allocation total is \$84,698 and of that amount the first 80% apportionment of \$67,758 was recorded in FY 2021-22. The remaining 20% amounting to \$16,940 is included in FY 2023-24 budget.
- **Universal Prekindergarten Planning and Implementation Grant (UPK)** was established in FY 2021-22 as an early learning initiative with the goal of expanding access to prekindergarten programs at local education agencies. This grant program provides \$200 million for the California Department of Education to allocate directly to LEAs based on a statutory formula to support planning an implementation cost associated with expanding prekindergarten options, such as universally available transitional kindergarten, California State Preschool Program, and Head Start for eligible students, and other local and community-based partnerships. ASA was granted the UPK Grant in the amount of \$52,201 in FY 2021-22. ASA spent \$4,157 in FY 22-23 while the remaining allocation of \$48,044 is included in FY 2023-24 budget.

- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students and families and coordinated referral pathways for students needing mental/behavioral health services.

ASA, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. ASA has included \$4,426 in its FY 23-24 budget, which is under local revenue.
- **Arts, Music, and Instructional Materials Discretionary Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$642.42 per ADA. Total allocation for ASA is \$137,445. ASA has included \$50,000 in its FY 2023-24 budget. Deadline for obligation of this fund is FY 2025-26
- **Prop 28 - Arts Music in Schools Funding** On November 8, 2022, California voters approved Proposition 28: The Arts and Music in Schools (AMS) Funding Guarantees and Accountability Act. This measure requires the state to establish a new, ongoing program supporting arts instruction in schools beginning 2023-24. Altus Schools Audeo was allocated \$49,360 in FY 2023-24. The school plans to spend the AMS funds to increase access to Arts Education, Enhance Arts Curriculum and Instruction and Foster Student Engagement and Participation. These funds can be expended until the 2025-26 fiscal year.
- **Career and College Access Pathways (CCAP) Grant Program College and Career Access Pathways Grant (CCAP)** provides ASA with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASA was granted \$25,000 per year for the next four years. Over the course of the grant, ASA's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASA's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

ALTUS SCHOOLS AUDEO

Assumptions for the Preliminary Operational Budget FY 2024-25

Altus Schools Audeo's (ASA) is an independent study program. ASA takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASA are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASA is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Altus Schools Audeo is 65.05%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the

school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASA's Preliminary Operational Budget.

Table 1:

Description	FY 2024-25
Grades K-3 Adjusted Base Grant	\$11,068
Grades 4-6 Adjusted Base Grant	\$10,177

Revenues were calculated based on the following enrollment and ADA projections:

Table 3:

Description	FY 2024-25
LCFF Sources	\$7,448,495
Federal Revenues	223,340
State Revenues Other than LCFF	1,426,742
Local Revenues	104,387
Total Projected Revenues	\$9,202,964

- **In Lieu of Property Taxes** of \$9,068.59 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for San Diego Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012, and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per 2024-25 P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.
- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASA chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20.06 for Grades K-8 and \$55.76 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Award ending date for the 2022-23 CTEIG Cycle is December 31, 2024. ASA included \$301,322 in its budget for this fiscal year.
- **A-G Completion Improvement Grant Program** provides additional support to LEAs to help increase the number of California high school pupils, particularly unduplicated pupils, who graduate from high school with A-G eligibility requirements completed for admission to the California State University and the University of California. ASA has developed and adopted a Plan that describes the programs and services that will increase or improve the A-G eligibility. Deadline for obligation of this fund is FY 2025-26.

ASA's total allocation is \$155,672 and of this amount the first 75% apportionment of \$116,754 was recorded in FY 2021-2024. The remaining amounting to \$38,918 is included in FY 2024-25 budget.

- **Universal PreK Planning and Implementation Grant (UPK)** was established in FY 2021-22 as an early learning initiative with the goal of expanding access to prekindergarten programs at local education agencies. This grant program provides \$200 million for the California Department of Education to allocate directly to LEAs based on a statutory formula to support planning an implementation cost associated with expanding prekindergarten options, such as universally-available transitional kindergarten, California State Preschool Program, and Head Start for eligible students, and other local and community-based partnerships. ASA applied for and was granted the UPK Grant in the amount of \$52,201 in FY 2021-22. ASA spent \$4,157 in its FY 22-24 budget while the remaining allocation of \$43,685 is included in FY 2024-25 budget
- **Arts, Music, and Instructional Materials Discretionary Block Grant** provides funding to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. The governing board shall discuss and approve a plan for the expenditure of funds received at a regularly scheduled public meeting. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$666.08 per ADA. Total allocation for ASA is \$274,890, and of this amount, \$137,445 is included in FY 2024-25 budget. Deadline for obligation of this fund is FY 2025-26.
- **Prop 28 - Arts Music in Schools Funding** On November 8, 2022, California voters approved Proposition 28: The Arts and Music in Schools (AMS) Funding Guarantees and Accountability Act. This measure requires the state to establish a new, ongoing program supporting arts instruction in schools beginning 2023-24. Altus Schools Audeo's estimated allocation is \$64,967 in FY 2024-25. The school plans to spend the AMS funds to increase access to Arts Education, Enhance Arts Curriculum and

Instruction and Foster Student Engagement and Participation. These funds can be expended until the 2026-27 fiscal year.

- **Career and College Access Pathways (CCAP) Grant Program College and Career Access Pathways Grant (CCAP)** provides ASA with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASA included \$25,000 of CCAP funds in its budget to be spent in FY 2024-25. Over the course of the grant, ASA's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges.

With the dual enrollment program, ASA's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students and families and coordinated referral pathways for students needing mental/behavioral health services.

ASA, Audeo II, and Audeo III will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed \$12,000 per calendar year for 4 years beginning 2022 through 2025. ASA included \$4,000 in its budget for this FY, which is under local revenue.

ALTUS SCHOOLS CHARTER SCHOOL OF SAN DIEGO

Assumptions for the May Revised Operational Budget FY 2023-24

Altus Schools Charter School of San Diego (ASCSSD) is an independent study program. ASCSSD takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASCSSD, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (ADA) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASCSSD is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASCSSD is 73.50%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local district's UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the

school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard - 2024-25 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFE Calculator, the rates below were used to build ASCSSD's May Revised Operational Budget.

Table 1:

Description	FY 2023-24
Grades 4-6 Adjusted Base Grant	\$10,069
Grades 7-8 Adjusted Base Grant	\$10,367
Grades 9-12 Adjusted Base Grant	\$12,327
Statutory Cost of Living Allowance (COLA)*	8.22%
ASCSSD's Unduplicated Pupil Percentage (Rolling Average)	73.50%
District's Unduplicated Pupil Percentage (SDUSD)	59.47%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2023-24 (Actual P-2)	FY 2022-23 (Actual P-2)	FY 2021-22 (Actual P-2)

REVENUE PROJECTIONS

Table 3:

Description	FY 2023-24
LCFF Sources	\$22,715,285
Federal Revenues	1,811,793
State Revenues Other than LCFF	3,071,140
Local Revenues	565,000
Total Projected Revenues	\$28,163,218

- **In Lieu of Property Taxes** of \$9,068.59 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for San Diego Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012, and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.

ESSA: Comprehensive Support and Improvement (CSI) Funding for LEAs:

The CSI program, of the Elementary and Secondary Education Act of 1965, as amended by Every Student Succeeds Act (ESSA) (Public Law 114-95), apportions funds to LEAs to improve student outcomes in schools that meet the criteria for CSI.

ASCSSD's allocation amount for FY 2022-23 is \$178,351, which is included in this year's budget. The project period for this grant will end on September 30, 2024.

Elementary and Secondary School Emergency Relief Round III (ESSER III) Fund:

In response to the 2019 Novel Coronavirus (COVID-19), the U.S. Congress passed American Rescue Plan (ARP) Act, which was signed into law on March 11, 2021. This federal stimulus funding is the third act of federal relief in response to COVID-19, following the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law on March 27, 2020, and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) signed into law on December 27, 2020. The ESSER III Fund accounts for nearly \$122 billion of funding for all states and California's allocation is \$15,068,884,546. This funding will provide LEAs with emergency relief funds to address the impact of COVID-19. ASCSSD has developed and adopted a Plan for how it will use its ESSER III funds to address students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. Deadline for obligation of this fund is September 30, 2024.

ASCSSD's ESSER III revised allocation amount is \$2,718,505 and of that amount, \$653,164 was spent in FY 21-22 and \$1,358,144 in FY 22-23. ASCSSD has included \$707,197 in this year's budget.

American Rescue Plan, ESSER – Homeless Children and Youth II Fund (ARP-HCY II) is apportioned to LEAs to support any purposes consistent with McKinney-Vento, help LEAs identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth can attend school and participate fully in school activities. ASCSSD's allocation amount is \$14,025 and of that amount, \$2,877 was spent in FY 22-23 and the remaining \$11,148 is included in this budget.

Project Safe from Exploitation (SaFE) – The San Diego County Office of Education received a Federal award - Demonstration Grants for Domestic Victims of Severe Forms of Human Trafficking for a total amount of \$575,000 and ASCSSD is a subrecipient for \$627. As a subrecipient, ASCSSD will receive funding based on the following activities:

1. Each classified and certificated staff will receive human trafficking prevention education via the PROTECT 101-103 online and HTSSP modules. Each staff member will receive a stipend of \$100 once the training is completed.
 2. All certificated staff (teachers and pupil-services) will participate in the PROTECT Curriculum Review training, that will result in their capacity to deliver the PROTECT Student training curriculum. Each certificated staff member will receive a stipend of \$150 once the training is completed
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$887.40 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$160.76 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASCSSD chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$19.76 for Grades K-8 and \$54.91 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. ASCSSD has included \$171,880 in its budget for this FY.
- **Dispute Prevention & Learning Recovery Funds** are two, one-time, funding streams provided to our Special Education Local Plan Area (SELPA) for distribution to its members. Dispute prevention funds are to fund dispute prevention and voluntary alternative dispute resolution activities aimed at preventing and resolving special education disputes resulting from school disruptions stemming from the pandemic. Learning recovery funds will fund learning recovery support to pupils associated with impacts to learning due to school disruptions stemming from the pandemic. Remaining Dispute Prevention funds of \$24,972 and Learning Recovery funds of \$10,693 are included in this budget.
- **Educator Effectiveness Block Grant** is made from the state General Fund pursuant to Section 22 of Assembly Bill (AB) 130 (Chapter 44, Statutes of 2021) as amended by Section 9 of AB 167 (Chapter 252, Statutes of 2021). One-time funding is provided to local educational agencies (LEAs) and state special schools in support of the Educator Effectiveness Block Grant funding (EEF) to provide professional learning for teachers, administrators, paraprofessionals who work with pupils, and classified staff that interact with pupils. ASCSSD's allocation total is \$284,509 and of that amount the first 80% apportionment of \$227,607 was recorded in FY 2021-22. ASCSSD has included \$38,945 in its budget for this FY.
- **Arts, Music, and Instructional Materials Discretionary Block Grant** – Funding is provided to county offices of education, school districts, charter schools and state special schools to obtain standards-aligned professional development and instructional materials in specified areas, obtain professional development on improving school culture, develop diverse and culturally relevant book collections, operational costs and COVID personal protective equipment. Funds are allocated based on FY 2021-22 P-2 ADA at an approximate rate of \$642.42 per ADA. Total allocation for ASCSSD is \$1,044,542. ASCSSD has included \$423,556 in its FY 2023-24 budget. Deadline for obligation of this fund is FY 2025-

- **Career and College Access Pathways (CCAP) Grant Program** College and Career Access Pathways Grant (CCAP) provides ASCSSD with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASCSSD was granted \$25,000 per year for the next four years. Over the course of the grant, ASCSSD’s staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASCSSD’s goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. ASCSSD was funded \$236,748. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation

ALTUS SCHOOLS CHARTER SCHOOL OF SAN DIEGO

Assumptions for the Preliminary Operational Budget FY 2024-25

Altus Schools Charter School of San Diego (ASCSSD) is an independent study program. ASCSSD takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASCSSD, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASCSSD is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

- * **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASCSSD is 74.83%.
- * **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local district's UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the

charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

Federal Revenues	812,657
State Revenues Other than LCFF	2,503,883
Local Revenues	1,067,277
Total Projected Revenues	\$27,690,020

- **In Lieu of Property Taxes** of \$9,068.59 per current year (CY) P-2 ADA is based on FY 2023-24 P-1 rate for San Diego Unified School District.
- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012, and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.
- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: \$72 for Prop 20 (Lottery: Instructional Materials) and \$177 for Non-Prop 20 (Lottery: Unrestricted).
- **Federal Funds**

Titles I, II, III, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2023-24.
- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at \$896.90 per CY P-2 ADA while **Federal IDEA** revenues are projected at \$140 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASCSSD chose to receive the block grant, which is based on PY P-2 ADA with funding rates of \$20.06 for Grades K-8 and \$55.76 for Grades 9-12.
- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. ASCSSD has included \$171,880 in its budget for this FY.
- **Career and College Access Pathways (CCAP) Grant Program College and Career Access Pathways Grant (CCAP)** provides ASCSSD with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASCSSD was granted \$25,000 per year for the next four years. Over the course of the grant, ASCSSD's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASCSSD's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.
- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. ASCSSD was funded \$236,748. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation
